

CERTIFICATION FOR IN-STATE TUITION DUE TO MILITARY SERVICE

Under North Carolina General Statutes Section NC GS 116-143.3, certain members of the armed services and their dependent family members may be eligible to be charged the in-state tuition rate whether or not they qualify as residents for tuition purposes under NC GS 116-143.1. This certification for in-state tuition is only valid up until the student's EAS date. After expiration of military benefit date, a student must complete and resubmit a new form if the student is still active duty military. If no longer active duty military, if there has been a one-year gap in enrollment, or if the student enters another program, the student must resubmit an RDS (residency determination) claim.

This form must have all fields completed in order to be used as evidence for in-state tuition. This form must be given to Admissions in the McGee Building or emailed to admissions @carteret.edu
