## COLLEGE POLICY AND PROCEDURE PROCESS

This resource is designed to assist the college community in the development, review, and communication processes for both existing and newly proposed policies and procedures. The template and flowchart provided establish a standard process for most college policies and procedures. Carteret Community College's Board of Trustees, which serves as our governing body, has ultimate decision-making authority over policies.

**Policies and procedures resulting from state or federal mandates do not follow this process and may be placed directly into the online manual by the Policy and Procedures coordinator ("P&P coordinator). The college will be notified of mandates for informational purposes only. There is no review requirement for state or federally mandated policies and procedures.**

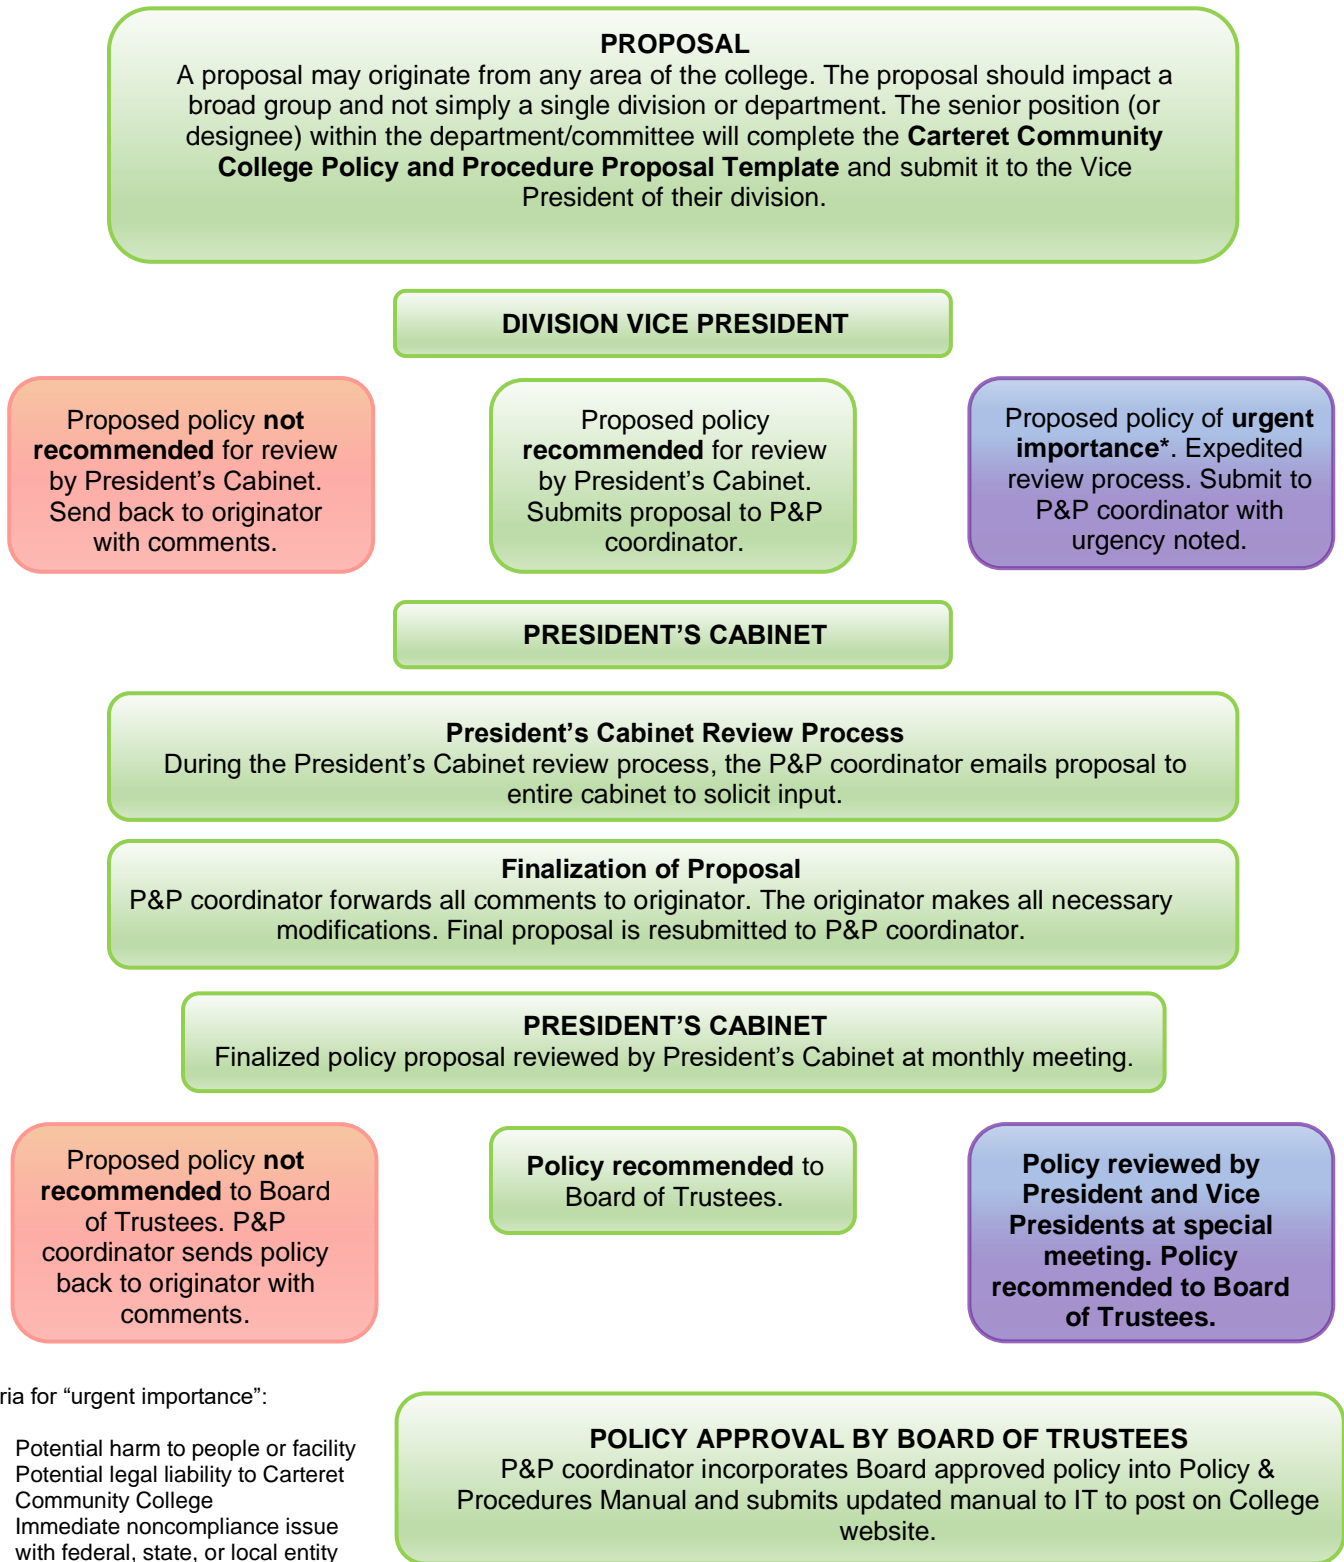

Before you begin, give careful consideration to the issue being addressed and review the following definitions to help you select the appropriate process to follow:

- The term **"policy"** is used to represent a statement which addresses a required course or principle of action to be followed by the college's employees, students, and/or visitors. Policies require approval by the Carteret Community College Board of Trustees and are adopted at a public meeting.
- The term **"procedure"** is used to represent a detailed description of actions completed in a prescribed way or order. Procedures are developed, reviewed, approved, and officially adopted by Carteret Community College's President's Cabinet.
- Unit/department operations, steps, or guidelines do not rise to the level of policy or procedure as defined here if they do not impact other college offices; do not need to be reviewed by multiple areas of the college; are not related to federal or state regulations, laws, or other external accreditation requirements; or do not intersect or conflict with existing policies or procedures. These actions may be developed by specific individuals or offices and, as such, are not governed by the process detailed here.

*Note: All policies are effective the day they are approved by the Board of Trustees or on a designated date. All procedures are effective the day they are approved by the President's Cabinet or Board of Trustees (if applicable) unless an effective date is provided as part of the revision/development.*

Proposals should be submitted via [email](#) using the policy and procedure template to Laura Sullivan at [sullivanl@carteret.edu](mailto:sullivanl@carteret.edu).

9. **“Disability Discrimination”** – The Americans with Disabilities Act of 1990 (ADA) and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA) prohibits discriminatory treatment of a qualified individual who has a physical or mental impairment that substantially limits one or more major life activities, has a history (or record) of such an impairment, or is regarded as having such an impairment that is not transitory (lasting or expected to last six months or less) or minor. In addition, the law protects covered individuals from discrimination based on their known relationship (or association) with an individual with a disability (even if they themselves do not have a disability).
10. **“Bona Fide Occupational Qualification” (BFOQ)** – A BFOQ is any requirement which is job-related and necessary for the performance of the job. Age, sex or physical requirements may be considered if they constitute a BFOQ necessary for job performance in the normal operations of the agency. Such standards are reasonably necessary for the specific work to be performed and are uniformly and equally applied to all applicants for the particular job category. Whether such a requirement is a BFOQ will depend on the facts in each case. This exemption will be construed very narrowly. To establish age, sex or physical requirements as a BFOQ, it will be

necessary to submit a recommendation to the Human Resources Director, setting forth all facts and justification as to why the requirement should be considered as a reasonable employment factor in each of the classifications in question. An approved BFOQ must be included on the job description document for the position to which it applies.

**Procedures:**

An individual covered by this policy who is alleging unlawful discrimination may file a complaint following the process outlined in the employee Conflict Resolution (Grievance) Policy.

**Training:**

The College will require annual compliance training to raise awareness of equal opportunity and avoiding discriminatory practices in the workplace.

**Signature/ Date Approved:** Board of Trustees 3/13/2018  
**EFFECTIVE IMMEDIATELY**

In accordance with N.C. Gen. Stat. § 128-15, it shall be the policy of the College that, in appreciation for their service during a period of war, and in recognition of the time and advantage lost toward the pursuit of a civilian career, veterans shall be granted preference in employment at the College.

The College shall develop procedures to award preference to all eligible veterans who are citizens of the State and who served the State or the United States honorably in the military forces of this State or of the United States during a period of war. This preference applies to initial employment with the College and extends to other employment events including subsequent hirings, promotions, reassignments, and horizontal transfers.

**Definition of Terms:**

2. "Veteran" means a person who served in the Armed Forces of the United States on active duty, for reasons other than training, and has been discharged under other than dishonorable conditions.
3. "Eligible veteran" means:
  - a. A veteran who served during a period of war.

**Procedure**

In evaluation of applicants for positions of employment with the College a preference shall be awarded to all eligible veterans who are citizens of the State of North Carolina and who served the state or the United States honorably in any of the armed services during a period of war. To claim veterans' preference, all eligible persons shall submit to the College a DD Form 214, Certificate of Release or Discharge from Active Duty, along with the completed College application in which the applicant checked or indicated "veterans' preference" as a qualifier for the position.

In addition to civilian education and experience, veterans shall be given credit on a year for year and month for month, basis for all military service training and experience which bears a reasonable functional relationship to the knowledge, skills, and abilities required in the applied for position.

The eligible veteran shall be hired when overall qualifications are substantially equal to those of the non-veterans or non-eligible veterans in the most qualified applicant pool. Substantially equal qualifications occur when the College cannot make a reasonable determination that the qualifications held by one or more applicants are significantly better suited for the position than the qualifications held by another applicant.

Nothing in this policy shall prevent the College from selecting the best qualified applicant or candidate for any position whether by initial hiring, promotion, reassignment or lateral transfer. In order to claim veterans' preference, eligible veterans must meet the minimum training and experience requirements for the position and must be capable of performing the duties assigned to the position.

<b>Signature/ Date Approved:</b> Board of Trustees 12/4/2018	
<b>EFFECTIVE AUGUST 1, 2018</b>	

The Board is committed to providing a safe and welcoming environment for students, employees and all visitors to the College. Therefore, the College shall conduct background checks on all prospective new employees and current employees as set forth in this policy.

A background check shall be required of all potential College new hires once a bona fide job offer has been made and prior to their first day of work. Current employees may be subject to background checks and ongoing monitoring as required to meet business needs of the College. This may require annual re-checks.

The Human Resources Office, under direction of the Human Resources Director will be responsible for working with a third-party provider to conduct background checks. They shall secure and store the information obtained separate from the main personnel file and shall share only information pertinent for decision-making that ensures protection of College students, employees and other visitors as well as College assets. Background information will be kept on file for five years.

Previous convictions shall not automatically disqualify an individual from consideration of employment or continued employment with the College. The President, the Human Resources Director and other appropriate College staff will evaluate the following factors in determining whether to hire an applicant with a criminal history, and when necessary, in determining the continued employment of an employee with a criminal record: the nature of the crime and its relationship to the position; the time since the conviction; the number of convictions; whether hiring the applicant would pose a risk to the college, students, employees or other campus visitors; the actions and activities of the individual since the conviction; explanations or other information provided by the individual; and whether the individual has demonstrated that they have the integrity or honesty to fulfill the duties of the position.

The discovery of either a job-related conviction(s) or falsified conviction(s) information may result in denial of employment, or continued employment. If an applicant or an employee fails to reveal previous convictions deemed job-related they may be disqualified from employment at Carteret Community College for falsification of an application, regardless of when discovered. The applicant or employee will be given an opportunity to review the results of the background check and can choose to dispute the accuracy or completeness of any information contained in the report by contacting the third-party provider that conducted the background check. The College will consider information derived from such promptly initiated dispute.

The President shall have final authority in determining the employability of the applicant or when necessary the continued employment of an employee. The criteria will be changed from time to time as needed to maintain equity.
2. **Formal academic experience or degrees beyond the high school level.** The educational degree must be awarded from a fully accredited institution, and be in a field related to the position being filled.

**Salary Charts:** Salary charts are periodically evaluated by the Director of Human Resources, who makes recommendations for approval by the President, to make sure the charts meet the internal and external equity standards.

#### ADMINISTRATION OF THE POSITION CLASSIFICATION PLAN

The Director of Human Resources with the approval of the President, shall be responsible for the administration and maintenance of the position classification plan so that it will accurately reflect the duties performed by employees in the classes to which their positions are allocated. Each position job description will be reviewed on an annual basis during the performance evaluation process by supervisors and the employee. Division heads shall be responsible for bringing to the attention of their respective Vice Presidents and they to the Director of Human Resources (1) the need for new positions, and (2) material changes in the nature of duties, responsibilities, or working conditions affecting the classification of a position. All requests for new positions and reclassifications will be evaluated by the Director of Human Resources who will evaluate the job description and make recommendations for the classification of the position to the President. Revision to a class specification, reallocation of a position to another class within the classification plan, or amendment of the position classification plan to establish a new class does not constitute the creation of a position vacancy within the meaning of the College's Equal Opportunity/Diversity Plan.

#### MAINTENANCE OF THE PAY PLAN

The President shall be responsible for the administration and maintenance of the pay plan. The pay plan is intended to provide equitable compensation for all positions when considered in relation to each other, to general rates of pay for similar employment in the private and public sector in the area, to changes in the cost of living, to financial conditions of the Carteret Community College service area, and other factors. The salary charts will be updated as needed.

#### ADMINISTRATION OF THE PAY PLAN

The pay plan shall be administered in a fair and systematic manner in accordance with the policies and procedures of the College. The pay structure shall be externally competitive, shall maintain proper internal relationships among all positions based on relative duties and responsibilities. When the state and local government mandates across-the-board raises or a specific percent or dollar amount, these raises will be applied uniformly to the salaries of current employees. Each year the Director of Human Resources shall evaluate the salaries of employees against their proper position in the salary charts and make recommendations to the President and Vice Presidents for adjustments for increased experience up to the maximum experience level of the salary charts. When funds beyond the mandated raises are available, they may be used to maintain equity of the salary schedule.

#### HIRING RATE/STARTING SALARY

Employees will be hired at salaries based on the experience/grade level/education requirements of the individual salary charts. Recommendations for starting salaries shall be made by Director of Human Resources and reviewed with the appropriate Vice President and presented to the President for approval. The President may make appointments above the initial salary when deemed necessary to the best interests of the College, based on such factors as a shortage of qualified applicants available at the initial salary rate, and labor market conditions that make some positions hard to fill such as computer related and allied health related jobs.

#### **Substitute Faculty and Pay for Curriculum NOTIFICATION OF NEED FOR SUBSTITUTE**

Any instructor needing to be absent from a teaching assignment during the officially scheduled times, or needing to reschedule the time or place of class meetings, must notify the Program Chairperson as soon as he/she becomes aware of the needed change (Program Chairpersons not meeting their own classes must notify their Division Deans). When appropriate, and if schedules allow, permanent faculty may be asked to cover for absent faculty. However, when it is necessary to pay a substitute, the Program Chairpersons or Division Deans must choose a substitute instructor who has credentials appropriate to the course and write a contract for the hours that person teaches. This contract follows the regular adjunct contract process.

#### **SALARY RATE FOR SUBSTITUTES**

The rate of pay is determined by the part-time pay scale. (The one exception is that a less qualified individual may be hired to proctor an exam for one class period at a rate of \$10 per hour.)

#### **COMPENSATING FOR PAYING A SUBSTITUTE**

If the faculty member being covered by the substitute is an adjunct, then his/her pay must be docked for the missed time via a "contract change notice" processed through the Human Resources Office.

If the faculty member being covered by the substitute is a permanent employee and is using leave (see Leave Policies and Procedures), or is away on College business, then the divisional budget pays for the substitute.

If the faculty member being covered by the substitute is a permanent employee and wants to be away for personal business that is not covered by our leave policies, then the pay for the sub should be deducted from the faculty member's salary. Notification must be sent to the Director of Human Resources to process such a deduction.

In no circumstances should the employee pay a substitute directly.

**ADDITIONAL NOTIFICATIONS**

In addition to processing the contract for pay and the change form for the original adjunct's contract, the Program Chairperson should advise the Office of the Vice President for Instruction and Student Support about day substitutes and evening substitutes.

**Education Plan of Work**

In order for full-time employees to be eligible for additional compensation resulting from the attainment of additional degrees, certain requirements must be met.

1. The degree sought must exceed the degree required for the position currently held or meet the educational requirements for future desired position at the College. The College may approve a second degree at the same level if it is determined to be a need of the College.
2. The degree must be related to the employee's current or possible future work with the College.
3. The institution attended in pursuit of the degree must be accredited by a regional accrediting agency.
4. In order for compensation to be granted upon completion, an educational plan of work must be approved in writing by the person's immediate supervisor and others in the chain of command up to and including the College President. Approved educational plans shall be retained in the employee's Personnel file in the HR Office.
5. Approval of the plan of work in no way implies monetary support from the College in pursuit of the education.
6. For payment to occur, the Human Resources Office must receive an official transcript from the degree granting institution. The transcript must indicate the degree as well as the month and year the degree was conferred.
7. Compensation for the degree obtained shall follow the following incremental pay increase but shall not be awarded retroactively, and **is dependent upon availability of funds**:
  - a. Associate's degree--\$50 per month
  - b. Bachelor's degree--\$75 per month
  - c. Master's degree--\$100 per month
  - d. Doctorate degree--\$150 per month

Payment as outlined above, subject to funds availability will generally take effect the beginning of the next available fiscal year, July 1<sup>st</sup>.

**Rates of Pay**

The salary plan/rates of pay for state- and county-funded permanent full- and part-time employees shall be approved by the Board of Trustees and administered by the President of the college.

Salary increases shall not be granted except on July 1 of the fiscal year unless a position change necessitates such action or unless the state authorizes such action. Basic increments will be provided to all full-time employees annually based on guidelines established by the State Board of Community Colleges and the North Carolina General Assembly.

Employees paid from institutional funds as well as part-time personnel salary rates, are determined locally by the President of the College and will not necessarily match or follow those provided for full-time personnel.

As set forth by the State Board of Community Colleges, the portion of the President's salary from State funds must be approved by the President of the North Carolina Community College System in accordance with the State salary schedule. The Board of Trustees has the responsibility of setting and adjusting the county portion of the President's salary.

### 2.2.2. Longevity Pay Policy

<b>Longevity Pay Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> 1C SBCCC 400.98
<b>Signature/ Date Approved:</b> Board of Trustees 9/14/2022	
<b>EFFECTIVE SEPTEMBER 14, 2022</b>	
<p>Longevity pay is used to recognize the service of long-term employees of Carteret Community College with ten or more years of service. All employees of the College designated as full- and part-time permanent shall be eligible for Longevity payments upon completion of ten (10) years of service as defined by the College's Total Creditable State Service Policy. Thereafter, longevity is paid annually per State Board Code of Community Colleges of North Carolina.</p> <p>The President or designee shall develop procedures to ensure eligibility requirements and payments comply with State Board Code requirements.</p>	

#### Procedures:

##### **ELIGIBILITY REQUIREMENTS**

All employees of the College designated as full- and part-time permanent shall be eligible for Longevity payments upon completion of ten (10) years of service as defined by the College's Total Creditable State Service Policy. Periods of leave without pay in excess of one-half the workdays in a month, except for worker's compensation leave and qualifying military service, will extend the employee's longevity eligibility or payment due date on a month for month basis.

##### **AMOUNT OF LONGEVITY PAY**

Annual longevity pay amounts are based on the length of total eligible service and a percentage of the employee's annual rate of pay as described in this policy and prescribed by SBCCC. Payments are determined by multiplying the employee's base rate of pay by the appropriate percentage from the following table:

##### **Years of Total Service and Longevity Pay Rate:**

10 but less than 15 years	1.50%
15 but less than 20 years	2.25%
20 but less than 25 years	3.25%
25 or more years	4.50%

Salary increases effective on the longevity date will be processed prior to calculating the longevity payment.

Employees with greater than fourteen years of service who are eligible for longevity payment at the time of separation and who have served a fraction of the final year toward the next higher percentage rate, shall be paid longevity based on the next new higher rate. This provision does not apply to make employees eligible for their first longevity payment.

##### **Timing and Method of Payment**

- Payroll shall automatically process longevity payments for each eligible employee in the month eligible.
- Payment will be made in a lump sum at the end of the month following the date of eligibility. This includes employees on worker's compensation leave of absence.

- Longevity payments are only payable after the date the employee has completed ten years of total eligible service as defined by policy and SBCCC.
- After ten years of service, if an employee has worked part, but not all of one year since qualifying for longevity payment, the employee shall receive a pro-rated payment to reflect the months worked since the last longevity payment in the event of separation from the institution, change in employment status to a position not eligible under this policy, or in the event of the employee's death.
- If the College employs an individual into a longevity eligible position who was paid a pro-rated amount of longevity by another community college, school administrative unit or state agency, the balance of the longevity payment shall be made upon completion of the 12-month period. The balance due is computed on the annual base salary paid at the time of completion.
- If an employee is placed on short-term disability, longevity will be prorated in the monthly payment.

Longevity pay is not a part of annual base pay, though it is reported as total annual earnings for the purposes of the State Retirement System and W-2 earnings.

The following payroll deductions are applied to longevity pay:

- Federal Income Withholding Tax
- State Income Withholding Tax
- Social Security Tax
- Employee's Retirement Contribution

Longevity is paid from the same funds as an employee's base salary, in the same percentages if applicable.

Longevity shall be paid in accordance with the procedures established by the State Board Code of Community Colleges (SBCCC) of North Carolina.

Rev. 2/3/23

**2.2.3. Debt of Employees to Other State Agencies**

<b>Debt of Employees to Other State Agencies Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> N.C. Gen. Stat. § 143-553
<b>Signature/ Date Approved:</b> Board of Trustees 9/14/2022	
<b>EFFECTIVE SEPTEMBER 14, 2022</b>	
<p>As provided in N.C. Gen. Stat. §143-553, any individuals employed by a board of trustees of a community college who “owe money to the State and whose salaries are paid in whole or in part by State funds must make full restitution of the amount owed as a condition of continuing employment,” except for money owed to the University of North Carolina Health Care System or to East Carolina University’s Division of Health Sciences for health care services, as permitted by law.</p> <p>The President or designee shall develop procedures to ensure compliance with these provisions balanced against due process for affected employees.</p>	

**Procedure**

1. The agency owed the money will write to the Human Resources Director indicating the individual who has a past due account. The information will also include the amount of money owed and for what general reason.
2. A written notice will be sent to the employee stating that full restitution of the amount owed is a condition of continued employment.
3. The employee must obtain and provide written evidence within a reasonable time from the Agency owed that a satisfactory arrangement for payment has been agreed upon, which may also include an arrangement to garnish the employee’s wages. A “reasonable time” shall be determined based on the specific situation and timing of notification of debt.
4. Steps to terminate employment shall be taken if the employee does not provide evidence of payment or provision for payment, or evidence that the employee is pursuing administrative or judicial remedies pursuant to a dispute of the debt or amount owed.

## 2.3. LEAVE AND BENEFITS

### 2.3.1. Employee Leave Policy

Employee Leave Policy	
Responsible Division: Human Resources	Citation: N/A
Signature/ Date Approved: Board of Trustees 10/1/2022	
EFFECTIVE OCTOBER 1, 2022	
<p>The Board believes it is important to make time off from work available to all employees of the College. Regular time away from work is vital for a productive and healthy workforce.</p> <p>Time away from work can be accomplished through both scheduling of normal hours of operation as well as the availability of designated paid leave or approved periods of leave without pay.</p> <p>The College President is responsible to establish normal hours of operations as well as for identifying types of paid leave best suited to meeting College objectives for service delivery. The President shall ensure that paid leave types, amounts and procedures comply with regulatory requirements that may be imposed by Federal, State or local laws and regulations, such as the Fair Labor Standards Act, the Family Medical Leave Act, North Carolina Community College State Board Code, the Teacher's and State Employees' Retirement System, North Carolina Worker's Compensation Act, Governor's Executive Order or other laws or rules that may be in keeping with consistency with the State Office of Human Resources. In addition to regulatory compliance, the College President will ensure that scheduling and paid leave types, amounts and procedures are both competitive and equitable in comparison to the local labor market, as well as other State and local governmental employers.</p> <p>The President, in conjunction with other appropriate administrative professionals shall ensure that procedures are in place for each designated paid leave type.</p>	

#### **Procedure**

##### **Compensatory Leave**

All non-exempt employees of the College will receive compensatory leave in lieu of overtime pay for all hours actually worked over 40 in a workweek. Compensatory leave will be earned at a rate of one and a half (1.5) times the number of hours or partial hours worked over 40 in the workweek.

The College President may identify specific situations when the payment of overtime in lieu of compensatory time better addresses College needs.

Earned compensatory leave must be used within 90 days of accrual or be paid out. Therefore, compensatory time must be used before any other form of accrued paid leave, except when using sick leave in compliance with the Sick Leave Policy.

Employees may accrue up to 40 hours of compensatory leave, at which point any qualified work must be paid as overtime.

Unused accrued compensatory leave must be paid out upon separation of employment, regardless of reason. The rate of the payout will be at the higher of the current rate of pay or the rate in force at the time of the accrual.

Exempt employees are not eligible for the accumulation of compensatory time or overtime pay. Nothing in this policy would prohibit a supervisor from granting permission for an exempt employee to flex the work schedule occasionally to accommodate College and personal scheduling needs, provided such consideration does not reduce service delivery or otherwise impeded business function.

Actual hours worked are only those hours within a defined seven-day workweek in which an employee is physically present for work. It does not include hours paid as non-work time to include but not be limited to compensatory time, educational leave, emergency closure, jury duty, vacation, sick or paid holiday.

The College's defined seven-day workweek is mid-night Sunday through 11:59 pm on Saturday.

**Definition of Terms:**

Non-exempt employees are those whose positions are subject to the overtime provision of the Fair Labor Standards Act as defined by the Act. Exempt employees are those who are exempt from overtime provisions of the Fair Labor Standards Act.

**Holiday Leave**

Carteret Community College shall observe holidays, with pay in accordance with applicable State Law and OSHR policy as set forth by the State Board Community College Code.

As such, the following 12 days shall be considered as paid holidays for all permanent full-time and part-time employees:

- New Year's Day
- Martin Luther King, Jr.'s Birthday
- Good Friday
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day and Friday
- Christmas Holiday (4 days)

As established in accordance with the academic calendar, the College will be closed to the public for approximately two weeks at the end of the Fall term. Employees may choose to use applicable accrued leave or leave without pay for the days not compensated as paid holidays. Those employees who do not have available leave are encouraged to apply for advanced vacation leave according to established procedures set forth in the College's Vacation Leave Policy.

Generally, the paid holiday will be observed on the actual calendar date. If a holiday falls on Saturday, the previous Friday will be observed; if it falls on Sunday, the following Monday will be observed.

Annually, the Vice President for Instruction and Student Support, in collaboration with the Vice President for Corporate and Community Education and the College Calendar Committee will present to the President a proposed calendar for approval.

Once the President has approved the annual calendar, HR will publish an annual list of approved paid holidays. The list will be distributed via email and be available through SharePoint. The list of available holidays will be available by December 15<sup>th</sup> for the upcoming calendar year.

**Definition of Terms:**

“Applicable accrued leave” is defined as any paid leave an employee has accrued other than sick leave. Sick leave may only be used as defined in the College’s Sick Leave Policy.

**Vacation Leave****Vacation Leave Authorization**

Vacation leave shall be taken only upon authorization of the immediate supervisor. Employee preferences should be considered and schedules confirmed based on individual and College needs; however, if there is a conflict between individual and College needs, the needs of the College prevail.

**Vacation Leave Advance**

An employee may be advanced the amount of leave needed on an individual basis but not to exceed the amount that can be credited during the remainder of the fiscal year. This is done upon approval of the immediate supervisor and the appropriate Vice President’s or President’s signatures on any Monthly Leave Report showing a negative balance.

**Cut-Off Dates**

Employees who work (or who are on paid leave) at least one-half of the scheduled workdays of the month will earn leave for the month. Employees who are on paid leave or who work less than one-half of the scheduled workdays will not earn leave for the month. When exhausting leave, an employee continues to accumulate leave, is eligible to take sick leave, is entitled to holidays, and is eligible for salary increases during that period.

**Accumulation/Conversion of Vacation Leave**

On June 30, an employee’s accumulated vacation leave in excess of 240 hours will be converted automatically to sick leave.

**Leave Charges**

For each leave period requested, leave shall be charged in units of no less than one-half hour and in tenths of an hour increments thereafter. Only scheduled work hours shall be charged in calculating the amount of leave taken.

**Leave Without Pay Options**

If an employee has accumulated vacation leave, all leave must be exhausted before going on leave without pay for vacation purposes.

**Separation Payment of Vacation Leave**

Lump sum payment for vacation leave is made only at the time of separation. An employee shall be paid in a lump sum for accumulated vacation leave not to exceed a maximum of 240 hours when separated from state service. Only employees going into retirement on January 1 will have vacation leave hours in excess of 240 hours rolled into their sick leave account for use in retirement calculations. Employees retiring on disability retirement may exhaust vacation leave rather than be paid in a lump sum

If an employee’s leave account is overdrawn upon separation, no less than one-half hour and in tenths of an hour afterward for any part of an hour overdrawn, will be deducted from the final check.

**Record Keeping**

It is the responsibility of the College to maintain records for each employee. The College shall credit and balance each employee’s leave record monthly. The employee will be notified of leave balances monthly. This notice is on the employee’s monthly paycheck stub and is one month behind the date of the paycheck.

The College must retain vacation leave records for all separated employees for a period of at least four years from the date of separation. Each full-time, or permanent part-time employee must turn in to the Finance Office the form, Carteret Community College Monthly Report of Leave Taken, prior to the receipt of the monthly payroll check. This form must have all the required signatures, and be fully executed before the issuance of the check. Fully executed balances for all types of leave taken for the month must be shown, together with final balances, and the mathematics necessary to acquire such balances.

### **Exhausting Leave**

While exhausting paid leave, the employee:

1. Continues to accumulate leave.
2. Is eligible to take sick leave.
3. Is entitled to holidays.
4. Is eligible for salary increases during that period.

Any accumulated unused vacation or sick leave shall be retained. Eligibility to accumulate leave ceases on the date leave without pay begins.

### **Definition of Terms:**

Eligible Employees are academic deans and non-instructional full-time and part-time permanent employees working at least 30 hours per week for at least nine months of the year.

### **Sick Leave**

Paid sick leave is available to employees of the College consistent with the provisions of the State Retirement System. Development of procedures and administration of the sick leave program within the scope of established policy are the responsibility of the College President. It shall be the responsibility of the College administration to maintain accurate records of employee sick leave accounts.

### **USES OF SICK LEAVE**

Sick leave shall be used for illness or injury which prevents an employee from performing assigned duties, or in the case of contagion, puts other employees at risk. Sick leave may be used only as follows:

1. Medical appointments for an employee or member(s) of the employee's immediate family.
2. Illness or injury of an employee or member(s) of the employee's immediate family.
3. Death of a member of the employee's immediate family.
4. Disabilities resulting from pregnancy shall, for sick leave purposes, be treated the same as any other temporary disability suffered by an employee. Since there is no certainty as to when disability actually begins and ends, a doctor's certificate shall be required verifying the employee's period of actual disability.
5. With the approval of the employee's supervisor, an employee may use up to 24 hours of accrued sick leave per year for urgent matters that cannot reasonably be scheduled outside the employee's assigned work schedule.
6. Voluntary shared leave donations within established State Board Code limits to a Carteret Community College employee, or employee's immediate family member who is an approved voluntary shared leave recipient.
7. Up to 30 days of sick leave may be used for activities directly related to adopting a child within 60 days prior to or immediately following adoption.

### **WHO IS ELIGIBLE AND AMOUNT EARNED**

Full-time employees of the College shall earn sick leave credits at the rate of eight hours per month while employed at the College. Permanent part-time employees shall earn sick leave prorated based on the proportion of their contracted work hours to a 40-hour workweek.

The employee must be working or on paid status for at least one-half of the potential workdays in a month in order to earn sick leave for that month, and in that circumstance, they earn credit as if they had worked

the entire month. Employees hired on or before the 15<sup>th</sup> of the month will earn leave for the month. Employees hired on or after the 16<sup>th</sup> of the month will not earn leave for the month.

#### **Applying for Sick Leave and Notification to Supervisor**

For unplanned short-term sick leave events (for example, you woke up with the flu), the employee is to call his/her direct supervisor every day at the beginning of the employee's normal workday.

For planned sick leave events, (for example, a scheduled doctor's appointment), the employee must receive approval by the immediate supervisor.

For long-term sick leave events, generally more than five days, which can be covered with paid sick leave, it is the employee's responsibility to apply in writing to his/her supervisor indicating the anticipated length of time needed and an approximate date of return. All such requests must be forwarded to the Human Resources Office so that FMLA record keeping can be done. The employee is obligated to return to duty within or at the end of the time determined appropriate. If the employee is unable to return to work, he/she will notify his/her College supervisor immediately. Failure to report at the expiration of a leave of absence, unless an extension has been requested, may be considered a resignation

Employee should also read carefully the sections in this manual regarding Family Medical Leave Act (FMLA), leave without pay, or shared leave, as there are differing requirements and procedures in them, and some may apply concurrently. When absences are to be on a non-pay status, it is particularly important that the employee follow the procedures of these sections.

#### **Verification of Sick Leave**

The employee's supervisor may require a statement from a medical doctor or other acceptable proof that the employee was unable to work due to personal illness, family illness, or death in the family.

#### **Advancement of Sick Leave**

Upon recommendation from the employee's supervisor, the appropriate Vice President or the President of the College may advance sick leave not to exceed the amount an employee can accumulate during the balance of the current fiscal year. Monthly leave forms turned in with negative total sick leave amounts must have the signature of the appropriate Vice President or President as well as those of the supervisor and the employee.

#### **Sick Leave Records**

It is the responsibility of the College to maintain annual records for sick leave for each employee. The College shall credit and balance each employee's leave record monthly. The employee will be notified of leave balances monthly on his or her paycheck stub. Supervisors are responsible to see that properly executed and approved Monthly Leave forms are turned into Payroll on the last workday of each month for each of their employees who are eligible to earn paid sick leave.

The College must retain sick leave records for all separated employees for a period of at least five years from the date of separation.

#### **Acceptance/Reinstatement of Sick Leave**

An employee who has served within the previous five years as an employee subject to the State Personnel Act or with a public school, community college, or technical college and is employed by Carteret Community College shall be credited with any sick leave which he/she had at the termination of employment with those institutions.

#### **Separation and Sick Leave**

Sick leave is not allowable in terminal leave payments when an employee separates from state service. It may be exhausted prior to disability retirement. If an employee separates and is overdrawn on leave, it will be necessary to make deductions from the final salary check. It will be deducted in tenth-of-an-hour units.

**Leave Charges**

The minimum amount of sick leave which may be taken is one-half hour, and in tenth-of-an-hour units thereafter. Only scheduled work hours shall be charged in calculating the amount of leave taken. Saturdays and/or Sundays are charged if they are scheduled workdays. Paid sick leave for absences during scheduled working hours will be charged to the appropriate leave account of the employee.

**Retirement Credit**

Unused sick leave is rolled over into credit for retirement. One month of credit is allowed for each 20 days, and any remaining portion of at least one hour of sick leave to an employee's credit upon retirement. For more information, employees should consult the *N.C. Teachers and State Employees Retirement System Handbook*.

**Definition of Terms:**

For the purpose of the sick leave portion of this policy, immediate family is defined as spouse, parent, child, sibling, grandparent, grandchild (including step, half, and in-law relationships). Also included are others living in the employee's household where the employee is the primary caregiver. Employees exercising this provision may be required to submit proof of residency.

**Personal Leave**

Permanent employees working 30 or more hours per week are eligible for up to 12 hours of paid personal leave time per fiscal year. The amount of leave granted will be determined by the number of hours regularly scheduled per week in conjunction with the number of months worked per year, as set forth in accompanying procedures. Personal leave time will be granted in a lump amount at the beginning of the fiscal year; or prorated at the beginning of employment for an individual hired during the fiscal year. Personal leave in non-accruing from one fiscal year to the next and must be used in the year granted.

It shall be the responsibility of the College administration to maintain accurate records of employee personal leave accounts.

**Faculty**

- All permanent full and part-time faculty scheduled to work at least 30 hours per week under an annual contract for at least nine months per year are eligible for personal leave. This shall also generally include faculty hired mid-year into a position normally contracted as described, unless the hiring agreement states otherwise.
- At the beginning of each fiscal year, or at time of hire, faculty will receive the equivalent of one hour for every month of their teaching contract. Therefore, nine (9) hours for nine-month contracts, ten (10) hours for ten-month contracts and twelve (12) hours for twelve-month contracts; or prorated for mid-year new hires.
- Leave time will be prorated for faculty who are scheduled for less than 40 hours per week.

**Staff**

- All permanent full and part-time staff scheduled to work at least 30 hours per week for at least nine months per year are eligible for personal leave. This shall also generally include staff hired mid-year into a position normally scheduled as described, unless the hiring agreement states otherwise.
- At the beginning of each fiscal year, or at time of hire, staff will receive the equivalent of one hour for every month of the fiscal year; or prorated for mid-year new hires. Staff employed on a permanent and recurring basis for less than twelve months will have their annual personal leave amount pro-rated based on the number of months normally scheduled.

- Leave time will be prorated for staff who are scheduled for less than 40 hours per week.

#### General Provision

- Personal leave may be used for any reason with prior Supervisor approval.
- Supervisors are responsible for establishing with their teams the lead-time required for approval and the method of prior approval required – either written or verbal.
- Approved Personal Leave must be reported to Payroll on the employees' monthly Leave Form by the established deadline for the month in which used. Generally, this is the 5<sup>th</sup> of the month following use, though Payroll reserves the right to request earlier submission based on the following months payroll schedule as defined by the System Office.
- Personal Leave cannot be used on days scheduled for Professional Development, Convocation, or Graduation.
- Personal Leave does not roll over from one year to the next and is not transferrable to other employees.

Leave time will be established on July 1<sup>st</sup> each fiscal year.

#### Definition of Terms:

Permanent employees are those employed for at least nine (9) months per year. New employees hired into a position normally scheduled as indicated above will generally be deemed eligible for personal leave on a prorated basis unless the hiring agreement states otherwise.

#### Bereavement Leave

In recognition of the difficulties associated with the death of immediate family members, Carteret Community College will make paid bereavement leave available for employees. Permanent employees will be allowed up to a maximum of three consecutive, non-accruing workdays with pay. Employees may elect to use sick, annual, personal or accrued comp time leave for bereavement needs exceeding three consecutive workdays. Appropriate documentation shall be provided by the employee for personnel records.

#### Definition of Terms:

Immediate family members are defined as spouse, children/stepchildren, grandchildren, father, mother, foster parent, legal guardian, sister, brother, grandparents, as well as the same in-law relationships.

#### Civil Leave

It is the employee's responsibility to notify their supervisor in a timely manner of the need for such leave and the expected duration of such duty or time. Official written documentation to support such leave shall be collected and submitted to Human Resources for personnel and payroll records.

Employees shall notify their supervisor as soon as practical after receiving notice of either a summons or subpoena necessitating the need for civil leave. Notification must be prior to the leave occurrence. Paid leave will not be granted if advanced notice was not provided, unless there is sufficient documentation of circumstances to indicate that advanced notice was not reasonably possible. Notification must be official documentation (paper or electronic) and should include the estimated time required away from work.

Benefits are as follows:

#### Jury Duty

An employee summoned for jury duty during their regular work hours is entitled to leave with pay at their regular rate of compensation plus fees received for jury duty. The employee will report back to work as soon as possible after jury duty is completed with official notification of attendance from the court. If jury duty occurs on a scheduled day off, the employee is not entitled to additional pay or time off. If the

employee works a night schedule, the employee shall not be required to work the day the jury service occurs. Time paid for jury duty service is not considered work time and does not count for the purposes of calculating hours worked for the week.

### **Court Attendances**

1. When an employee attends court in connection with official duties, or when such attendance is with an agency or organization considered an extension of College work for community or public service purposes, no leave is required. Fees received as a witness while serving in these circumstances shall be turned in to the College. (If court is on a day that would normally be a day off-of work, the time is to be considered as working time and included in total hours worked for the week).
2. When an employee is subpoenaed or directed by proper authority to appear as a witness unrelated to College business, civil leave with pay shall be granted. Any fees received up to the prorated amount of the employee's salary for the time out shall be turned in to the College. The employee may use vacation leave rather than take civil leave with pay, in which case any fees received may be retained. Exceptions may be granted by the Governor. Such service may be verified by the Secretary of the Department of CCPS upon request by the College. Regularly scheduled unit training assemblies, usually occurring on weekends are not acceptable for military leave, however, Supervisors are encouraged to arrange work schedules to allow employees to attend this training.

The College as required by Federal law shall provide the same treatment that would have been afforded had the employee not left to perform uniformed service. (This includes temporary and intermittent employees.)

Reinstatement shall be made if the employee reports to work or applies for reinstatement within the established time limits, unless the service was terminated by the occurrence of either of the following:

- a. A separation with a dishonorable or bad conduct discharge.
- b. A separation under other than honorable conditions, as characterized pursuant to regulations prescribed by the Secretary of the applicable military branch.

Employees who resign to enter military service without knowledge of their eligibility for leave without pay and reinstatement benefits, but who are otherwise eligible, shall be reinstated as if they had applied for this benefit.

## **7. Time Limits**

The employee shall be responsible for returning, or making application for reinstatement, within the time limits defined below.

The time limit for submitting an application for reemployment or reporting back to work depends upon the length of uniformed service. If reporting back or submitting an application for reemployment within the specified periods is impossible or unreasonable through no fault of the employee, the employee must report back or submit the application as soon as possible thereafter. The service duration and periods for returning or applying for reemployment are as follows:

#### **8. Reinstatement Position**

Reinstatement shall be to the position they would have likely achieved had they remained continuously employed (escalator position); or, if the period of uniformed service was in excess of 90 days, their escalator position, or one of like seniority, status and pay. In the case of reemployment, such reemployment is to be promptly effective.

If, during military service, the employee suffers a disability incurred in, or aggravated during, uniformed service, to the extent that the duties of the escalator position cannot be performed, the employee shall be reinstated to a position most nearly comparable to the escalator position, with duties compatible with the disability and without loss of seniority.

#### **9. Reinstatement Salary**

The employee's salary upon reinstatement shall be based on the salary rate applicable to the proper escalator position, or rate appropriate for their position and service had they not been gone. In no case will the reinstated employee's salary be less than when placed in a military leave status.

#### **Definition of Terms:**

1. Employees shall include permanent full- and part-time employees.
2. Eligible periods of service shall be the performance of duties on a voluntary or involuntary basis in a uniformed service under competent authority and includes: active duty (extended active duty, mobilization or call up of reserve components), active duty for training of reserve components (annual training – usually 2 weeks or special schools), inactive duty for training (initial enlistment in reserve or National Guard, drills – usually on weekends), full-time National Guard (usually a 3-year contract, a period for which a person is absent to determine fitness to perform such duty, and service in or training for the National Disaster Medical System.

#### **Leave Without Pay**

Leave without pay may be granted for illness, education purposes, vacation, or for any other reasons deemed justified by supervision and approved by the President. Any unpaid leave in excess of 12 months will require the approval of the Board of Trustees.

Special provisions for leave without pay for military, family and medical, and workers' compensation are covered in these respective policies.

Eligible employees are those with permanent full-time or part-time (half-time or more) appointments. Employees with temporary, intermittent, or part-time (less than half-time) appointments are not eligible.

### **Maximum Amount**

Except for extended illness, extended leave without pay normally shall not exceed six months. The decision to grant leave without pay and the amount of time granted, except for leave required by the FMLA Policy or the Military Leave Policy, is an administrative one for which the President must assume full responsibility. Board of Trustee approval is also required when an unpaid leave is to exceed 12 months.

### **Employee Responsibility**

The employee shall:

- Make application for leave three weeks prior to date leave is to begin, or as soon as is practical based on the circumstances.
- Apply in writing to the supervisor for leave without pay, and for any extension of such leave in process.
- Give written notice of intention to return to work at least 30 days prior to the end of the leave.
- Return to duty within or at the end of the time granted.
- Notify the supervisor immediately when there is a decision not to return.

If the employee does not give notice of the intention to return, the College is not required to provide reinstatement but may do so if feasible. Failure to report at the expiration of a leave, unless an extension has been requested and approved, may be considered as a resignation.

### **College Responsibility**

The employee's request will be hand-carried through the chain-of-command by each level of supervision to the President. Factors to consider in determining whether to grant leave without pay and the amount of time to approve are:

1. Needs of the employee requesting leave
2. Workload and need for filling employee's job.
3. Chances of employee returning to duty.
4. The obligation of the College to reinstate the employee to a position of like status and pay.

The President, or designee in Human Resources, will provide a written response to the employee's request with copies to the appropriate parties and his/her personnel file. It is the responsibility of the President to administer leave without pay in a manner that is equitable to all of the College employees.

**Advisory Notes**

Eligible employees who become temporarily or permanently disabled and are unable to perform their regular work duties may receive partial replacement income through the Disability Income Plan of North Carolina (DIPNC). The DIPNC is explained in the handbook, *Your Retirement Benefits*, published by the Department of State Treasurer, Retirement Systems Division. Exhaustion of sick or vacation leave during the short-term disability period is in lieu of short-term disability benefits that may otherwise be payable.

**Retirement Status**

All accumulated retirement credits shall be retained. If the leave without pay is granted for purposes which will tend to make the person a more valuable employee, permission may be received from the Board of Trustees of the Teachers' and State Employees' Retirement System to make personal contributions to the retirement account during this period and receive service credit. The request must be made in advance by the President and the employing College must agree to pay its share of the cost. The employee should contact the Retirement System for information regarding all specific requirements. See also policy on Total State Service.

The President shall grant leave with or without pay to the biological mother for all of the time of personal disability. The biological mother must use accumulated sick, vacation leave before going into a period of leave without pay.

A doctor's certificate or other acceptable proof shall be required verifying the employee's period of temporary disability. Additionally, if the approved leave is for the employee's own medical condition, medical documentation that provides a release to work with limitations or accommodations as appropriate will be required before an employee is allowed to return to work.

**Family Medical Leave Act (FMLA) Leave**

The Family and Medical Leave Act (1993 as amended 2009) was established to help balance the demands of the workplace with the needs of the family. This Act provides leave, paid or unpaid, and job protection for eligible employees who utilize such leave under the following provisions:

- For the birth of a child and to care for the newborn child: for the placement of a child with the employee for adoption or foster care: for the care of a child, spouse or parent who has a serious health condition: for the employee's own serious health condition; or
- Families of covered service members for qualifying exigencies; or
- Next-of-kin to care for covered service members

Depending on the circumstances surrounding the need for leave, up to 12 or 26 weeks of leave, paid or unpaid is available in a rolling 12-month period looking backwards. Time-off provided under the Act may run concurrent with the use of other types of approved leave such as disability or worker's compensation leave, whether paid or unpaid.

**Covered Employees and Eligibility**

An employee is eligible for Family Medical Leave if:

Full-time Permanent, Probationary, or Part-time (half-time or more) Permanent or Probationary	who has 12 months cumulative service with the College, including temporary service; and has been in pay status at least 1250 hours during the previous 12-months.
Temporary, Intermittent, or Part-time (less than half-time)	who has 12 months cumulative service; and has been in pay status at least 1250 hours during the previous 12 months.
Note: This leave shall be without pay.	

Note: Employment periods prior to a break in service of seven years or more need not be counted in determining whether the employee has been employed with the College for at least 12 months. Time spent away in the National Guard or reserves counts as time worked to determine eligibility for FMLA.

Note: Time is based on workdays not calendar days.

A full listing of related definitions is available in the *FMLA Manual* found in the HR Office and on the HR SharePoint Site.

**Procedures:**

The employee shall give notice to the supervisor of the intention to take leave under this policy unless the leave is a medical emergency. The notice must follow the department's usual and customary call-in procedures for reporting an absence. The employee must explain the reasons for the needed leave in order to allow Human Resources to determine that the leave qualifies under the Act.

<b>If the reason for leave is foreseeable and is:</b>	<b>the employee shall:</b>
For Birth/Adoption/Foster Care	give Human Resources not less than a 30-day notice, in writing. If the date of the birth or adoption requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable, which means within one or two business days of when the need for leave becomes known to the employee.
For Planned Medical Treatment	(1) make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations and (2) give not less than a 30-day notice. If the date of the treatment requires leave to begin in less than 30 days, the employee shall provide such notice as is practicable.
Due to Covered Active Duty of Family Member	provide such notice as is reasonable and practicable, whether because the spouse, or a son, daughter, or parent, of the employee is on covered active duty, or because of notification of an impending call or order to covered duty.

Leave may be taken as continuous absence, or depending on the related circumstances on an intermittent basis.

**Certification**

The employee shall provide certification of conditions precipitating the need for leave. If the employee does not provide medical certification, any leave taken is not protected by FMLA. Failure to provide the required certification or recertification may result in disciplinary action up to and including dismissal.

The employee shall provide a copy of the health care provider's certification within at least 15 calendar days unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts.

**Intent to Return to Work**

The College may require an employee on FMLA leave to report periodically on the employee's status and intent to return to work. The College's policy regarding such reports may not be discriminatory and must take into account all of the relevant facts and circumstances related to the individual employee's leave situation.

If an employee gives unequivocal notice of intent not to return to work, the College's obligations under FMLA to maintain health benefits (subject to COBRA requirements) and to restore the employee cease. However, these obligations continue if an employee indicates he or she may be unable to return to work but expresses a continuing desire to do so.

It may be necessary for an employee to take more leave than originally anticipated. On the other hand, an employee may discover after beginning leave that the circumstances have changed and the amount of leave originally anticipated is no longer necessary. An employee may not be required to take more FMLA leave than necessary to resolve the circumstance that precipitated the need for leave. In both of these situations, management may require that the employee provide the agency reasonable notice (i.e., within two business days) of the changed circumstances where foreseeable. The College may also obtain information on such changed circumstances through requested status reports.

**Reinstatement**

The employee shall be reinstated to the same position held when the leave began or one of like pay grade, pay, benefits, and other conditions of employment. The College may require the employee to report at reasonable intervals their status and intention to return to work. The College may require that the employee provide certification that the employee is able to return to work.

The employee shall be reinstated without loss of benefits accrued when the leave began. All applicable leave benefits accrue during any period of paid leave: however, no leave benefits will be accrued during any period of leave without pay.

Advisory Note: At retirement a member of the TSERS with an earned sick leave balance receives an additional month of service credit for each 20 days or portion thereof. The additional service credit increases the retirement benefit for the remainder of the life of the retiree.

### **GENERAL GUIDELINES**

Establishment of a leave “bank” for use by unnamed employees is expressly prohibited. Leave must be donated on a one-to-one personal basis.

### **Definition of Terms:**

### **Worker’s Compensation Leave**

#### **PURPOSE**

The purpose of this leave is to insure that employees injured on the job are provided compensation in accordance with the Workers’ Compensation Act and to provide consistent application of these rules and regulations. Further, the purpose of this policy is to provide swift and certain remedy to an injured employee, while ensuring a limited and determinate liability for the College.

#### **COVERAGE**

All College employees are covered under the North Carolina Workers’ Compensation Act. Any employee who suffers an accidental injury or contracts an occupational disease as defined by the Workers’ Compensation Act is entitled to benefits provided by the Act. The employee is entitled to medical benefits and compensation for time lost from work and any disability which results from the injury. The College has a “self-insured” program and expenditures are paid from current operating budgets.

#### **ADMINISTRATION**

The College is responsible for accepting employer liability for all timely reported claims, either directly or through use of third-party administrators (TPA) or insurer. To assure the employee of the benefits provided by the Workers’ Compensation Act and to effectively control the cost related to on-the-job injuries, the College shall designate a Workers’ Compensation Administrator (WCA) to be responsible for the effectiveness of processing and monitoring the workers’ compensation claims. The WCA will coordinate medical treatment and claims payment between the injured work and the designated TPA or insurer.

The College, or designated TPA or insurer shall submit all reportable claims and valid medical and compensation payments to the Industrial Commission for approval. The Industrial Commission is responsible for insuring that the College administers the provisions of the Workers’ Compensation Act.

#### **Responsibilities of the Injured Employee**

If an employee is injured by accident or contracts a covered occupational illness in the course of their employment, they must notify their supervisor as soon as possible. Except in cases of life-threatening medical emergency, the supervisor and injured employee should contact Human Resources (HR) prior to seeking medical attention. If the situation requires emergent medical treatment, the supervisor should contract HR as soon as practical to initiate establishing the claim.

In accordance with G.S. 97-22, notice of an accident must be given to the College by the employee or his/her representative as soon as possible. No compensation shall be payable unless such written notice is given within 30 days after occurrence of the accident or death, unless a reasonable excuse is made to the satisfaction of the Industrial Commission for not giving such notice and the Commission is satisfied that the College has not been prejudiced thereby.

Responsibility for claiming compensation is on the injured employee. A claim must be filed by the employee through the College with the North Carolina Industrial Commission within two years from the date of injury or knowledge thereof. Otherwise, the claim is barred by law.

Employees involved in a work-related injury, regardless of severity, that requires professional medical treatment, may be subject to a drug test. Employees involved in an accident or safety-related incident while in a company vehicle; while on company time; or, on company property may be subject to a drug test. The College may require an employee who contributed to an accident to be tested, if there is reasonable cause to believe that the accident may have resulted from the use of drugs. Refusal to cooperate in the collection procedure or refusal to take the test may require discipline up to and including termination.

Only those persons authorized to receive results from the laboratory will be allowed to discuss these results with the supervisor or the employee. No test results shall appear in a personnel folder. Information of this nature will be included in a medical file. Drug test results will be released to a decision maker in a lawsuit, grievance or other proceeding (such as for a Workers' Compensation or Unemployment Insurance Claim) initiated by or on behalf of the donor.

#### **Responsibilities of the College**

The College is required by law to report the injury to the North Carolina Industrial Commission using the I.C. Form 19 within five days from knowledge thereof any claim that results in more than one day absent from work or if medical expenses exceed \$800.

#### **Use of Leave**

If the injury allows the employee to continue working either full or limited duty, but requires periodic medical treatments or doctor's visits scheduled during normal working hours, the employee shall be paid for reasonable time for treatment and travel without the use of personal leave benefits. The time allotted with pay shall be limited to that time which is reasonable to travel to and receive the treatment within a single business day. If the treatment requires more than one day then the subsequent time will revert to compensation provisions as described below.

The Workers' Compensation law provides medical benefits and a weekly compensation benefit equal to 66 2/3 percent of the employee's average weekly earnings up to a maximum established by the Industrial Commission each year. When an employee sustains an injury the prevents working, they must go on workers' compensation leave and receive the workers' compensation weekly benefit after the required waiting period provided by G.S. 97-28. One of the following irrevocable options may be chosen:

- Option 1: Elect to take sick or vacation leave during the required waiting period and then go on workers' compensation leave and begin drawing workers' compensation weekly benefits.
- Option 2: Elect to go on workers' compensation leave with no pay for the required waiting period and then begin drawing workers' compensation benefits.

If the injury results in disability of more than a specified number of days, as indicated in G.S. 97-28, the workers' compensation weekly benefit shall be allowed from the date of disability. If this occurs in the case of an employee who elected to use leave during the waiting period, no adjustment shall be made in the leave used for these workdays.

In either case, after the employee has gone on workers' compensation leave, the weekly benefit may be supplemented by the use of partial earned sick or vacation leave in accordance with a schedule published

by the Office of State Personnel each year. Since the employee must receive the weekly benefit, this will provide an income approximately equal to the past practice of using 100 percent of sick or vacation leave. Unused leave may will be retained for future use.

If the employee has earned leave and chooses to use it while drawing the weekly benefit, it would be paid on a temporary payroll at the employee's rate of pay. It is subject to State and Federal withholding taxes and Social Security, but not subject to retirement, just the same as other temporary pay.

### **Continuation of Benefits**

While on workers' compensation leave an employee is eligible for continuation of the following benefits:

1. **Performance Increase:** Upon reinstatement, an employee's salary will be computed based on the last salary plus any legislative increase to which he/she is entitled. Any performance increase which would have been given had the employee been at work may also be included in the reinstatement salary, or it may be given on any payment date following reinstatement.
2. **Vacation and Sick Leave:** While on workers' compensation leave, the employee will continue to accumulate vacation and sick leave to be credited to his/her account for use upon return. If the employee does not return, vacation accumulated during the first twelve months of leave will be paid in a lump sum along with other unused vacation.
  - a. The 240-hour maximum to be carried forward to the next calendar year may be exceeded by the amount of vacation accumulated during workers' compensation leave. The excess may be used after returning to work or carried on the leave account until the end of the calendar year following a full year after the employee's return to work.
  - b. If the employee separates during the period that excess vacation is allowed, the excess leave to be paid in a lump sum may not exceed the amount accumulated during the first twelve months of workers' compensation leave.
3. **Hospitalization Insurance:** While on workers' compensation leave, an employee is in pay status and will continue coverage under the State's Health Insurance Program. Monthly premiums for the employee will be paid by the state. Premiums for any dependent coverage must be paid directly by the employee.
4. **Retirement Service Credit:** While on workers' compensation leave an employee does not receive retirement credit. As a member of the Retirement System, the employee may purchase credits for the period of time on an approved leave of absence. Upon request by the employee, the Retirement System will provide a statement of the cost and a date by which purchase must be made. If purchase is not made by that date, the cost will have to be recomputed.
5. **Total State Service Credit:** While on worker's compensation leave the employee shall continue to receive total state service credit.

6. Longevity Pay: While on worker's compensation leave the employee shall continue to be eligible for longevity credit. Employees who are eligible for longevity pay while on worker's compensation designated leave shall receive their payment as scheduled.

### **Return to Work Provision**

When an employee, who has been injured on the job and placed on workers' compensation leave, has been released to return to work by the treating physician, there are three possible returns to work situations.

- i. When an employee has reached maximum medical improvement and has been released to return to work by the treating physician the College shall make every reasonable effort to return the employee to the original position he/she held prior to workers' compensation leave. If the previous position is unavailable due to bona fide business circumstances the College shall make every reasonable effort to find a suitable position elsewhere within the College.
- ii. When an employee has not reached maximum medical improvement and is ready to return to limited work duty with approval of the treating physician, but retains some disability which prevents successful performance in the original position, the College shall make every reasonable effort to provide work reassignment suitable to the employee's capacity which is both meaningful and productive, and advantageous to the employee and the College. This work reassignment shall be a temporary assignment and shall not exceed 90 days without approval from the College President.
- iii. When an employee has reached maximum medical improvement and has been released to return to work by the treating physician, but has received a disability which prohibits employment in the previous position, the College shall make every reasonable effort to place the employee in another position suitable to the employee's capacity which is both meaningful and productive, and advantageous to the employee and the College.

If a suitable vacancy cannot be found within the College, the employee will be assisted to find employment elsewhere.

### **Vocational Rehabilitation Assistance**

In some cases, the extent of disability may be such that vocational rehabilitation will be necessary. If so, the College or the designated TPA will be responsible for making the necessary arrangements with the North Carolina Division of Vocational Rehabilitation for such training which may be necessary to assist the employee to obtain suitable employment consistent with performance capabilities.

### **Refusal of Suitable Employment**

The Workers' Compensation Act prevents employers from firing or demoting employees in retaliation for pursuing remedies under the Act, but does not speak to re-employment after an employee has been released by the treating physician to return to work. If an employee, who has reached maximum medical improvement and been released to return to work by the treating physician, refuses suitable employment in keeping with his/her capacity, the College has the right to implement dismissal procedures.

When it has been determined that the employee has not fully cooperated with the intent and spirit of the Workers' Compensation Policy, management may terminate the employee. Workers' compensation benefits may be continued or discontinued in accordance with the provisions of the Workers' Compensation Act.

### **Temporary Emergency Leave**

All opportunities to continue working will be considered to ensure an appropriate workforce during and after any declared emergency. This may include telework options for regular duties or other duties for which the employee has skills or expertise; staggered or flexible work schedules; or other options as may be determined by College Leadership. When it is not practical to continue working due to the circumstances of the specific emergency, College administration will determine all forms of paid leave available and in compliance with statutory leave provisions. The College is also authorized to incorporate leave provisions authorized by North Carolina's Office of State Human Resources as may be issued during a declared emergency.

Procedures will be published as needed and consistent with the provisions available for the specific declared emergency.

## 2.4. CONDITIONS OF EMPLOYMENT

### 2.4.1. Secondary Employment Policy

<b>Secondary Employment Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> 1C SBCCC 100.94
<b>Signature/ Date Approved:</b> Board of Trustees 18/14/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>Individuals employed by the College work in positions of public trust utilizing tax dollars from either the local, state or federal level. The College has a responsibility to ensure that employment with the College is not used or misused in a manner that creates a conflict of interest, for the College or the individual(s) involved. Therefore, employment responsibilities to the College are primary for all employees working full-time; any other employment external to the College, including self-employment is secondary.</p> <p>Employees may engage in secondary employment that does not:</p> <ol style="list-style-type: none"> <li>1. Create either directly or indirectly a conflict of interest with the primary employment.</li> <li>2. Impair in any way the employee's ability to perform all expected duties, including availability on campus.</li> <li>3. Restrict the employee's ability to make decisions and carry out the responsibilities of the employee's position consistent with the goals and objectives of the College.</li> <li>4. Have the reasonable appearance of being in conflict with College goals, objectives, and institutional resources in the community or that could in any way harm the College's reputation.</li> </ol> <p>Employees may not use their position at the College for personal gain through secondary employment; nor shall the name of the College be used to acquire secondary employment.</p> <p>Employees must receive approval from the President, through their chain of command utilizing the established procedures prior to beginning secondary employment. Employees are required to provide annual requests for approval of recurring secondary employment via the same procedures. Failure to notify and receive initial and annual approval for secondary employment will be considered a contract violation. Working unapproved secondary employment will be subject to disciplinary action up to and including termination of employment, regardless of when discovered.</p> <p>Secondary employment by the President shall be approved by the Board of Trustees. The President has the authority to adopt procedures for secondary employment</p> <p><b>Definition of Terms:</b></p> <ol style="list-style-type: none"> <li>1. Secondary employment is any services or work performed for compensation with any entity other than Carteret Community College, including self-employment or work with another community college. It does not include bona fide volunteer work for which no goods or services are received in exchange for the service provided.</li> <li>2. Compensation is any goods or services including money exchanged or promised for providing services. It does not include food and drink or use of facilities provided during periods of bona fide volunteer service.</li> <li>3. Chain of command starts with an employee's immediate supervisor and proceeds up the reporting path to the College president. This may include the following levels:</li> </ol>	

supervisor, managers, department chairs, directors, deans, vice-presidents or any derivative thereof (i.e. executive director, senior vice-president, etc.).

### **Procedure**

1. It is the employee's responsibility to ensure compliance with this policy for any employment other than their primary full-time employment with Carteret Community College.
2. New employees already engaged in secondary employment must submit the *Request for Approval of Secondary Employment, Self-Employment* form to their immediate supervisor no later than the end of their first day of employment with the College. Together with their supervisor, the individual must ensure that the form has been approved/signed by all members of the chain of command through the President and filed with Human Resources by the end of their first 30 days of employment.
3. Each Carteret Community College full-time employee must obtain prior approval for any new secondary employment they wish to engage in while working for the College. This request must be made utilizing the *Request for Approval of Secondary Employment, Self-Employment* form found on the College HR SharePoint sites and starting with the immediate supervisor, through their chain of command to the President.
4. All full-time employees are required to obtain re-approval annually for ongoing secondary employment. This approval must be obtained in the first month of each new fiscal year (July for 12-month employees) or academic year (August for 9 & 10-month employees). It is the employee's sole responsibility to initiate the annual re-approval process and ensure the completed form is on file in the Human Resources Office.
5. It is the employee's responsibility to keep their supervisor updated on any changes to their approved secondary employment arrangement. Substantial changes may require new approval for the secondary employment. This might include such things as changes in ownership of the employing entity, variety or scope of services offered by the employing entity or offered/to be performed by the employee. Once notified, the supervisor must consult through their chain of command to determine if the change in terms are sufficient to warrant new approval or changes to the existing approval.

### **Other Considerations:**

1. Secondary employment is not to be scheduled during an employee's regular workday. Carteret Community College will not modify an employee's work schedule with the College in order to accommodate a secondary employment schedule.
2. No College equipment, supplies or funds shall be used for any activities related to the secondary employment. This includes, but is not limited to items such as printing supplies, copiers, vehicles, email, office supplies, etc. The College is in no way responsible for any travel or other expenses associated with the secondary employment.
3. If approved secondary employment interferes with the normal pursuit of duties and responsibilities of the employee or the College, it will be handled as a job performance issue and corrective measures will be taken including internal discipline which may include revocation of secondary employment approval.
4. Employees found to be working unapproved secondary employment will be subject to disciplinary action up to and including termination of employment, regardless of when discovered and whether or not such secondary employment is impacting primary job performance or presents a conflict of interest.
5. Secondary employment may be challenged, denied or revoked by the College on the following grounds:

- a. When such outside employment is likely to interfere with the employee's performance of their institutional duties by causing the employee to be late reporting to work, to leave early, or to be unavailable for required work beyond regular work hours, including meetings and ceremonies outside of school or business hours.
- b. When an employee's documented poor performance, including attendance, can be causally connected to the secondary employment.
- c. When such outside employment would be conducted during regular working hours or on College property.
- d. When the conduct of such outside employment would adversely affect the employee's credibility as a College employee or the College's reputation and standing in the community.
- e. When such outside employment could reasonably be considered a conflict of interest.
- f. When such outside employment adversely affects the employee's level of job performance.
- g. When the employee becomes, in effect, a private contractor in competition with the College.

### 2.4.3. Promotion/Transfer Policy

<b>Promotion/Transfer Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> 1C SBCCC 900.94(a)(20)
<b>Signature/ Date Approved:</b> Board of Trustees 12/4/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>The College is committed to hiring the most qualified employees available to meet stated purposes. Promotions and transfers provide employees opportunity for growth while providing the College with a method of filling positions with experienced personnel. It is the policy of the College to give consideration to internal candidates as promotional or transfer opportunities when desired and appropriate to business needs.</p> <p>Nothing in this policy supersedes the College's Equal Opportunity Policy or the Application/Hiring Policy. The College remains committed to ensure that available positions are filled based on experience and qualifications necessary to perform the available work.</p>	

#### **Procedure**

The College administration is responsible for providing opportunities for career advancement for full-time employees while also ensuring that Carteret Community College hires the best people. Therefore, promotions and transfers are administrative decisions and can be accomplished in one of the following ways:

#### **REORGANIZATION**

A Cabinet level administrator, with permission of the President, and in consultation with the Director of Human Resources, may reorganize reporting lines, reassign duties and tasks and change position titles in order to create greater effectiveness or efficiency.

#### **TRANSFER**

A Cabinet level administrator, in consultation with the Director of Human Resources and with permission of the President, may transfer an employee from one position to another to protect a person's employment, to better utilize a person's abilities or skills, or to achieve greater effectiveness or efficiency.

#### **PROMOTION FOR STAFF, NON-FACULTY POSITIONS**

Before the College recruits from outside the College to fill the vacancy of a full-time permanent staff position, the Director of Human Resources will announce the vacancy at a Carteret Community College Employee Meeting and/or issue an email to all faculty and staff. Applications to fill the position with an internal candidate will be entertained before the vacancy is announced to the general public. Anyone who is on the College payroll at the time of the staff opening can apply including adjuncts and temporaries. The College is under no obligation to fill the position from internal applications. Selection of an internal applicant will depend solely upon the judgment of the supervisor responsible for filling the vacant position and the Director of Human Resources. (This procedure was recommended by the General Staff Team in January 2002)

Application for a position opening shall be made in a written statement to the Director of Human Resources. The Director of Human Resources will be responsible for assuring that an internal applicant meets the basic requirements of the position or will be responsible for specifying those requirements upon which a conditional promotion may be made. If a conditional promotion is made, a contract must be executed between the College and the full-time employee specifying the conditions the employee must meet in order to retain the position and the time frames within which the conditions must be met.

**FOR FACULTY POSITIONS AND FOR RECRUITING OUTSIDE**

Full-time permanent faculty positions are advertised internally and externally.

Administration reserves the right to enter disciplinary action at any stage from First Notice to suspension, demotion or dismissal after careful consideration of all related circumstances. Factors to be considered relate to all available facts specific to the current situation, the employee’s role at the College, as well as the impacts on the College’s ability to safely and faithfully carry out its mission.

Good management practices dictate that an employee with unsatisfactory performance should receive reasonable, on-going feedback on ways to improve performance, and that warnings, whether oral or written, occur within a reasonable time frame.

Except for emergency situations, employees who are dismissed for unsatisfactory performance of duties and personal conduct, should receive at least two warnings. First, an oral warning. Second, a formal written warning which will serve notice upon the employee that a continuation of the deficiencies in performance may result in disciplinary action and loss of pay or dismissal.

First Notice/Warning:

1. Review with the employee exactly what is expected of him/her and why.
2. Explain to the employee how he/she has not met the requirements and why his/her performance has been unacceptable.
3. Allow the employee to give the reasons for his/her actions or failures.
4. Make suggestions for corrections (remind the employee that the services of the Employee Assistance Program (EAP) are available, if appropriate).
5. Establish a reasonable period of time for the employee to correct the problem.
6. Prepare and keep a memorandum of record.

Second Warning: Before issuing the second warning, the superior/supervisor must review the contents of the letter with the Director of Human Resources and then have the permission of the President. All formal written warnings will include a notice to the employee that a continuation of the practice may result in dismissal. They should also include:

1. How and why the employee’s actions and/or performance has been unacceptable.
2. Make suggestions for corrections (remind the employee that the services of the Employee Assistance Program (EAP) are available).
3. Establish a reasonable period of time for the employee to correct the problem.
4. A statement that the employee may respond in writing to the supervisor with a copy sent to his or her personnel file, including any comments or rebuttals to the written warning.
5. Allow the employee to sign indicating receipt of a written warning. The employee’s signature does not indicate agreement with the reason for the warning.

PROCEDURES FOR SUSPENSION

1. Suspension is for use at the President's discretion to discipline. Such disciplinary suspension may not exceed 30 working days with or without pay. It may also be used in the President's discretion to provide time to investigate, establish facts, and reach a decision concerning an employee's actions in those cases where it is determined the employee should not continue to work pending a decision.
2. When immediate suspension is made, the supervisor accompanied by Campus Security will inform the employee to leave the College property at once after retrieving his/her personal property.
3. When immediate suspension is made, all facts leading to the suspension must be clearly understood by the President or his designee. A written statement must be prepared giving the circumstances and facts which led to the decision for suspension and a copy furnished to the employee within a reasonable time.
4. Failure of the employee to report back to work when requested, or at the suspension expiration date, will be considered a termination of his/her employment, and any subsequent reinstatement or re-employment shall be on the basis of new employment.
5. Any suspension must be fully documented, stating:
  - h. Beginning date.
  - i. Reasons for action.
  - j. Brief description of plans and procedures for solving problem.
  - k. Signature of appropriate levels of authority.

At the conclusion of the suspension, dates and details of the action taken shall be placed in the appropriate personnel file.

If the employee is suspended and later reinstated, he/she is to be reinstated to his/her same classification and rate of pay. The President may recommend that the suspension be without pay for the time period from date of suspension to the date of reinstatement, or any portion thereof. Such a determination will be based upon consideration of the degree to which the employee was responsible or contributed to the reasons for the suspension.

#### PROCEDURES FOR DISMISSAL

Before an employee is dismissed because of unsatisfactory performance of duties, the following should occur:

1. A written summary of the case, including steps taken to improve performance and/or to inform the employee that performance is unsatisfactory, will be prepared by the supervisor and reviewed with the President.
2. The Chairman of the Board of Trustees will be notified of each proposed dismissal.
3. If an employee is dismissed, the employee will receive written notice, and a copy of the notice will be placed in the employee's personnel file located in the Human Resources Office.

Administration reserves the right to enter disciplinary action at any stage from First Notice to suspension, demotion or dismissal after careful consideration of all related circumstances. Factors to be considered relate to all available facts specific to the current situation, the employees' role at the College, as well as the impacts on the College's ability to safely and faithfully carry out its mission.

#### Employee Ethics

College employees must act at all times in a manner which is consistent with the highest standards of ethics and professionalism. Such standards include concern for the needs of students, respect for the dignity of fellow employees, commitment to the service of our community, and adherence to the NC State Government Ethics Act (N.C. Gen. Stat. § 138A).

The purpose of the Act is to raise ethical awareness, clarify ethical guidelines, ensure that systems/programs/policies are in place, and to heighten accountability within the employing entity when making decisions to promote the public good. As public servants, employees are prohibited from use of a public position in a manner that will result in financial benefit to the employee, a member of the employee's family, or a business with which the employee is associated.

College employees are subject to the North Carolina State Ethics Act (the "Act"). As public servants, employees are prohibited from accepting gifts from persons doing or seeking to do business with their employing entity, persons engaging in activities that are regulated or controlled by the employing entity, or persons having a financial interest that may be substantially affected by the public servant's official actions. Furthermore, the North Carolina State Ethics Act includes the following provisions:

1. No employee shall accept or solicit any gift, favor, service, or other benefit that could reasonably be construed to influence the employee's discharge of assigned duties and responsibilities or that could reasonably be construed as being offered with the intent to influence the employee's official conduct; or that has a value in excess of \$50.
2. No employee charged with preparing plans, specifications or estimates for contracts, awarding or administering contracts, or inspecting or supervising construction shall solicit or accept any gift, favor, service or benefit, regardless of its value, from any contractor, subcontractor, or supplier who has a contract with the College, who has performed under a contract with the College during the past year, or who anticipates bidding on such a contract in the future. The preceding sentence is not intended to prevent the acceptance of honorariums for participating in meetings, advertising items or souvenirs of nominal value, or meals furnished at banquets.
3. Sections 1 and 2 above shall not prohibit the acceptance of customary gifts or favors from friends and relatives where it is clear that it is the relationship rather than the business of the donor or the position of the employee which is the motivating factor for the gift or favor. However, all gifts are required to be reported to the President or designee by the employee if such gifts are made by a contractor, subcontractor, or supplier doing business directly or indirectly with the College.
4. No employee shall accept employment or compensation or engage in any business or professional activity that could or does impair the employee's independence of judgment in the performance of assigned duties and responsibilities or that could require the disclosure of confidential information acquired by reason of the employee's College position.
5. No employee shall make an investment or maintain a financial, business, or professional interest that creates a conflict with the proper discharge of assigned duties and responsibilities or otherwise creates a conflict with the best interest of the College. The preceding sentence shall not prohibit the ownership by an employee of five percent or less of the securities of any publicly traded company.
6. An employee who believes that they may have a conflict of interest shall disclose the interest to the employee's Vice President or to the President.

### 2.4.5. Unlawful Harassment Policy

<b>Unlawful Harassment Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 10/12/2022	
<b>EFFECTIVE OCTOBER 12, 2022</b>	
<p>Carteret Community College is committed to providing a learning and working environment free of unlawful harassment including sexual harassment, and retaliation. The College strongly disapproves of, and will not tolerate unlawful harassment and retaliation. This policy prohibits unlawful workplace harassment and retaliation in accordance with the definitions set forth below. Unlawful harassment is a form of discrimination that violates Title VII and IX of the Civil Rights Act of 1964. This policy applies to unwelcomed or unsolicited speech or conduct occurring in the workplace and/or in other settings where College employees may be in connection with their work, including but not limited to, school trips and related social events. All persons are expected to refrain from engaging in conduct that may be construed as retaliation and unlawful harassment. Likewise, each person is expected to take the necessary steps to prevent and eliminate its occurrence.</p> <p>The College's Director, Human Resources shall serve as the authorized party to receive and process all complaints under this policy, involving College employees. If there is reason to believe the Director, Human Resources is implicated in or a party to the alleged harassing behavior, then the College President should be consulted.</p> <p>In determining whether conduct constitutes unlawful harassment, the record as a whole will be considered, as well as the totality of the circumstances, such as the nature of the alleged conduct and the context in which it occurred. Any employee found to be in violation of this policy will be disciplined in accordance with the <i>College Policy &amp; Procedures Manual</i>. Any student found to be in violation of this policy will be disciplined in accordance with student conduct disciplinary action in the <i>College Catalog &amp; Student Handbook</i>.</p> <p><b>Definition of Terms:</b>  <b>DEFINITIONS OF HARASSMENT AND EXAMPLES OF INAPPROPRIATE BEHAVIOR COVERED BY THIS POLICY</b></p> <ol style="list-style-type: none"> <li>1. Unlawful harassment is unwelcome or unsolicited speech or conduct based upon race, sex, creed, religion, national origin, age, color, or handicapping condition as defined by N.C. Gen. Stat. § 168A-3 that creates a hostile work or learning environment or circumstances involving quid pro quo.</li> <li>2. Hostile work or learning environment is one that both a reasonable person would find hostile or abusive and one that the particular person who is the object of the harassment perceives to be hostile or abusive. Hostile environment is determined by looking at all of the circumstances, including the frequency of the harassing conduct, its severity, whether it is humiliating or physically threatening, and whether it unreasonably interferes with an employee's work performance, or with a student's academic performance and/or full benefit from College programs or services.</li> <li>3. Quid pro quo harassment consists of unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct when:</li> </ol>	

- a. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or other terms or conditions of employment.
  - b. Submission to or rejection of such conduct by an individual is used as the basis for employment or other decisions affecting such an individual.
4. Examples of sexual harassment may include all activities that attempt to extort sexual favors, inappropriate touching, suggestive comments, and public display (including on or via computers) of pornographic or suggestive calendars, posters, or signs.
  5. Sexual harassment does not include personal compliments welcomed by the recipient, or social interaction or relationships freely entered into by participants. However, the College strongly discourages romantic and sexual relationships between faculty and student or between supervisor and employee even when such relationships appear, or are believed to be, consensual. The lines of power and authority that exist between the parties may undermine freedom of choice. If a charge is made by a party in a consensual relationship, the College will treat the charge the same as any other charge.
  6. Retaliation is an adverse treatment that occurs because of opposition to unlawful harassment. Retaliation by any employee of the college against a student or an employee for using the policy and its procedures in good faith is grounds for appropriate disciplinary action.

## **Procedure**

### UNLAWFUL HARASSMENT PROCEDURES

Initial Report and Preliminary Investigation: Any faculty, staff member, or job applicant who believes that he/she has been subjected to unlawful workplace harassment by another faculty or staff member or by a student is to report the incident to the Director of Human Resources. If the person reports the incident to any other administrator of the College, that administrator has the responsibility to inform the grievant that a grievance must be filed with the Director of Human Resources. The administrator is encouraged to support the grievant in this process.

The initial complaint may be verbal but the Director of Human Resources must insist that any such report be expressed immediately in writing. If the initial contact with the grievant was not person-to-person, within five workdays of the date of the receipt of the written complaint, the Director of Human Resources must confer personally with the complainant. The Director of Human Resources will expeditiously gather information concerning the alleged incident. At any time during the preliminary investigation, but no later than ten workdays after the date of the initial written complaint, the Director of Human Resources shall attempt to meet with the accused party to hear their response concerning the grievance. Thereafter, the Director of Human Resources shall conduct such further investigation as deemed necessary and proceed with the Informal Resolution process. If a complaint alleges facts of a serious nature that, if proven true, could result in dismissal, suspension, or demotion of an employee, the Director of Human Resources shall forego any attempt to settle the incident informally and proceed to the Formal Resolution process. Additionally, if the allegations have the potential to be considered a violation of Title IX, then the Human Resources Director will lead a formal Title IX Investigatory Team to conduct formal, structured interviews with the complainant, accused and all appropriate witnesses.

Informal Resolution: The Director of Human Resources is encouraged to attempt informal resolution through consultation and conciliation with the parties where a complaint of unlawful workplace harassment alleges relatively minor misconduct. Examples of informal resolution follow, none of which are to be construed as a "disciplinary action."

1. Counseling and/or mediation with the parties to discuss the perceived problem and potential solutions.
2. Instructions to the accused party, coordinated with the accused party's supervisor, to refrain from specified conduct.
3. Consent agreement by the accused party, with or without an admission of violation of the policy, to refrain from a particular course of conduct.
4. Agreement of the accused party to seek professional help.

The Director of Human Resources shall still notify the grievant and the accused party of the terms of resolution by hand delivery or by Certified Mail, Return Receipt, Restricted Delivery within this ten work-days of reaching an agreement.

If the Director of Human Resources is unable to resolve the grievance through informal conciliation and consultation, notice of such must be sent to both parties by hand delivery or by Certified Mail, Return Receipt, Restricted Delivery within ten workdays from the date the Director of Human Resources meets with the accused party.

At this juncture, the grievant has the opportunity to appeal the matter to the President. The grievant must make the appeal in written form to the President within ten workdays from the date of the receipt of the notice of failure to reach informal resolution. Failure to give written notice of the appeal within the allotted time period shall constitute acceptance of the proposed informal resolution by the grievant with no further right of appeal.

**Formal Resolution:** A formal complaint alleging serious workplace harassment must be in writing and signed by the person making the charge and the President must be immediately informed. At any time after being notified of an allegation of unlawful workplace harassment, the President has the authority to suspend the person charged. This suspension shall be with pay in compliance with the discipline portions of this manual.

Within five workdays of the date of the receipt of the written complaint, the Director of Human Resources must confer with the grievant. The Director of Human Resources will expeditiously gather information concerning the alleged incidents or incidents. At any time during the preliminary investigation, but no later than ten workdays after the date of the initial written complaint, the Director of Human Resources shall attempt to meet with the accused party to hear their response concerning the grievance. Thereafter, the Director of Human Resources shall conduct such further investigation as deemed necessary.

Within 20 workdays from the date of the complaint the Director of Human Resources must report the findings in writing and in detail to the President, together with recommendations for further action. Within 5 workdays from the date of the receipt of this report, the President must notify the grievant and accused party by Certified Mail, Return Receipt, Restricted Delivery, of his acceptance or rejection of the proposed resolution. The failure of the President to give the notice within 5 workdays shall constitute the President's acceptance of the proposed resolution of grievance. Within 10 workdays of the receipt of the proposed resolution; or 5 workdays from the date of the receipt of the President's acceptance or rejection of the resolution of the grievance, the employee may appeal the matter to the President. Notice of the appeal must be in writing, and failure to give written notice of the appeal within the allotted time period and in the proper form shall constitute an acceptance of the proposed resolution by the accused, with no further right of appeal.

Within five workdays from the date of the receipt of the letter of appeal, the President shall issue his decision. The decision may include a finding that the allegations are unsubstantiated, or a finding that the allegations are substantiated. If unsubstantiated, the President will dismiss the charges and so notify the parties. If the allegations are substantiated, the President can order such action as is necessary to eliminate the unlawful workplace harassment and can impose any

discipline he deems necessary, up to and including dismissal. The notice sent by the President must be in writing and sent by Certified Mail, Return Receipt, Restricted Delivery.

The final appeal shall be determined by the President unless the President himself shall have been the subject of the allegations, in which case the appeal shall be to the Chairman of the Board of Trustees. An appeal to the Chairman shall be determined by the Chairman of the Board, or by the Personnel Committee of the Board if he so desires.

Disciplinary actions resulting from the Formal Resolution process will be placed in the personnel file of the accused party. For any disciplinary action taken, the accused shall have the right to appeal as per the rights outlined in Conflict Resolution Policy.

### 2.4.6. Conflict Resolution Policy (Grievance)

<b>Conflict Resolution Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 4/8/2014	
<b>EFFECTIVE IMMEDIATELY</b>	
<p>The College recognizes that in any work environment there are times when employees need to express concerns and work-related problems in an informal and/or formal manner. Employees may present to the College their concerns and other work-related problems, and receive prompt and considerate review of stated issues. Employees must exhaust all alternative conflict resolution options listed in informal procedures prior to utilizing the formal grievance procedure.</p> <p>This policy shall apply to concerns by employees against the College charging discrimination or harassment with regard to the terms and conditions of employment. Further, this Policy shall apply to concerns by employees alleging that a work-related problem or condition is unfair, inequitable or a hindrance to the effective performance of the employee's job.</p> <p>This policy shall not apply to concerns arising out of a termination as a result of a reduction in force, involuntary leave without pay, dismissal, demotion, non-renewal of a contract, or period of probation. Complaints by a student are resolved through the Student Appeal Policy.</p> <p>The Administration shall establish clear procedures providing a process for grievance and identifying the President's Office as the final decision maker.</p> <p><b>Definition of Terms:</b></p> <p>Conflict resolution is a process whereby employees may resolve workplace concerns and/or work-related problems.</p> <p>A grievance is a formal process whereby an employee alleges a violation, inequitable application, or misinterpretation of a specific College rule, regulation, policy, or procedure pertaining to the employment relationship between the Complainant and the College that cannot be resolved through the conflict resolution avenues.</p>	

#### Procedure

##### i. **Informal Resolution Procedure**

**Step One:** Employees will bring to the attention of their supervisor(s) any work-related problems or conflicts.

**Step Two:** If attempts to resolve the conflict/s with their supervisor are unsuccessful, the employee may request assistance by contacting the Human Resources office no later than ten (10) calendar days following the date of the conflict. The Human Resources Director shall contact supervisors and/or other persons involved in the conflict, taking whatever reasonable action that he or she may deem advisable, to try to informally resolve the issue.

**Step Three (Mediation):** If the conflict is not successfully resolved in Step Two, the employee must, at a minimum, discuss and consider informal mediation. The employee must contact the Director of Human Resources to discuss their concern/s no later than five (5) working days following the completion of Step Two without resolution of the problem or conflict. All parties, the employee, the supervisor and other involved parties, must agree to mediation before the process can begin. Mediation shall occur within ten (10) days of written consent by the parties and the Human Resources Director shall serve as the mediator for all such matters. The mediator shall request written position statements from all parties involved and shall hold a one (1) hour hearing where all parties may be heard. The mediator shall have authority to limit the time and method for each party's presentation, assuring equal treatment of all parties to the extent reasonably possible. After the mediation, the mediator will issue a written "settlement agreement" indicating the agreed upon solution reached by the parties or a written notice of impasse indicating that a settlement was not reached and providing the reasons why. If either party rejects mediation or if mediation does not resolve the conflict, the employee retains the option of filing a formal grievance/appeal as detailed in Section II. Director of Human Resources will notify the employee when the informal grievance process is completed.

**ii. Formal Resolution Procedure (Grievance / Appeal):**

Application:

- a. This grievance/appeal procedure shall apply to any conflicts that are not resolved by the informal grievance procedure and for complaints by employees:
  - i. Against the College or other College employees charging discrimination with regard to the terms and conditions of employment.
  - ii. Alleging and providing a foundation supporting that a work-related problem or condition is unfair, inequitable, or a hindrance to effective performance of the employee's job.
  - iii. Alleging and providing a foundation supporting that there has been a violation of the employee's exercise of rights guaranteed by either the First Amendment to the United States Constitution or Article 1 of the North Carolina Constitution.
  - iv. Alleging and providing a foundation supporting that there has been discrimination against the employee based upon the employee's race, religion, color, creed, national origin, sex, age, political affiliation, or handicapped condition.
  - v. Alleging an unwarranted termination of an employee's contract with the College prior to its expiration.
- b. This grievance/appeal procedure shall not apply to grievances/appeals arising out of dismissal or demotion of non-contract employees nor to non-renewal of expired employee contracts, or to any other matter not specifically indicated herein as being covered by this procedure. This grievance/appeal procedure does not apply to complaints or grievances of students. Student complaints are covered by the Student Appeals Policy. This grievance/appeal procedure shall not apply to any grievance that is also the subject of a pending court action or administrative proceeding that was instituted prior to the time of filing the grievance, nor shall this grievance procedure apply to complaints of sexual or other unlawful harassment, which are covered by the Unlawful Harassment Policy.

**c. Grievance/Appeal Procedure/Complaint**

A grievance/appeal complaint must be submitted by the employee (Complainant) within ten (10) working days following notification from the Director of Human Resources that consideration and/or utilization of the informal resolution process has

been completed, (as outlined in Section II). The time may be extended by written agreement of both parties or by extenuating circumstances as decided by the Director of Human Resources. If the Complainant does not meet the stated or extended time limitations, the grievance/appeal will not be accepted or considered and it cannot be resubmitted.

Processing timelines for each level of the grievance/appeal process are detailed below. If processing time limitations are not met by the designated reviewer(s) at any level, the Complainant may request that the grievance/appeal be elevated to the next level.

**Step One:** The Complainant must present a grievance/appeal memorandum as described below to the Director of Human Resources or designee. The grievance/appeal memorandum will be reviewed by the Director of Human Resources and appropriate Vice President within **two** (2) working days to determine if it meets the definition of a grievance /appeal per this policy, and notification will be provided to the Complainant in writing as to the status of the grievance/appeal (either accepted or denied with reasons for such denial). Such notification will describe the next procedural steps for the grievance/appeal.

Grievance/Appeal Memorandum (Exhibit 1) must include:

1. A statement concerning the basis of the grievance or appeal that identifies the specific:
  - a. College rule, regulation, policy, or procedure that has allegedly been violated, inequitably applied, or misinterpreted.
  - b. What work-related problem or condition is unfair, inequitable or a hindrance to effective performance of the Complainant's job.
  - c. Foundation supporting how there has been a violation of the Complainant's exercise of rights guaranteed by either the First Amendment to the United States Constitution or Article 1 of the North Carolina Constitution.
  - d. Foundation supporting how there has been discrimination against the Complainant based upon the Complainant's race, religion, color, creed, national origin, sex, age, political affiliation, or handicapped condition.
  - e. Basis for a claim that the College is acting unlawfully or is unjustified in termination of a Complainant's employment contract prior to its expiration.
2. The attempts made by the Complainant to solve the grievance/appeal through immediate supervisors, Employee Relations Assistance, and/or informal mediation.
3. The results of those attempts.
4. The remedy or corrective action sought by the Complainant.
5. The signature of the Complainant on the dated memorandum.

**Step Two:** The Complainant shall, within **ten** (10) business days after notification of failure of resolution through the Informal Complaint Process, meet with the next level in their reporting structure to discuss the matters included in the Grievance/Appeal Memorandum. The supervisor will investigate the grievance/appeal, make a decision, and inform the Complainant of the finding, in writing, within **ten** (10) business days after the meeting. The written statement will identify the basis of the decision. If the supervisor does not have the authority to resolve the grievance/appeal or if the grievance/appeal directly involves actions by this

supervisor, the Complainant may request permission from the Director of Human Resources to bypass this step and to proceed directly with Step Three.

**Step Three:** If the grievance/appeal is not resolved at Step Two, the Complainant may request a meeting with the next level of management in the chain of command within **five** (5) business days after receipt of the supervisor's written decision. The Complainant shall be notified of the date of the meeting within **five** (5) business days of receipt of the request for a meeting. The Complainant shall provide the Grievance/Appeal Memorandum and any relevant supplemental information to the next level of management at least **two** (2) business days prior to the meeting. The Complainant shall be notified in writing of the decision regarding the grievance within **ten** (10) business days after the meeting.

If the employee's grievance/appeal directly involves actions by this next level of management, then the employee may bypass this step and proceed to the next elevated level of management within the chain of command. If the employee's grievance/appeal directly involves actions by a Vice President, the complainant may request a non-involved Vice President to review the Grievance/Appeal Memorandum and any relevant supplemental information and to meet with the Complainant. The employee must advance through all non-involved levels of management within his/her chain of command before proceeding to Step Four.

**Step Four (Hearing):** If the grievance is not resolved at Step Three, the Complainant may request a hearing before a Grievance Committee by submitting a written request with the Grievance/Appeal Memorandum and any relevant supplemental information to the College's Director of Human Resources. The request for a hearing must be made within **five** (5) business days of receipt of the decision of a Vice President.

Upon receipt of a timely written request for a hearing, the Director of Human Resources shall notify the President of the request for hearing. Under the direction of the President a Grievance Committee shall be formed to review the matter. The Grievance Committee shall consist of up to five full-time employees appointed by the President distributed among the following categories: (a) vice presidents; (b) supervisors; (c) support staff; and (d) faculty. The Faculty Executive Committee (FEC) officers will make faculty Committee member recommendations for consideration of the President and the General Staff Team (GST) officers will make support staff Committee member recommendations for consideration of the President. The Complainant will select one full-time College employee to serve on the Grievance Committee.

Employees shall be notified of their service on the Grievance Committee within **five** (5) business days after receipt of the Grievance/Appeal Memorandum with any relevant supplemental information and a written request for a hearing date. Employees who are unable to serve on the Grievance Committee may request to be excused from service. All requests to be excused from service shall be directed to the President's Office within **two** (2) business days after notification of selection. The President shall decide whether the individual shall be excused from service.

The Director of Human Resources shall convene the Grievance Committee no later than **fifteen** (15) business days after receipt of the Complainant's request for a hearing at a date, time and place determined by the Director of Human Resources.

The Complainant shall have the opportunity to appear before the Committee and shall have the right to present evidence via documents and testimony of witnesses. College employees against whom the complaint is directed shall have the right to attend the hearing and present documentary evidence and witnesses. The hearing

will be conducted in accordance with the hearing rules provided herein. The Director of Human Resources will provide a copy of the Hearing Rules to the Complainant and all other necessary parties at least **two** (2) business days prior to the hearing.

The Complainant or the defendant employee may not have legal counsel or anyone outside the college accompany them in the hearing. Each party may be accompanied at the hearing by an institutional peer who will act as an observer. The observer will not participate in the hearing but can be consulted by the party whom they are accompanying. Each party shall notify the Human Resources Director of the name, position with the College, and address of the observer at least **two** (2) business days prior to the date of the hearing.

Within **five** (5) business days after adjournment of the hearing, the Committee shall provide a written report and recommendation regarding its findings and shall forward copies to the President's Office and the Director of Human Resources.

**Step Five:** After receipt of the written recommendation from the Committee, the President shall review the Committee's report, recommendations, and other materials and shall, within **ten** (10) business days after receipt, either adopt the recommendation of the Grievance Committee, make his/her own determination, or remand the matter back to the committee for further findings. The President shall notify the Complainant and the Director of Human Resources of this determination in writing.

The President may request further testimony from the Complainant and/or others involved in the grievance/appeal before making a decision. The decision of the President shall be final and shall not be subject to further review by College personnel.

## Hearing Rules

These rules give guidance and direction to the grievance/appeal hearings conducted pursuant to Step Four of the College's Grievance Procedure.

### 1. Rules of Conduct

The hearing shall be conducted by the Chairperson of the Grievance Committee (the "Committee"). The Chairperson shall be selected by the College's President prior to convening the hearing. The Chairperson's duties and powers are set forth herein. The Chairperson shall:

1. Call the hearing to order and
2. Record the date, time and place of the hearing
3. Note the presence of the members of the Committee, the Assistant, the Complainant, the College employee against whom the grievance is directed (the "College employee"), and their observers
4. Instruct those persons present about the confidential nature of the proceedings. Such instruction will be repeated to each witness prior to the witnesses' testimony.
5. Ensure that all parties sign the required confidentiality statement. After the receipt of the signed statements,

6. Briefly state the matter(s) at issue and receive into the record any materials provided by the Complainant prior to the hearing.

The President will appoint one employee (the "Assistant") to assist in the operation of the hearing. The Assistant will sign a Confidentiality Statement. The Assistant will not be a member of the Grievance Committee, nor will the Assistant participate in the deliberations and decision making of the Committee. The Assistant shall be responsible for taking notes of the proceedings and providing such assistance as may be required by the Chairman and the Committee. The Assistant's notes along with any documentary evidence will be made part of the hearing record; the record shall remain confidential.

The Complainant will present his/her concerns and/or work-related problems first through the testimony of witnesses or the production of documentary evidence. After the Complainant has finished his/her presentation, the College employee shall have the opportunity to present evidence. At the close of all evidence, the Complainant and the College employee shall have the opportunity to present a brief summation and/or rebuttal. The Chairperson shall have the right to set a time limit on the summation/rebuttal.

The Chairperson will attempt to ensure that both the Complainant and the College employee have a full and equal opportunity to present evidence. However, the Chairperson shall have the right to determine the relevance and materiality of any evidence presented. The Chairperson may exclude irrelevant testimony and may direct the parties to the proceedings to focus their presentations on the issue(s) before the Grievance Committee. The parties should avoid presenting repetitive and cumulative evidence.

No cross-examination of witnesses or parties will be allowed. However, members of the Committee may ask questions of the Complainant, the College employee, and any witnesses. The party presenting a witness may question the witness or the witness may make a statement to the Committee.

The Chairperson shall have the power to adjourn the hearing and reconvene it at a later date if necessary. After the close of all evidence, the Committee shall meet and reach a decision with regard to the issue(s) presented by the Complainant. The Committee's report and decision shall be presented in writing to the Director of Human Resources and the President within five (5) business days after adjournment of the hearing.

## 2. The Role of the Observer

Both the Complainant and the College employee have the right to be accompanied by an institutional peer who will act as an observer. The observer's role shall be to give advice and counsel to the party represented. The observer shall not give or direct any testimony or other evidence, question witnesses, or make any statements to the Grievance Committee during the course of the hearing.

## 3. Witnesses

Both the Complainant and the College employee have the right to present the testimony of witnesses. Witnesses eligible to give testimony include only current and former employees of the College who can present testimony or documentary evidence that is relevant and material to the issue(s) before the Committee. Witnesses who are not current or former employees of the College may be allowed to testify at the discretion of the Chairperson. The Chairperson shall have the right to determine the relevance and materiality of any evidence presented by any witness. The Chairperson may exclude

irrelevant testimony and may direct the witnesses to focus their presentations on the issue(s) before the Grievance Committee.

All witnesses, other than the Complainant and the College employee, shall be excluded from the hearing room during the testimony of other witnesses; a waiting room will be provided. Witnesses will be summoned to the hearing by the Assistant when called by the Complainant or the College employee.

#### 4. Confidentiality

The very nature of these proceedings demands confidentiality. Consequently, all members of the Grievance Committee, the Assistant, the Complainant, the College employee, witnesses and observers shall sign a confidentiality agreement prior to participating in the hearing. Those persons who refuse to sign such a statement will be excluded from the hearing by the Chairperson. In addition, those persons who are not parties, observers or witnesses shall be excluded from the hearing by the Chairperson.

4. Upon receipt of the written resignation and notice of the President's acceptance, Human Resources will notify all signatories on the "HR Check-out Form" via email of the resignation and to expect the employee to close out.

<p><b>Policy Statement:</b>            The College strives to provide a satisfying and stable place to work. However, the College recognize that at times, an employee may decide to leave employment or the College may decide to dismiss an employee.</p> <p>Employees not employed under an employment contract may resign their position at any time for any reason. Likewise, the College recognizes the employment at-will doctrine authorized in North Carolina. Employment at-will simply means that an employer or employee may end employment at any time with or without notice or cause so long as there is not an employment contract or law that protects the employee. ### 2.4.11. Employee Performance Evaluation Policy

<b>Employee Performance Evaluation Policy</b>

<b>Signature/ Date Approved:</b> Board of Trustees 8/14/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
Performance assessments shall be conducted for all permanent faculty and staff by the end of each fiscal year. Assessment instruments and procedures are to be approved by the President of the College.	

#### Procedures:

##### Introduction

The College's Annual Performance Management Process involves quarterly meetings between employees and supervisors. The Performance Management Quarterly Form is provided to document these conversations. We recognize that the College's mission is best accomplished through the efforts of our dedicated employees. We believe that employees want to perform meaningful work that contributes to the mission of our institution. To accomplish this, employees need both regular feedback on their work and opportunities to share their own insights and barriers to good work. Through two-way communication we can better ensure that employees are aware of situational changes that could result in shifts of effort and priority.

##### General Process:

- A. The process calls for 4 conversations each fiscal year using the "Annual Performance Management Form" to guide and document the conversation. Generally, meetings shall take place by the end of September, December, March and June each year. There is some flexibility in this schedule so long as 4 conversations take place each year, spaced out enough to be meaningful. For example, December is a short month for faculty and is usually busy wrapping up the semester and submitting grades, therefore, it is possible that the December meeting could actually take place the first week in January during the week before the start of the spring semester. Additionally, all four meetings must be completed in time enough to secure all appropriate signatures and submit the completed form to HR by June 30<sup>th</sup> each year.
- B. The form does not need to be submitted to HR each quarter. You should keep the form on hand to use for each subsequent quarter until the end of the fiscal year.
- C. Once the 4<sup>th</sup> quarter review is completed, original signed forms should be submitted to the HR Office for inclusion in the employee's personnel file. All forms completed with appropriate signatures up through the departmental vice president are due to HR by June 30<sup>th</sup> each year.

##### Form Guide

The "Annual Performance Management Form" contains two parts: 1/Goals & 2/Questions. Each part shall be discussed and recorded during quarterly meetings between supervisor and employee.

Once the meeting is complete and the quarterly section of the form is completed, both the employee and supervisor should sign the form at the bottom of the current quarter column for each part of the form.

1/Goals:

- A. By July 1<sup>st</sup> each year the employee and supervisor should establish goals and/or work projects to guide employee work effort for the quarter or year, as appropriate for the employee and business needs. While the form has space for up to 7 goals, use as many or as few spaces as needed to ensure meaningful work that contributes to institutional success within the employee role. In the event the process does not start by July 1<sup>st</sup>, goals & projects should be established as soon as possible after the employee starts to work either as a new hire or in a new role.
- B. Each quarter, the employee and supervisor will meet to review the list of goals and projects and record progress and status of each in the appropriate quarterly column on the form.
- C. As goals and projects are completed, or need to be discontinued due to changing business needs, indicate that in the appropriate quarter on the form, leaving remaining quarters blank.
- D. As new goals are added, indicate in the quarterly review column when they are added, then review as appropriate for the remaining quarters. For example, if during the September meeting it is determined that a new project needs to be assigned, record the new goal or project in the next available line and indicate in the 1<sup>st</sup> quarter column that the goal or project was added as of the date noted.
- E. Once all active goals or projects are reviewed, with status recorded, both the employee and supervisor will sign at the bottom of the quarterly column.

2/Questions:

- A. Each quarter employees and their supervisor are to review each of the 6 questions on page two of the form, recording a summary of the key findings in the appropriate quarterly column.
  - Question 1: How did your work this quarter align with the College's mission statement? Note ways the employee's work has either directly or indirectly aligned with the College's mission statement. Note that the mission statement is included on the bottom of each page of the form. For example, a maintenance employee might have worked to repair flooring in a building, which allows the space to continue to be safe and available for use in instruction, which contributes to the educational opportunities available at the College. Or, a business office employee helped a student get their account sorted out by recording sponsorship payments, thus providing access to education for that student.
  - Question 2: What did you do well this quarter? Gives the employee the opportunity to share accomplishments, while also allowing the supervisor to acknowledge the success and/or list others the employee may have forgotten.
  - Question 3: What could you have done better this quarter? This will give the employee and/or the supervisor an opportunity to discuss things that are getting in the way of success.
  - Question 4: What have you done towards bonus eligibility requirements this quarter? This will serve as a constant reminder about the bonus eligibility

requirements and serve as a good way to record progress, instead of waiting until the end of the year. Also, if an item is not recorded in the official record, there will be a documented place for an employee to easily recall and report the missing information during the corrections period before bonus eligibility is finalized each fall for the previous year.

- Question 5: Employee: Are there any crucial conversations you need to have with your supervisor? This gives the employee an opportunity to discuss concerns or questions they may have for their supervisor or to ask for resources needed to perform current or upcoming duties.
  - Question 6: Supervisor: Other comments, issues, concerns or crucial conversations you need to have? This gives the supervisor an opportunity to bring up things that may not have fit into other questions.
- B. Once all questions have been covered and information documented in summary on the form in the appropriate quarterly column, the employee and supervisor should sign in the space provided at the bottom of the column.

All completed forms, including signatures up through the departmental vice president, are due to the HR office by June 30<sup>th</sup> each year

**2.4.12. Professional Development Policy**

<b>Professional Development Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 7/19/2005	
<p>Carteret Community College recognizes that educational quality is dependent upon the availability of qualified professional faculty, staff, and administrators. The essential responsibility for professional growth and development rests with each individual employee; however, the College encourages the involvement of all employees in appropriate professional growth activities.</p> <p>The College President will develop procedures to facilitate professional development of the College employees.</p>	

**Procedure**

To promote personal and professional growth, the College provides opportunities for faculty, staff, and administrators to coordinate individual goals with supervisors and develop their own plan for professional development. The College makes available several programs designed to help employees meet their goals.

1. As part of the performance review each year, each employee discuss professional development with their supervisor. Annually, senior administrators review and approve proposals for funding of professional development activities.
2. The professional development program may include:
  - a. On-campus programs designed to help meet common goals of several individuals.
  - b. Participation in relevant conferences, workshops, seminars, and teleconferences.
  - c. Study toward advanced college degree.
3. Each employee maintains a record of his/her professional development accomplishments and reviews them annually with the supervisor. Supervisors submit monthly reports of employee professional development to Human Resources for institutional tracking. Review of the year's activities is incorporated in the evaluation, planning, and budgeting for the next year.

**2.4.13. Faculty Workload Policy**

<b>Faculty Workload Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 12/4/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p><b><u>FACULTY WORKLOAD</u></b></p> <p>Faculty workload includes teaching, advising, curriculum development, professional development, recruitment, and college and community service. Preparation time, class contact hours, advising, curriculum development, professional development, and service average 40 hours per week.</p> <p>Faculty are expected to be on campus 32 hours per week, including five (5) designated office hours. The remaining eight (8) hours may be used for off-campus activities. Faculty schedules must be posted outside of office doors each semester and copies submitted to division deans for distribution to the College receptionist and Vice President of Instruction and Student Support.</p> <p>For faculty that teach online, on campus hours will be reduced by one hour for each online course taught. The purpose of this reduction to acknowledge that online instruction is often outside of traditional work hours.</p> <p>Instructional personnel who have full-time instructional contracts with Carteret Community College shall not contract with the College for any other instructional activity of any nature, whether Curriculum, Corporate and Community Education, Small Business Center, etc., without the permission of the Vice President of Instruction and Student Support.</p> <p><b><u>TEACHING LOADS</u></b></p> <p>The division dean is responsible for the fair and equitable assignment of teaching loads as well as ensuring teaching loads fall within the parameters of College policy and accreditation standards. The dean will submit a Faculty Workload Report each semester to the Vice President of Instruction and Student Support, using to the extent possible the division workload guidelines that are set and reviewed as needed.</p> <p>A full-time faculty teaching load for Arts and Sciences instructors is 18 to 21 contact hours and Health and Applied Sciences is 18 to 25 contact hours per week per semester and should take into consideration the number of course preparations (normally no more than 4), committee appointments, student club or society leadership, and other assigned responsibilities. For disciplines with high contact hour courses the range may be higher than 21 or 25 contact hours and shall be examined on a case-by-case basis.</p> <p>A full-time teaching load for chairs is 12 to 15 contact hours per week in the fall and spring semesters and 6 to 9 contact hours per week in the summer. Chair teaching loads should reflect the breadth of the program, number of full-time and adjunct faculty under supervision, outside accreditation standards, and facilities management responsibilities.</p> <p>A full-time teaching load for deans is three (3) to six (6) contact hours per week in the fall and spring semesters and zero (0) to three (3) contact hours per week in the summer. Dean</p>	

teaching loads should reflect the breadth of their divisions, number of programs under supervision, and other assigned responsibilities.

Designation	Fall/ Spring Teaching Load (contact hours per week per semester)	Summer Teaching Load (contact hours per week per semester)
Full-time Faculty/Lead Instructors	18 – 21 (Arts and Sciences) 18 – 25 (Health and Applied Sciences)	9-12 (12 month full time faculty)
Chair	12-15	6-9
Dean	3-6	0-3

Teaching load may be averaged over their full-time contract period. That is, an instructor who exceeds the maximum load one semester may be assigned a reduced load the following semester. Conversely, an instructor with less than a full load in one semester may be assigned additional hours in the subsequent semester without additional compensation.

A full-time teaching load may include day, night, and weekend teaching responsibilities and may include distance-learning formats.

Full-time faculty with less than a full-time load may, with the approval of the Vice President of Instruction and Student Support, generate a full instructional load by teaching a course(s) outside their curriculum area, division, or in continuing education.

Because full-time faculty are expected to participate in committees, student advising, special events such as graduation and awards night, recruitment, student club/activity leadership, on-campus professional development opportunities (see Professional Development Policy), the College discourages the teaching of overload courses. -However, full-time faculty may be asked to teach an overload assignment for extenuating circumstances. Faculty will be paid for overload assignments at their regular hourly rate or the applicable part-time faculty rate (whichever is higher) for the number of overload contact hours taught. Overload contracts must be pre-approved by the Vice President of Instruction and Student Support.

## 2.5. HEALTH AND WELLNESS

### 2.5.1. Exercise Policy

<b>Exercise Policy</b>	
<b>Responsible Division:</b> Human Resources	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 3/10/2009	
<b>EFFECTIVE IMMEDIATELY</b>	
<p>Carteret Community College is committed to the physical well-being of its employees and encourages each employee to maintain a healthy lifestyle. Believing that moderate exercise increases energy and productivity, the College allows all employees, with permission of the direct supervisor, to take up to 30 minutes during the regular work day for the purpose of exercise.</p> <p>The President shall establish procedures for the implementation of this policy, consistent with North Carolina law and the Administrative Code.</p>	

#### Procedure

- This policy conveys a privilege not an entitlement.
- With permission of the employee's supervisor, employees may take up to 30 minutes per day away from their desks for the purpose of exercising.
- This policy is voluntary for the intended purpose and does not confer an equal privilege to any other employees for any other purpose.
- The 30 minutes is non-cumulative and can be taken in any combination as long as the total time does not exceed 30 minutes in one day.
- The time an employee takes away from his or her desk should begin and end on campus (i.e. cannot be used to leave early or arrive late.)
- The intent of the policy is to encourage exercise; therefore, the expectation is that the time would be used for such activities as walking, jogging, or using the Basic Law Enforcement Training gym.
- This policy is not intended to limit the schedules or work flexibility of salaried employees or employees exempt from the Fair Labor Standards Act.

### 2.5.2. Reserved for Future Use

**SECTION 3. STUDENTS**

**3.1. POLICY**

**3.1.1. Academic Integrity Policy**

<b>Academic Integrity Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> N/A
<b>Signature/ Date Approved:</b> Board of Trustees 5/21/19	<b>SACSCOC:</b> N/A
<b>EFFECTIVE IMMEDIATELY</b>	
<p>Two key values at Carteret Community College are honesty and integrity. These values are critical within our learning environment. Students are expected to exhibit academic honesty and integrity in all college endeavors. This specifically means that all students will avoid the following: plagiarism, cheating, fabrication and academic misconduct.</p> <p>Faculty and academic administration will develop procedural guidelines to address violations of academic integrity.</p> <p><b>Definition of Terms:</b></p> <p>Plagiarism: to represent the words, ideas, or materials of another person without acknowledgement. Not citing properly, cutting and pasting from the Internet, and representing another’s words or ideas constitutes plagiarism. College-level work should be the thoughtful reflection and assessment of the published materials learners have gathered for study while being written and cited properly. Reflection and summary represent critical thinking skills. Students who are in doubt as to whether they are providing proper attribution should consult with their instructor or a tutor in Academic Support for guidance.</p> <p>Cheating: is using unauthorized materials or receiving unauthorized assistance before, during or after a quiz, test, examination or other academic assignment. Permission from an instructor should always be granted before collaboration with any other individual or outside resource on an assignment.</p> <p>Fabrication: is the use of invented information or the falsification of research or other findings in completing any course related activity.</p> <p>Academic Misconduct: includes academically dishonest acts such as tampering with grades or taking part in stealing, buying or obtaining an exam or assignment.</p>	

**Procedure**

When an instructor identifies a potential academic integrity violation, the course instructor shall request a meeting with the student via college email to discuss the incident. A face to face meeting is preferable; however, if it is not possible, a meeting to discuss the allegations via email or other technology is acceptable. The student will have an opportunity to respond to the allegations. If the alleged incident of academic dishonesty occurs while using academic support and/or testing services, the college employee witnessing or involved in the incident will report the suspicions to the course instructor within twenty-four hours. The course instructor will then follow the procedure outlined above.

Within five business days of the initial contact with the student, if the instructor decides to impose a consequence (see academic integrity consequences below), the instructor will initiate an Academic Integrity Violation form, documenting the details of the incident, student notification and the imposed consequence. The instructor will obtain signatures from the student, instructor, program chair and division dean. If an instructor is not able to contact the student, or obtain the student's signature, this will not stop the process of reporting the violation.

The instructor then submits a completed form to the Dean of Student Services. Reports of Academic Integrity violations are kept on file in the office of the Dean of Student Services. The Dean of Student Services will notify the instructor, copying the chair, academic dean and Vice President of Instruction and Student Services, about any prior violations of academic integrity for that student, which may result in further consequences. Violations of the Academic Integrity Policy do not expire.

Students who wish to appeal should see Appeal of Academic Action in Section 7.6 of the College Catalog and Student Handbook.

### **Academic Integrity Consequences**

Deliberate violation of the academic integrity policy will result in the following consequences:

First offense – A grade of zero on the assignment/test, which may or may not lead to failure in the course.

Second offense – Failure of the course, regardless of whether the second offense occurred in the same course/semester or in a different or subsequent course/semester. Students who are removed from a class for violating the academic integrity policy will receive a grade of "F" for the course and cannot receive a grade of "WD".

Third offense – Recommended student suspension or expulsion.

Specific Programs (e.g. health science programs, BLET): Certain programs of study may employ different procedures or consequences as required by their outside accrediting bodies or agencies.

### **Example Violations of Academic Integrity**

Violations of academic integrity include but are not limited to the following examples:

- Copying or collaborating on assignments without permission.
- Quoting, paraphrasing or summarizing someone else's work without giving proper citations.
- Submitting an assignment purchased and/or copied from an online or commercial entity.
- Using unauthorized materials (e.g., textbook, notes, technological devices) during an examination.
- Sharing information about the contents of an assignment (including examination) that a student has not taken.
- Interfering electronically with the property of another individual via college computer or other means.
- Sharing a student CCC username/password or other course login information.
- Using unauthorized translation software and assistance from native speakers or advanced-level students in foreign language classes.

**3.1.2. Access Fee Policy**

<b>Access Fee Policy</b>	
<b>Responsible Division:</b> Finance and Administrative Services	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 8/13/19	
<b>EFFECTIVE FALL 2019</b>	
<p>Carteret Community College strives to provide safety and security for all students, faculty, staff and visitors. The President shall publish regulations and procedures accordingly. A campus access fee of \$7.00 will be charged fall and spring semesters and summer term to all enrolled curriculum students.</p> <p><b>Definition of Terms:</b> NONE</p>	

**Procedure****General Parking and Traffic Regulations**

Carteret Community College strives to provide safety and security for all students, faculty, staff and visitors.

Therefore, the following parking and traffic regulations should be followed:

1. Valid parking hangtags/stickers are required to be properly displayed on all vehicles parked on campus between the hours of 7:00 am through 5:00 pm, Monday – Friday.
2. No fee is to be charged to employees but they must register with campus security to receive their permanent parking hangtag.
3. Curriculum students must register with the campus security office located at 115 Banks Street at the beginning of each academic year in order to park a vehicle on campus. Each registered student will receive a sticker that must be displayed on the back window of the vehicle. Stickers are valid for the academic year as noted. A college access fee of \$7.00 is charged to each student per term at the time of registration so no additional fees are required. For a replacement sticker, the charge is \$10.00.
4. Continuing education registered students can obtain a temporary parking hangtag from administration in the Continuing Education office at no charge. These tags are only valid for the duration of the particular course. The Continuing Education office is responsible for maintaining a log of all temporary hangtags issued.
5. Parking for students and employees is on a first-come, first-served basis except for certain designated areas. Designated parking spaces include those marked reserved for:
  - a. Handicapped parking
  - b. Staff parking
  - c. Visitor parking
  - d. Government parking
  - e. Vehicles shall be parked within the lines of designated parking spaces.
  - f. Motorcycles must be parked in designated parking areas.

- g. All motor vehicle laws apply to the operation of vehicles on campus.
  - h. A valid handicapped placard/license tag must also be displayed in order to park in a handicapped parking space. Individuals violating handicapped parking regulations will be charged under North Carolina General Statute 20-37.6, punishable by fine up to \$250.
6. Visitors must register at the College's reception desk to receive a visitor's parking hangtag. Visitors may park in the visitor parking areas or any general parking area except those that are reserved for handicapped, staff, or government parking. Visitor parking is limited to visitors only. No students or employees are allowed to park in visitor parking spaces. The college receptionist will maintain a log of all visitor hangtags issued.
  7. Students, faculty, and staff are responsible for being aware of all traffic and parking regulations. Lack of knowledge of these regulations will not justify forgiveness of penalties for violations.
  8. The campus-wide speed limit is 10 mph. Any person who is observed habitually exceeding a safe speed on campus will be directed to the vice president of finance and administrative services for consultation.
  9. All traffic and parking related accidents or incidents must be reported to a campus security officer or vice president of finance and administrative services and/or reported to Morehead City police department.
  10. Carteret Community College is not responsible for damage to any vehicle parked or being operated on the campus or for any contents within such vehicles at any time.
  11. The President's Cabinet reviews parking availability, including handicapped areas and parking regulations, annually.

### **Penalties and Enforcement**

Students and college employees are responsible for tickets placed on their vehicles for non-moving violations regardless of who was operating the vehicle at the time of the violation. **All fines must be paid within ten days of the infraction at the Business Office located in the McGee Building, Room 144.**

The following violations shall result in the assessment of a \$5.00 fine:

- Failure to display a current parking hangtag/sticker.
- Double-parking or blocking another vehicle.
- Unauthorized parking in visitor parking areas, loading zones, institutional vehicle spaces, other restricted spaces, unmarked areas not specifically designated for parking, blocking driveway or access.
- Failure to park within the lines of designated parking spaces.
- Failure to stop for signs on campus.
- Parking or waiting for passengers while stopped in driveways, fire lanes, and other areas not specifically designated for parking.

The rules and regulations of this policy may be enforced by the College in the following manner:

- The College may issue warning tickets for any reasonable period deemed necessary to properly orient students, faculty and staff regarding parking regulations.
- The College may levy fines as described in the previous section.

- The College may withhold transcripts, degrees/diplomas, library services, registration privileges, and other college services due to failure to pay parking fines as specified herein.
- The College may have vehicles towed in accordance with the provisions of Article 7A, Chapter 20, of the General Statutes of the State of North Carolina.
- Vehicles not plainly displaying authorization to park in restricted areas including disabled/handicapped parking, visitor parking, reserved parking spaces for institutional vehicles, loading zones, and vehicles that park in any area not specifically marked for parking by signage and/or painted parking spaces in paved parking lots are subject to being towed on the first violation.
- Unregistered vehicles parked on the campus in excess of 24 hours and vehicles parked on campus by persons who have had their parking privileges revoked are also subject to being towed.
- The order to tow a vehicle must be given by the president, president's designee, or the next highest-ranking administrator in charge at the time the need for towing services arises. The College will maintain written records on orders to tow.
- Carteret Community College is not responsible for any alleged damage, expense, or inconvenience created by the necessity of having a vehicle towed. The vehicle operator and/or owner of towed vehicle is responsible for the payment of towing fees and for storage charges assessed by the towing company. Towing service fees are payable directly to the towing company. Information related to the location of a towed vehicle may be obtained from a college security officer or the vice president of finance and administrative services.

Any person who is observed habitually in violation of the Carteret Community College Traffic and Parking Regulations shall be directed to the vice president of finance and administrative services for consultation and consideration. Repeated violations of this policy may result in a revocation of campus parking privileges.

#### **Appeal Procedure**

Parking fines, revocation of campus parking privileges, and orders to tow may be appealed; however, the filing of an appeal does not suspend the appellants' obligation to pay fines in the period prescribed herein.

The following procedure should be used to appeal a parking fine, revocation of privileges, or an order to tow:

1. The appellant must submit a written appeal to the vice president of finance and administrative services within five (5) business days of the violation date.
2. The vice president of finance and administrative services will render a decision within five (5) business days of the appeal.
3. If the appellant fails to abide by the period specified in this appeal procedure, the matter is considered resolved in favor of the College and violations or revocation of privileges will stand.
4. If the College fails to abide by the specified period, the matter is considered resolved in favor of the appellant. Any imposed fines will be refunded and revocations of privileges will be lifted.
5. The period can be extended upon the mutual agreement of both parties provided such mutual agreement is put into writing.

6. If an appeal results in a decision favoring the appellant, any fine paid to the College for the alleged offense shall be refunded in full. A finding in favor of the appellant in a towing incident will result in a reimbursement of the towing fee to the appellant by the College. Unsuccessful appellants in towing incidents have the right to appeal their case to district court.

Any questions or concerns about the Parking and Traffic Regulations Procedure or enforcement thereof should be directed to the director of Security and Emergency Preparedness or the vice president of Finance and Administrative Services.

**3.1.4. Attendance Policy**

<b>Attendance Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 4/12/2011	
<b>EFFECTIVE SUMMER 2011</b>	
<p>Class attendance plays an important role in student success, and Carteret Community College requires consistent attendance of all students. Absences are counted from the first class meeting regardless of when a student registers for, or enters, the class. Students must attend a minimum of 80 percent of a course including class hours, laboratory periods, and shop sessions. For specific programs or courses, more stringent minimum attendance requirements apply as indicated on the student's syllabus.</p>	

**Procedure**

To ensure a positive and successful learning environment, students are expected to arrive on time for class and to stay for the entire scheduled period.

Attendance in online (Internet) courses is recorded much the same way as in a traditional class; the initial log-in and subsequent completion and submission of a syllabus quiz constitutes enrollment in the course, and attendance is determined by submission of completed coursework by assigned dates. Students failing to complete required coursework as assigned may be dropped by the instructor. Distance Learning students must log in and complete the syllabus quiz prior to the census date of the class or they will be dropped by the instructor as "never attended." Students enrolled in hybrid and web-supported courses **MUST** meet on the published meeting dates and times indicated by the instructor, unless otherwise indicated by a Change of Curriculum Class form.

When a student has exceeded the number of allowed absences the course instructor may submit a drop form withdrawing the student from the course. Students withdrawn from a course due to a violation of the attendance policy will earn a grade of "UW," which is considered a grade of "F" in calculating the grade point average.

It is the student's responsibility to notify each instructor of the reason for an absence. If a faculty member determines that circumstances warrant leniency on the attendance policy, the faculty member must assign additional work to compensate for the missed class time. A note explaining such accommodations must be attached to the final attendance roster or submitted to the Registrar's office at the end of the semester.

Information regarding the number of hours a student must attend in a variety of courses is listed below. Students should consult with their instructor about the actual hours of required attendance for each class.

Total Contact Hours	Hours Attendance	
Required of Course	(80% Policy)	(90% Policy)
16	12.8	14.4
32	25.6	28.8
48	38.4	43.2
64	51.2	57.6
80	64	72

If class meeting times are missed due to inclement weather, or other unexpected events which disrupt schedules college-wide, the missed coursework must be completed through a make-up plan, as designated by the instructor and submitted to the Registrar for audit purposes.

<p>Students who believe that they have mastered the competencies for a course through previous experience may be allowed to earn course credit through credit by examination. Students must provide evidence of preparation to challenge a course, such as a transcript of similar college-level credits, record of military study, certification or license, or written statements from employers regarding training or directly related work experience. A student must have completed any course prerequisites before taking a credit by examination. Students may not attempt more than ten percent (10%) of the required credit hours in their curriculum program by means of credit by examination. Students must complete a minimum of twenty-five percent (25%) of the required credit hours in their curriculum program at Carteret Community College and credit by examination credits do not apply toward the twenty-five percent.</p> <p>Credit by examinations are not available for every course. Students may obtain the current list of available credit by examination options in the Student Services Office. Credit by examination may be administered through written, oral, practical examination, or any combination of these methods deemed appropriate for the course being challenged. Students who fail a specific credit by examination will not be permitted a second opportunity. Students who do not successfully complete a course due to failure, official withdrawal, medical withdrawal, or violation of the College attendance policy will not be permitted to take a credit by examination for the course in question.</p>	

**Procedure**

1. Students will be required to show documentation of evidence of previous coursework or experience that qualify them as proficient in the subject matter of the course. The appropriate Division Dean will review the documentation for approval of administering the examination.
2. After receiving approval, students must register for the course they intend to challenge before the last purge date and before classes begin, and then must contact the Curriculum Area Coordinator to schedule the examination.
3. All credit by examination must be taken by before 1<sup>st</sup> day of classes. Students are encouraged to take the credit by examination as early as possible to avoid financial obligations.
4. Upon successful completion of the examination with a passing score, students will have the option to drop the course and add another course, or simply drop the course and receive a tuition refund.
5. All examinations will be graded on a Pass/Fail basis. A passing score will be considered 80 percent or higher. Students who pass a credit by examination will receive credit hours for the course, but no quality points.

The term "education record," under the provisions of the law, does not include the following:</p> <ol style="list-style-type: none"> <li>1. Records of institutional, supervisory, and administrative personnel which are in the sole possession of the maker and which are not accessible or revealed to any other person except a substitute for the above-named personnel;</li> <li>2. provision for treatment for the student and are not available to anyone other than the persons providing such treatment, except that such records can be personally reviewed by a physician or other appropriate professional of a given student's choice;

4. Financial records of the parents of the students or other information therein contained;
5. Records connected with an application to attend the College, or a component unit of the College, if that application was denied;
6. Confidential recommendations if a given student has signed a waiver of the student's rights of access, provided such a waiver may not be required of the student; and
7. Confidential letters or statements of recommendation which were placed in educational records prior to January 1, 1975, if such records or statements are not used for purposes other than those for which they were specifically intended.

**“DIRECTORY INFORMATION”**- although the college does not produce or provide a directory of student information for public use, the following information is considered by the college as available without individual student consent:

1. Student's name and hometown;
2. Major field of study or program; and
3. Dates of attendance, degrees, diplomas, or awards earned.

### **Procedure**

Carteret Community College, in the fulfillment of its responsibilities to students, must maintain accurate and confidential student records. College staff recognizes the rights of students to have access to their academic and personal records in accordance with existing college policy and the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment).

Students' records are their own property; therefore, this information is released only when a student signs an Academic Information Request Form. Students may have copies of their transcripts sent to any institutions or individuals they choose or may order copies for their own use. The college charges a nominal amount for copies of transcripts.

The rules and regulations on access to and release of student information are available to students, faculty, and staff in the *College Catalog & Student Handbook*. They specify the procedures for release of student information, student access to records, a description of all student records being maintained by the college, and the procedure for students to initiate a hearing to challenge accuracy of educational records.

### **Procedure to Inspect Education Records**

#### **A. Control Provisions on Student Records and Student Information.**

1. Transcripts and other information are released only with written permission of the student. When information other than the transcript is released from the student's official record (Office of Student Records), the student will receive a copy of the release.
2. Students have the right to inspect their own records whether recorded in hard copy form or digitally archived. Upon inspection of their records, students are entitled to an explanation of any information contained in their records.
3. A student's Education Record shall not be sent outside official enrollment areas (e.g., Counseling, Records, Admissions, Veterans Affairs) except in circumstances specifically authorized by the appropriate Dean. The authorization for such special circumstances must be in writing.

- B. Release of a Student's Education Records to Educational Institutions, State, and Federal Agencies.
1. Such requests for confidential information shall not be honored without proper written consent by the student for the release of such records except under conditions indicated in paragraphs 2 and 5 below.
    - i. The written consent must specify the records or the specific data to be released, to whom they are to be released, and the reasons for release.
    - ii. Each request for consent must be specific, and each request must be handled separately.
  2. Requests for confidential information will be honored without prior consent of the student in connection with an emergency if, in the view of a reasonable person, the knowledge of such information by appropriate persons is necessary to protect the health or safety of the student or other persons. However, such a release shall have the approval of the Dean of Student Services unless it can be shown that under the circumstances either time would not permit or no authorized administrator was available.
  3. The following "Directory Information" may be made available to the public by the college unless students notify the Registrar in writing by the third week of the term that such information is not to be made available:
    - i. Student's name and hometown;
    - ii. Major field of study or program; and
    - iii. Dates of attendance and degrees, diplomas, or awards earned.
  4. Information Other than "Directory Information"

Any release of student information for public use or use by the media except that designated above (Part B. 3.) must have prior written approval by the students involved.
  5. Disclosure to Government Agencies.

Properly identified and authorized representatives of or bona fide written requests from the Comptroller General of the United States; an administrative head of a federal health, education, or human services agency; or state educational authorities may have access to student or other records which may be necessary in connection with the audit and evaluation of federal or state-supported educational programs or in connection with the enforcement of the federal or legal requirements which relate to such programs. Routine requests for student data from such agencies as OEO, research agencies, and state reporting agencies may be honored without prior approval of the student only in formats where students are not identified.
  6. Faculty and administrative officers of the college who demonstrate a legitimate educational need will be permitted to look at the official student file for a particular student.
  7. Confidential information requested by other than federal or state agencies as specified in Part B. 5. above will be released only under the following conditions:
    - i. An official order of a court of competent jurisdiction; or
    - ii. Subpoena. (Students will be notified immediately by registered mail that their records are being subpoenaed.)
  8. Record of Who Has Access

A record of access to a student's education record will be maintained within the file itself. This record will show the name, address, date, and purpose of the person who has been granted access. All persons who have access will be included in this record except those institutional employees who, because of the nature of their duties, have been granted access.

**C. Student Access to Records**

1. Students may inspect and review their education records upon request to the Registrar.
2. Students should submit to the Registrar, or an appropriate College staff person, a written request which identifies, as precisely as possible, the record or records the student wishes to inspect.
3. When a record contains information about more than one student, the student may inspect and review only the records which relate to the individual student.
4. The Registrar, or an appropriate College staff person, will make the needed arrangements for access as promptly as possible and notify the student of the time and place that the records may be inspected. Access must be given in 15 days or less from the date of receipt of the request.

**Refusal to Provide Copies**

The College reserves the right to deny copies of records, including transcripts, not required to be made available by FERPA in any of the following situations:

- A. The student has an unpaid financial obligation to the College.
- B. There is an unresolved disciplinary action against the student.
- C. The education record requested is an exam or set of standardized test questions. (An exam or standardized test, which is not directly related to a student, is not an education record subject to FERPA's access provisions.)

**Records Retention:**

Student academic records are retained through an electronic archival system and reviewed at the time of program completion or termination of enrollment by the registrar's office for accuracy. In accordance with the Records Retention & Disposition Schedule set forth by the North Carolina Community College System, the current student education record includes:

- Applications for admission
- Academic transcripts
- Medical records
- Aptitude and achievement test results
- Delinquent account records
- Grades
- Degree audits with list of courses taken
- Number of credits earned
- Clearance notes
- Correspondence
- Other related records

**Fees for Copies of Records**

A college or university may not charge for search and retrieval of the records. Upon electronically signed approval, the College will authorize the release of an official transcript to the student, another college, university, designated institution or through the Parchment Exchange company, if there is no indebtedness to the College. The fee for an official transcript is \$3.50 if sent electronically, or \$5.50 if sent by mail; unofficial transcripts are provided free of charge.

#### **Correction of Education Records**

Students have the right to ask to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

- A. A student must request, in writing, to the appropriate official of the College, to amend a record. In so doing, the student should identify the part of the record to be amended and specify why the student believes it is inaccurate, misleading, or in violation of their privacy rights.
- B. The College may comply with the request or it may decide not to comply. If it decides not to comply, the College will notify the student of the decision and advise the student of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's privacy rights.
- C. Upon request in writing, the College will arrange for a hearing and notify the student, reasonably in advance of the date, place, and time of the hearing.
- D. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the College. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney.
- E. The College will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
- F. If the College decides the information is inaccurate, misleading, or in violation of the student's right of privacy, it will amend the record and notify the student, in writing, that the record has been amended.
- G. If the College decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, it will notify the student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.
- H. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If the College discloses the contested portion of the record, it must also disclose the statement.
- I. Students have the right to review their official records maintained by the college. Furthermore, students may question any inaccurate or misleading information and request correction or deletion of such data from their files.
- J. All such requests will be sent to the Registrar and will become part of that student's file.
- K. All requests for correction of a student file will be acted upon within 15 work days of receipt of the request. If the custodian can verify that such data are, in fact, in error, appropriate corrections will be made, and the student will be notified in writing when the correction has been completed. If an error cannot be readily substantiated, the request will be referred to an ad hoc hearing committee appointed by the Vice President of Instruction and Student Support.
- L. After a student has had the opportunity to present the case to the hearing committee, the committee will render a decision in writing, stating the reasons for its decision. If the decision is in agreement with the student's request, the student will be permitted to review the file to verify that the change has been made correctly. If the student's request is denied, the student will be permitted to add a statement to the record in question, showing the basis for the disagreement with the denial. Such additions will become a permanent part of the record

**Spanish Placement Testing**

The purpose of Spanish placement testing at Carteret Community College is to determine the level at which a student is currently performing and to place that student in the course that matches the student's performance. The goal is to maximize learning and success.

Students wishing to complete the Spanish placement test will schedule an appointment through Academic Support Services where the placement test will be administered. Non-course (NC) credit will be awarded to determine appropriate placement based on student performance.

Guidelines for Spanish placement:

Any student may begin in SPA 111: Elementary Spanish I, if desired.

Students who have taken two (2) consecutive units of high school Spanish in the last two years and have earned a grade of C or better may automatically start in SPA 112: Elementary Spanish II. Students wanting to confirm they are prepared to take SPA 112: Elementary Spanish II may take the Spanish placement test.

Any student desiring to enroll in SPA 211: Intermediate Spanish I or SPA 212: Intermediate Spanish II without meeting the prerequisite courses must take the Spanish placement test to confirm readiness.

Heritage speakers must take the placement test for proper placement.

**B. Other Applicants**

Applicants without a recent (within five years of application) transcript GPA or ACT/ SAT scores must take the placement test to determine placement.

### **Placement Testing**

CCC utilizes the NC Diagnostic and Placement test to determine placement in math and English and a computer literacy test. The tests are timed, computerized tests. Placement testing is offered in scheduled group settings, and **a photo ID is required.**

Placement test scores are valid for five years from the date of the test. After five years, applicants will be asked to retake the math and/or English placement test(s).

Applicants/students can re-take a placement test only twice in twelve consecutive months. Prior to taking a placement test the second time, students must visit the Academic Support (tutoring) Center for individual instruction. Re-taking the placement test must be approved by the student's subject instructor or advisor. Students currently enrolled in developmental courses may test through the schedule adjustment period or after the "Drop without Academic Penalty" period.

There is no testing fee for students who have never tested, or whose scores are more than five years old at the time of application. Nor is there a testing fee when an instructor requests a retest. However, for student-initiated retest requests within the five-year period when scores are considered to be valid and for students testing for another college or university there is a \$5.00 per subject retest fee.

To have placement test scores sent to another college, a written request must be made through the registrar's office. Students with special needs or concerns related to placement testing should contact Counseling Services.

### **Placement Test Exemption**

Placement testing may be waived for some students with documented proof of successful completion of prior college education in pre-algebra, algebra, reading, writing, and computer literacy. A grade of C or better in a college-level English, math, or computer literacy course, or a grade of DP in the sequential completion of developmental coursework is required. Placement testing may also be waived for students upon receipt of official transcript(s) if they have earned a bachelor's or higher degree.

Some test scores, including ACCUPLACER, COMPASS, AND ASSET scores, may be transferred from another institution via an official transcript or notification from the institution. Transferred scores are subject to the same five-year time limit.

Carteret Community College will accept Scholastic Aptitude Test (SAT) and American College Testing (ACT) scores in lieu of placement test scores with the same time restrictions as the equivalent placement test.

If you have special needs or concerns related to placement testing, contact the Disability Services Counselor at (252) 222-6148.

**3.1.10. Repeat for Curriculum Course Work Policy**

<p>The Board of Trustees authorizes the following policy with regard to repeating a course at Carteret Community College.</p> <p>Cooperative education and internship courses may be repeated for a grade up to two times if a passing grade was not achieved the first time and only with written permission of the Program Chair. Each attempt will be recorded, and all grades will be reflected on the transcript. The highest grade earned for the cooperative education or internship course will be used to calculate a cumulative grade point average. No course may be counted more than once toward graduation, and cooperative education and internship courses may not be audited.</p> <p>Any other curriculum course may be completed a total of three times, including audits. Each attempt will be recorded, and all grades will be reflected on the transcript. The highest grade will be used to calculate a cumulative grade point average. No course may be counted more than once toward graduation. If, after three attempts a student has not made a passing grade in a course, the student must have the written approval of their advisor, the appropriate Division Dean, and the Director of Enrollment and Registration Services to enroll in the same course a fourth time. If a student wishes to take a previously passed course more than three times for personal benefit, it can be taken as an audit, and that student must pay the actual cost of the course (based on the current rate for self-supporting courses) rather than the tax-subsidized cost and must have the written permission of the Program Chair, the Division Dean, and the Director of Enrollment and Registration Services.</p> <p>Required approvals will be in the form of a memorandum initiated by the Program Chair, approved by signatures as outlined above, and placed in the student's permanent file.</p> <p>Veterans and financial aid students should be aware that they cannot receive benefits for courses previously passed. Furthermore, transfer students should be advised that receiving institutions do not have consistent policies regarding GPA computation. Admissions personnel will review the transcripts of transfer applicants and may recompute GPA to include original grades.</p> <p>The Program Chair, the Division Dean, Director of Enrollment and Registration Services, and the Vice President of Instruction and Student Support must approve any exceptions to this policy.</p>	

**3.1.11. State Residency Policy**

<b>State Residency Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> N.C. Gen. Stat. § 116-143.1; Session Law 2015-241; and SACSCOC (old) 3.2.2.1

<b>EFFECTIVE IMMEDIATELY</b>	
<p>N.C. Gen. Stat. § 116-143.1 sets forth specific standards for determining residency for the purpose of charging in-state or out-of-state tuition. Session Law 2015-241 authorized the State Education Assistance Authority to perform all functions necessary to implement a coordinated and centralized process to apply the criteria in N.C. Gen. Stat. § 116-143.1 and directed the North Carolina Community College System to comply with an orderly transition from campus-based residency determination to the coordinated, centralized process.</p> <p>To abide by the residency laws of the State of North Carolina, Carteret Community College directs all students to the North Carolina Residency Determination Service (RDS) and charges students based on RDS findings. Students who wish to appeal the RDS finding must do so through the State Education Assistance Authority process.</p>	

**Procedure**

- A. As defined under this section:
1. A “legal resident” or “resident” is a person who qualifies as a domiciliary of North Carolina; a “nonresident” is a person who does not qualify as a domiciliary of North Carolina.
  2. A “resident for tuition purposes” is a person who qualifies for the in-state tuition rate; a “nonresident for tuition purposes” is a person who does not qualify for the in-state rate.
  3. An “institution of higher education” means any of the constituent institutions of the University of North Carolina and the community and technical colleges.
- B. To qualify as a resident for tuition purposes, a person must have established legal residence (domicile) in North Carolina and maintained that legal residence for at least twelve (12) months immediately prior to the classification as a resident for tuition purposes. Every applicant for admission shall be required to make a statement as to length of residence in the State.
- C. To be eligible for classification as a resident for tuition purposes, a person must establish that their presence in the State currently is, and during the requisite 12-month qualifying period was, for purposes of maintaining a bona fide domicile rather than of maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education.
- D. An individual shall not be classified as a resident for tuition purposes and, thus, not rendered eligible to receive the in-state tuition rate, until they have provided such evidence related to legal residence and its duration as required by officials of the institution of higher education from which the individual seeks the in-state tuition rate.

- E. When an individual presents evidence that the individual has living parent(s) or a court-appointed guardian, the legal residence of such parent(s) or guardian shall be prima facie evidence of the individual's legal residence, which may be reinforced or rebutted relative to the age and general circumstances of the individual by the other evidence of legal residence required of or presented by the individual; provided, that the legal residence of an individual whose parents are domiciled outside this State shall not be prima facie evidence of the individual's legal residence if the individual has lived in this State the five consecutive years prior to enrolling or reregistering at the institution of higher education at which resident status for tuition purposes is sought.
- F. In making domiciliary determinations related to the classification of persons as residents or nonresidents for tuition purposes, the domicile of a married person, irrespective of sex, shall be determined, as in the case of an unmarried person, by reference to all relevant evidence of domiciliary intent. For purposes of this section:
1. No person shall be precluded solely by reason of marriage to a person domiciled outside North Carolina from establishing or maintaining legal residence in North Carolina and subsequently qualifying or continuing to qualify as a resident for tuition purposes;
  2. No person shall be deemed solely by reason of marriage to a person domiciled in North Carolina to have qualified or continued to qualify as a resident for tuition purposes;
  3. In determining the domicile of a married person, irrespective of sex, the fact of marriage and the place of domicile of the spouse shall be deemed relevant evidence to be considered in ascertaining domiciliary intent.
- G. Any nonresident person, irrespective of sex, who marries a legal resident of this State or marries one later becoming a legal resident of this state, accedes to the benefit of the spouse's immediately precedent duration as a legal resident for purposes of satisfying the 12-month duration requirement of this section.
- H. No person shall lose the resident status for tuition purposes solely by reasons of serving in the armed forces outside their State.
1. Any member of a North Carolina National Guard unit who is a nonresident shall be eligible to be charged the in-state tuition rate and shall pay the full amount of the in-state tuition rate and applicable mandatory fees. This subsection applies to members in a reserve or active duty status.
- I. A person who, having acquired bona fide legal residence in North Carolina, has been classified as a resident for tuition purposes but who, when enrolled in a State institution of higher education, loses North Carolina legal residence, shall continue to enjoy the in-state tuition rates for a statutory grace period which shall be measured from the date on which the culminating circumstances arose that caused loss of legal residence and shall continue for 12 months, provided that a resident's marriage to a person domiciled outside of North Carolina shall not be deemed a culminating circumstance even when said resident's spouse continues to be domiciled outside of North Carolina; and provided, further, that if the 12-month period ends during a semester or academic term in which such a former resident is enrolled at a State institution of higher education, such grace period shall extend, in addition, to the end of that semester or academic term.
- J. Notwithstanding the prima facie evidence of legal residence of an individual derived pursuant to subsection (e), notwithstanding the presumptions of the legal residence of a minor established by common law, and notwithstanding the authority of a judicially determined custody award of a minor, for purposes of this section, the legal residence of a minor whose

parents are divorced, separated, or otherwise living apart shall be deemed to be North Carolina for the time period relative to which either parent is entitled to claim and does in fact claim the minor as a dependent for North Carolina individual income tax purposes. The provisions of this subsection shall pertain only to a minor who is claimed as a dependent by a North Carolina legal resident.

Any person who immediately prior to their eighteenth birthday would have been deemed under this subsection a North Carolina legal resident but who achieves majority before enrolling at an institution of higher education shall not lose the benefit of this subsection if that person:

1. Upon achieving majority, acts, to the extent that the person's degree of actual emancipation permits, in a manner consistent with bona fide legal residence in North Carolina; and
  2. Begins enrollment at an institution of higher education not later than the fall academic term next following completion of education prerequisite to admission at such institution.
- K. Notwithstanding other provisions of this section, a minor who satisfies the following conditions immediately prior to commencement of an enrolled term at an institution of higher education, shall be accorded resident tuition status for that term:
1. The minor has lived for five or more consecutive years continuing to such term in North Carolina in the home of an adult relative other than a parent, domiciled in this State; and
  2. The adult relative has functioned during those years as a de facto guardian of the minor and exercised day-to-day care, supervision, and control of the minor.

A person who immediately prior to their eighteenth birthday qualified for or was accorded resident status for tuition purposes pursuant to this subsection shall be deemed upon achieving majority to be a legal resident of North Carolina of at least 12 months' duration; provided, that the legal residence of such an adult person shall be deemed to continue in North Carolina only so long as the person does not abandon legal residence in this State.

- L. Any person who ceases to be enrolled at or graduates from an institution of higher education while classified as a resident for tuition purposes and subsequently abandons North Carolina domicile shall be permitted to reenroll at an institution of higher education as a resident for tuition purposes without necessity of meeting the 12-month durational requirement of this section if the person reestablishes North Carolina domicile within 12 months of abandonment of North Carolina domicile and continuously maintains the reestablished North Carolina domicile at least through the beginning of the academic term(s) for which in-State tuition status is sought. The benefit of this subsection shall be accorded not more than once to any one person.
- M. Notwithstanding subsection (b) of this section, a person who is a full-time employee of The University of North Carolina, or is the spouse or dependent child of a full-time employee of The University of North Carolina, and who is a legal resident of North Carolina, qualifies as a resident for tuition purposes without having maintained that legal residence for at least 12 months immediately prior to their classification as a resident for tuition purposes. (1971, c. 845, ss. 7-9; 1973, cc. 710, 1364, 1377; 1975, c. 436; 1979, cc. 435, 836; 1981, cc. 471, 905; 1987, c. 564, s. 19; 1989, c. 728, s. 1.3; 1991 (Reg. ### **Responsibility of Students**

Any student or prospective student in doubt concerning their residence status must bear the responsibility for securing a ruling by stating their case in writing to the Admissions Officer. The student, who, due to subsequent events, becomes eligible for a change in classification, whether from out-of-state to in-state or the reverse, has the responsibility of immediately informing the Office of Admissions of this circumstance in writing. Failure to give complete and current information regarding residence constitutes grounds for disciplinary action.

### **Appeals of Residency Classification**

A student appeal of residency classification decision must be made within ten (10) working days of the date the student is informed of the initial decision. Such appeal must be made in writing to the Dean for Student Services who will immediately transmit the appeal to the Appeals Committee. The Admissions Officer shall not vote on the disposition of such appeal. The student shall be notified of the date set for consideration of the appeal and, on request of the student, the student shall be afforded an opportunity to appear and be heard by the Committee. Any student desiring to appeal a decision of the Appeals Committee shall give notice in writing of the fact within ten (10) days of receipt by the student of the decision of the Appeals Committee, and the basis for such appeal, to Dean for Student Services. The Dean shall promptly transmit the appeal to the State Residence Committee.

### **North Carolina State Residence Classification Manual**

Please refer to the [North Carolina State Residence Classification Manual](#) for more detailed information on residency classification.

Regulations concerning the classification of students by residence for purposes of applicable tuition differentials are set forth in detail in A Manual to Assist the Public Higher Education Institutions of North Carolina in The Matter of Student Residence Classification for Tuition Purposes. Each enrolled student is responsible for knowing the contents of the manual, which is the controlling administrative statement of policy on this subject. Copies of the Manual are available for review in the Carteret Community College Office of Admissions and the Carteret Community College Library.

***Please note: All North Carolina post-secondary institutions will transition to a centralized Residency Determination Service (RDS) during the 2017-2018 Academic Year. Students entering the College in Spring 2018 may be subject to the new RDS process. The College will notify all current and prospective students of these changes as soon as our transition date is determined.***

3. with copies to all parties who received correspondence concerning the appeal at any step in the appeals process.

### **Compliance with the President's Decision**

If the President finds in favor of the student, the student shall be immediately reinstated and appropriate corrective action undertaken. The Director, the Vice President, other relevant

personnel, and the student shall meet within five (5) business days from the date of the receipt of the notice by the President to agree upon corrective action. If circumstances make it impractical for the parties to meet within five (5) business days, then the President may extend this meeting date to a date agreeable to all parties, but in no event shall this meeting take place more than ten (10) business days from the date of student's receipt of the notice of decision of the President.

### **Students Rights and Responsibilities**

Each student is guaranteed the exercise of his or her rights of citizenship under the Constitution of the United States without fear or prejudice. In addition to Constitutional rights as a citizen, each individual enrolled at the College is guaranteed additional student rights, which are listed below:

1. Students are free to pursue their educational goals. Appropriate opportunities for learning in the classroom and on the campus shall be provided by the College.
2. Free inquiry, expression, and peaceful, nonthreatening assembly are guaranteed to all students.
3. No disciplinary sanctions other than admonition, warning, and reprimand may be imposed upon any student without due process.
4. Evaluation of student academic performance shall not be prejudicial. The student is entitled to an explanation of the basis for grades. The College, however, has the right to set reasonable academic standards which students must meet.
5. The College and members of the College community have the right to expect personal safety, protection of property, and the continuity of the educational process.

Students are expected to acquaint themselves with and observe College regulations and policies contained in the *College Catalog & Student Handbook* and all announcements made through the administration.

Furthermore, it is the responsibility of each student to know and meet the graduation requirements of the College in his or her particular program of study and to maintain the minimum required grade point average. Counselors and academic advisors will work with students, but the final responsibility is that of the individual student.

### **DEFINITIONS**

#### **Business Days**

Any day that the college administrative offices are open for the regular transaction of college business, excluding Saturdays, Sundays, legal state holidays observed according to the academic calendar, and Fridays from the third Friday in May through the second Friday in August.

#### **Proof of Receipt**

1. Address to which correspondence to a student is sent shall be the last place of residence as recorded on official college records.
2. The return receipt of the U.S. Postal Service shall constitute proof of receipt of all mailed correspondence and documents
3. A copy of the hand delivered document, signed and dated by the recipient, shall constitute proof of receipt of all hand delivered correspondence and documents.

#### **Student Conduct**

Disciplinary Action and Academic Action

Students may be affected by two separate and distinct types of action at the College.

1. Academic action - any action that is taken by a faculty member or other employee of the college that directly relates to final grades or participation in classes, programs, or other academic activities.
2. Disciplinary action - an action taken by a faculty member or any other employee of the College against a student for a violation of the Rules of Student Conduct.

The information set out below gives the student and all college employees a step by step guide to understanding and completing an appeal from an adverse decision.

### **Disciplinary Action Procedures**

Any faculty, staff member or administrator who takes disciplinary action against a student beyond a verbal warning shall:

1. Notify the student in writing, delivered by certified mail, return receipt requested, restricted delivery or hand delivered.
2. Send a copy of the notice to the:
  - a. Senior Director of Student Services,
  - b. drafter's immediate supervisor,
  - c. appropriate Vice President, and
  - d. appropriate Division Dean supervising the student's program of study.

The notice shall set out the:

1. charges against the student;
2. evidence substantiating the charges;
3. proposed disciplinary action to be taken; and
4. specific appeal procedures available to the student.

### **Summary Suspension**

A summary suspension is an immediate suspension without a hearing which is used rarely and in only cases of perceived imminent danger to or disruption of the students and employees of the College.

In case of summary suspension, a written notice of the disciplinary action shall be sent to the:

1. student immediately following the summary suspension,
2. Senior Director of Student Services,
3. drafter's immediate supervisor,
4. appropriate Vice President, and
5. appropriate Division Dean supervising the student's program of study.

The Senior Director of Student Services shall be responsible for placing a copy of the notice of disciplinary action in the student's file, which may be noted on the student's transcript.

### **Academic Action Procedures**

College faculty has the freedom to develop course requirements, to decide on teaching methods and to determine how final grades are awarded. The College recognizes that this process cannot be totally objective, so it is reasonable that a student might disagree with his or her final course grade.

The College has a published attendance policy requiring students to attend at least 80% of a course's contact hours (some programs may adhere to a more stringent attendance policy as stipulated on the appropriate course syllabi). A course instructor is responsible for tracking student attendance and enforcing the attendance policy. In general, the attendance policy allows

an instructor to drop a student from a course when the policy is violated (students are informed of instructor drops via email from the Registrar). While there are no “excused absences,” if a student is not in class the College assumes that he or she has a valid reason. There are situations beyond a student’s control that may merit special consideration in the opinion of the instructor.

The Health Sciences faculty of Carteret Community College has both a legal and ethical responsibility to protect the public and health care community from unsafe practices. As a result of this obligation, students may be disciplined and/or dismissed from a program of study for practices, which are deemed threats to individual safety. Safety threats are those which threaten or have the potential to threaten the safety of a client, the client’s family, another student, a faculty member or another health care provider.

The faculty member who determines that a student cannot function at a safe level in clinical practice will notify the student to leave the area immediately. The faculty member will then notify the curriculum area coordinator, who in turn will notify the Division Dean of Health Sciences and the Senior Director of Student Services, hereinafter referred to as the Director, within 24 hours of the incident. The faculty member, the curriculum area coordinator, the Division Dean of Health Sciences, and the Senior Director of Student Services, or his/her designee, will meet to discuss the situation and to determine the appropriate action. The involved student is afforded the opportunity to meet with these individuals to state his/her position. During the period of investigation, the student will not participate in any clinical experience, but may be allowed to attend classroom sessions. The student has the right to appeal the decision involving action according to the Procedures for Student Appeal.

**3.1.16. Sex Discrimination and Harassment Policy (Title IX)**

<b>Sex Discrimination and Harassment Policy (Title IX)</b>	
<b>Responsible Division:</b> Office of the President	<b>Citation:</b> Title 20 U.S.C. Sections 1681-1688
<b>Signature/ Date Approved:</b> Board of Trustees 10/13/2020	
<b>EFFECTIVE IMMEDIATELY</b>	
<p><b>Notice of Nondiscrimination</b></p> <p>Carteret Community College (“Carteret CC”), in compliance with and as required by Title IX of the Education Amendments Act of 1972 and its implementing regulations (“Title IX”) and other civil rights laws, as well as in furtherance of its own values as a higher education institution, does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender, gender identity, gender expression, pregnancy, disability, age, religion, veteran status, or any other characteristic or status protected by applicable local, state, or federal law in admission, treatment, or access to, or employment in, its programs and activities.</p> <p>Discrimination and harassment are opposing to the values and standards of Carteret CC; are incompatible with the safe, healthy environment that our College community expects and deserves and will not be tolerated. Carteret CC is committed to providing programs, activities, and an education and work environment free from discrimination and harassment. The College is also committed to fostering a community that promotes prompt reporting and fair and timely resolution of those behaviors.</p> <p>Inquiries concerning discrimination or harassment on the basis of sex may be referred to CCC’s Title IX Coordinator. Appendices A to this document provides Title IX Coordinator’s contact information.</p> <p>Inquiries concerning discrimination or harassment based on a protected characteristic or status other than sex may be referred to Dean of Student Services (for students) or the Director of Human Resources (for employees). Appendices A also provides their contact information.</p> <p>Individuals may also make inquiries regarding discrimination or harassment to the U.S. Department of Education’s Office for Civil Rights by contacting the District of Columbia Office, 400 Maryland Avenue, SW, Washington, D.C. 20202-1475; Phone 800-421-3481; email: OCR@ed.gov.</p> <p><b>Prohibition on Sex Discrimination and Harassment, Retaliation, and Providing False Information or Interfering with a Grievance Process</b></p> <p>This Policy prohibits discrimination and harassment on the basis of sex. Carteret CC strongly encourages the prompt reporting of, and is committed to timely and fair resolution of, complaints of sex discrimination and harassment.</p> <p>Sexual Harassment, as defined by Title IX and herein, is a specific type of sex discrimination/harassment that includes Sexual Assault, Dating Violence, Domestic Violence, and Stalking and that Carteret CC addresses using its Title IX Sexual Harassment Grievance Procedures, as required by Title IX.</p> <p>This Policy also prohibits Retaliation, as defined by Title IX and herein. Complaints alleging Retaliation may be filed with the Title IX Coordinator and, at the discretion of the Title IX</p>	

Coordinator, may be addressed under the College's Title IX Sexual Harassment Grievance Procedures or other grievance procedures adopted by CCC.

Additionally, any individual who knowingly files a false Formal Complaint or who interferes with a Carteret CC grievance process may be subject to disciplinary action. Interference with a grievance process may include, but is not limited to, attempting to coerce, compel, or prevent an individual from providing testimony or relevant information; removing, destroying, or altering documentation relevant to an investigation; or providing false or misleading information to Carteret CC officials who are involved in the investigation and/or resolution of a Formal Complaint, or encouraging others to do so.

### **Reporting and Period of Limitations**

Any person (whether or not alleged to be the victim) may report sex discrimination or harassment, including Sexual Harassment, in person, by mail, by telephone, or by electronic mail, using the contact information for the Title IX Coordinator listed in Appendices A, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours). The College strongly encourages all employees and other members of Carteret CC to promptly report concerns regarding suspected or known discrimination/harassment on the basis of sex to the Title IX Coordinator.

In addition to the Title IX Coordinator, Carteret CC has designated the following employees as individuals with the authority to institute corrective measures on behalf of the College: President, Vice Presidents, Deans, Program Chairs, Directors, Department Heads, and Human Resources Personnel. Accordingly, these employees are required to report discrimination and harassment on the basis of sex to the Title IX Coordinator.

Additionally, the College has designated licensed professional counselors, licensed clinical social workers, and licensed psychologists, who are providing personal counseling services to students, as a confidential resource.

Information about sex discrimination or harassment shared with these confidential resources typically will not be reported to other Carteret CC personnel (including the Title IX Coordinator), to the Respondent, or to others, unless the disclosing individual gives their consent to the disclosure or the law requires it (as may be the case with abuse involving a minor or under conditions involving imminent physical harm, for example). (Confidential resources may report non-identifying statistical information to the Title IX Coordinator for recordkeeping and compliance purposes.)

Carteret CC will address allegations of sex discrimination and harassment appropriately no matter the length of time that has passed since the alleged conduct. However, Carteret CC strongly encourages prompt reporting to preserve evidence for a potential legal or disciplinary proceeding. Delay may compromise the ability to investigate, particularly if the individuals involved in the alleged conduct are no longer students or employees at the College.

### **Applicability of Policy and Grievance Procedures**

This Policy applies to any allegation of sex discrimination or harassment made by or against a student or an employee of Carteret CC or a third party, regardless of sex, sexual orientation, sexual identity, gender expression, or gender identity.

The Title IX Sexual Harassment Grievance Procedures apply only to allegations of Sexual Harassment in a Carteret CC Education Program or Activity (as defined herein).

The College will address allegations of other types of sexual harassment (i.e., that do not meet the definition of Title IX Sexual Harassment) by: (1) using other student and employee

conduct disciplinary procedures deemed appropriate by the Title IX Coordinator in consultation with other Carteret CC administrators; and/or (2) with Supportive Measures, which are defined and discussed in more detail herein.

### **Rights of Parents**

When a student Complainant or Respondent is a minor or has a guardian appointed and their parent or guardian has the legal right to act on the student's behalf, then the parent or guardian may file a Formal Complaint on behalf of the student, although the student would be the "Complainant." In such a situation, the parent or guardian may exercise the rights granted to the student under this Policy, including requesting Supportive Measures and participating in a grievance process. Similarly, the parent or guardian may accompany the student to meetings, interviews, and hearings during a grievance process to exercise rights on behalf of the student, while the student's Advisor of choice may be a different person from the parent or guardian. Whether or not a parent or guardian has the legal right to act on behalf of an individual would be determined by state law, court orders, child custody arrangements, or other sources granting legal rights to parents or guardians.

Additionally, FERPA and its implementing regulations address the circumstances under which a parent or guardian is permitted to inspect and review a student's education records. However, in circumstances in which FERPA would not grant a party the opportunity to inspect and review evidence in connection with a grievance process, pursuant to Title IX and its implementing regulations, the student has an opportunity to do so, and a parent or guardian who has a legal right to act on behalf of the student has the same opportunity.

### **Definitions Applicable to Policy and Grievance Procedures**

Capitalized terms used herein are defined as follows.

**"Actual Knowledge"** means notice of Sexual Harassment or allegations of Sexual Harassment to CCC's Title IX Coordinator, President, Vice Presidents, Dean, Directors, Program Chairs, Human Resources Personnel or Department Heads. "Notice" as used in this paragraph includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator.

**"Clery Act"** refers to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, which is a federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. § 668.46. The Clery Act requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses.

**"Complainant"** means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment, irrespective of whether a Formal Complaint has been filed.

**"Consent"** is informed, freely and actively given, mutually understandable words or actions that indicate a willingness and readiness to participate in mutually agreed upon sexual activity. Consent is mutually understandable when a reasonable person would consider the words or actions of the parties to have manifested a clear and unambiguous agreement between them to engage in certain conduct with each other. Consent cannot be gained by ignoring or acting in spite of the objections of another.

Consent cannot be inferred from: silence, passivity, or lack of resistance alone; a current or previous dating or sexual relationship alone (or the existence of such a relationship with anyone else); attire; the buying of dinner or the spending of money on a date; or Consent previously given (i.e., Consenting to one sexual act does not imply Consent to another sexual act).

Consent is not effective if it is obtained through the use of physical force, violence, duress, deception, intimidation, coercion, or the threat, expressed or implied, of bodily injury. Whether a party used any of these means to obtain Consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.

Consent may never be given by the following individuals: minors, even if the other participant did not know the minor's age; mentally disabled persons, if their disability was reasonably knowable to a person who is not mentally disabled; or persons who are Incapacitated. The use of alcohol or drugs does not diminish one's responsibility to obtain Consent and does not excuse conduct that constitutes Sexual Harassment.

If at any time during a sexual act any confusion or ambiguity is or should reasonably be apparent on the issue of Consent, it is incumbent upon each individual involved in the activity to stop and clarify the other's willingness and readiness to continue and capacity to Consent. Neither party should make assumptions about the other's willingness and readiness to continue.

**"Day"** means a business day, unless otherwise specified.

**"Education Program or Activity"** means all of Carteret CC's operations and includes (1) locations, events, or circumstances over which the College exercised substantial control over both the Respondent and the context in which the alleged Sexual Harassment occurred; and (2) any building owned or controlled by a student organization that is officially recognized by Carteret CC.

**"Education Record"** has the meaning assigned to it under FERPA.

**"FERPA"** is the Family Educational Rights and Privacy Act, a federal statute codified at 20 U.S.C. § 1232g, with implementing regulations at 34 C.F.R. § 99. FERPA protects the privacy of student Education Records. FERPA grants to eligible students the right to access, inspect, and review Education Records, the right to challenge the content of Education Records, and the right to consent to the disclosure of Education Records.

**"Formal Complaint"** means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that CCC investigate the allegation of Sexual Harassment. At the time of filing a Formal Complaint, a Complainant must be participating in or attempting to participate in CCC's Education Program or Activity. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail by using the contact information listed for the Title IX Coordinator in Appendix A. As used in this paragraph, the phrase "document filed by a Complainant" means a document or electronic submission that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint.

**"Incapacitated"** means lacking the physical and/or mental ability to make informed, rational judgments. A person may be Incapacitated for a variety of reasons, including but not limited to being asleep or unconscious, having consumed alcohol or taken drugs, or experiencing blackouts or flashbacks.

**"Respondent"** means an individual who has been reported to be the perpetrator of conduct alleged to constitute Sexual Harassment.

**"Retaliation"** means (1) any adverse action (including direct and indirect intimidation, threats, coercion, discrimination, or harassment (including charges for conduct violations that do not involve sex discrimination or harassment or Sexual Harassment but that arise out of the same facts or circumstances as a report or complaint of sex discrimination or harassment or a report

or Formal Complaint of Sexual Harassment) that is (2) threatened or taken against a person (a) for the purpose of interfering with any right or privilege secured by Title IX; or (b) because the person has made a report or Formal Complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing related to Title IX.

**“Sexual Harassment”** means conduct on the basis of sex that satisfies one or more of the following:

- (1) an employee of Carteret CC conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct. (commonly referred to quid pro quo harassment);
- (2) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Carteret CC’s Education Program or Activity; or
- (3) **“Sexual Assault,”** as defined in 20 U.S.C. § 1092(f)(6)(A)(v): an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;

**“Dating Violence,”** as defined in 34 U.S.C. § 12291(a)(10): violence committed by a person—(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship; (ii) the type of relationship; and (iii) the frequency of interaction between the persons involved in the relationship;

**“Domestic Violence,”** as defined in 34 U.S.C. § 12291(a)(8): felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction; or

**“Stalking,”** as defined in 34 U.S.C. § 12291(a) (30): engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress.

**“Supportive Measures”** are non-disciplinary, non-punitive, individualized services offered as appropriate, as reasonably available, and without fee or charge to a Complainant and/or a Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to Carteret CC’s Education Program or Activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the College’s educational environment or deter Sexual Harassment.

Supportive Measures may include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, leaves of absence, increased security, and monitoring of certain areas of the campus. Carteret CC will maintain as confidential any Supportive Measures provided to a Complainant or a Respondent, to the extent that maintaining such confidentiality would not impair CCC’s ability to provide the

Supportive Measures. The Title IX Coordinator is responsible for coordinating the effective implementation of Supportive Measures.

<b>EFFECTIVE NOVEMBER 9,2022</b>	
<p>Carteret Community College endeavors to support student success and retention through a myriad of wrap-around services. However, the College also recognizes that unexpected circumstances may arise that impede a student's ability to remain enrolled as originally intended. Therefore, the Board of Trustees entrusts the President and the Instruction and Student Services administrators and faculty to construct procedures for course withdrawal that align with the System Office regulations and support the College's mission to support high quality education and an inclusive learning environment. These procedures shall also be aligned with the goals of educating students about the consequences of withdrawal and creating opportunities for re-entry into lifelong education.</p>	

**Procedure**

Students desiring to withdraw from a course during the semester must withdraw officially through the Student Services Office. Official withdrawal procedures are as follows:

1. The student will secure and complete a Drop/Add/Withdrawal form. If the form is initiated before the 10 percent date of the semester, the student is eligible for tuition credit. Forms are available from advisors, the Student Services Office, or online under the forms section of the "Office of the Registrar" website.
2. The student will complete the form including personal information and identifying course information.
3. For any course with a seated component, the student will have the instructor provide the last date of attendance.
4. The student will return the form to the Student Services Office for processing.
5. The Registrar will notify students and instructors when the withdrawal is complete.

If a student violates a course's attendance requirements and does not submit an official withdrawal, the instructor may initiate the withdrawal, indicating the grade as a "UW," which is calculated as an "F" grade in determining the grade point average.

**3.1.22. Incomplete “I” Grade Policy**

<b>Incomplete “I” Grade Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 3/12/19	
<b>EFFECTIVE IMMEDIATELY</b>	
<p>The “I”/Incomplete grade may be assigned if a student has completed at least 80 percent of the coursework and has a “C” or better at the time of the request. The “I” grade is reserved for extenuating circumstances such as accident, illness, or comparable unavoidable developments and is not appropriate for students who otherwise fail to appear for the final examination or fail to turn in final assignments by the last regular day of the course. Grading options for students who have completed less than 80 percent of the coursework but have maintained a “C” or better average at the time of the request are at the discretion of the division dean.</p> <p>In no case may the work be completed later than the conclusion of the following semester. If the incomplete course is an essential prerequisite for a subsequent course, the student may be required to remove the “I” grade within a significantly shorter period of time. Otherwise, the subsequent course must be dropped. An “I” grade received during the semester before the semester of graduation must be removed by the midterm of the semester in which the student intends to graduate.</p> <p><b>NOTE: STUDENTS’ FINANCIAL AID ELIGIBILITY MAY BE IMPACTED BY “I” GRADES. STUDENTS SHOULD CONSULT WITH A FINANCIAL AID ADVISOR TO DISCUSS THIS IMPACT.</b></p>	

**Procedure**

The procedure for assignment of an “I” grade follows:

1. The student must confer with the instructor and request the “I” grade on or before the last class day of the semester. The student must provide the instructor with documentation of particular circumstances necessitating the “I” grade.
2. If the circumstances are considered legitimate, the instructor completes a request for an “I” grade, including written instructions specifying the work to be completed and the completion deadline, and submits the request to the appropriate academic dean via the program chair. Only the academic dean can approve an “I” grade request.
3. If the dean approves the request, the chair, instructor, and student are notified.
4. The dean will notify Enrollment and Registration Services of the approved I grade request. Only the Registrar can record an “I” grade.
5. Once the student completes the work according to the instructor’s requirements, a grade for that work is assigned and computed in the final course grade. The instructor then submits a Change of Grade form to the dean via the chair. If the course work is not completed during the subsequent semester, the “I” grade is changed to an “F”.

### **Changes in Program Completion Requirements**

The College reserves the right to change the requirements for completing a degree, diploma, or certificate program when it is in the best interest of the enrolled students or the academic program, or when mandated by the NC Community College System Office. When such changes occur, the college will work with students to ensure a smooth transition and satisfactory route to completion of the new requirements.

**Graduation**

The graduation statement will be entered on the transcript of all students who have fulfilled admission requirements and program requirements. The Registrar's Office sends eligible students instructions for graduation approximately one month before graduation each semester. Students must complete an application for completion and a graduate survey to graduate, and the completion must be approved by a program chair in the area of study.

All financial obligations to the College must be cleared before a degree, diploma, or certificate will be released to the student.

**Administrative Graduation**

After graduation audit requests are processed at the end of each semester, the Registrar's Office will identify any additional students who have satisfied any program completion requirements. Any student who has completed program requirements may then be administratively graduated, and the earned credential will be noted on the student's transcript. The student will also receive communications from Registrar's Office with details on how to obtain a printed diploma and how to participate in the annual commencement ceremony.

## 4.1.1. Co-Curricular and Extracurricular Programs Policy

<b>Co-Curricular and Extracurricular Programs Policy</b>	
<b>Responsible Division:</b> Office of the President	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 5/8/2018	
<b>EFFECTIVE JULY 1, 2018</b>	
<p>The Board of Trustees of Carteret Community College recognizes that learning often takes place outside the place and time constraints of coursework and class time. For that reason, the Board authorizes the College to develop, identify, sponsor, or advertise co-curricular and extracurricular opportunities that may enhance students' learning experiences. These activities do not result in college credit, and they may or may not have an additional fee associated with them that may be the responsibility of the student. Extracurricular activities may qualify for funding by Student Activity Fees (see College Policy 3.17) as defined in 1E SBCCC 700.2.</p>	
<b>CO-CURRICULAR PROGRAMS</b>	
<p>From time to time, instructors or other College personnel may make students aware of co-curricular activities that would enhance their academic experiences. Unless specified as a course requirement on a course syllabus, these activities should be considered optional and should in no way benefit or detract from a student's grade or success in a course or program. Such programs may require students to make personal investments of time or money. Students participating in co-curricular program opportunities are subject to the Code of Conduct for students at Carteret Community College.</p>	
<b>EXTRACURRICULAR ACTIVITIES</b>	
<p>Students determine whether to participate in College-sponsored extracurricular activities. Extracurricular activities are optional and should in no way benefit or detract from a student's grade or success in a course or program. Such programs may require students to make personal investments of time or money; appropriate programs may be partially or fully subsidized by Student Activity Fees. Extracurricular activities which are sponsored by a student activity fee should be fostered by the administration and faculty of the College. The President has the authority and responsibility to provide a sound activity program for students of the College. Students participating in extracurricular programs are subject to the Code of Conduct for students at Carteret Community College.</p>	
<b>Definition of Terms:</b>	
<p>Co-curricular vs. Extracurricular Activities: According to the Glossary of Education Reform,</p> <p>"Generally speaking, <i>co-curricular</i> activities are an extension of the formal learning experience in a course or academic program, while <i>extracurricular</i> activities may be offered or coordinated by a school, but may not be explicitly connected to academic learning. This distinction is extremely fuzzy in practice, however, and the terms are often used interchangeably. Athletics, for example, are typically considered to be extracurricular activities, while science fair would more likely be considered a co-curricular activity, given that students are learning science, participation may be required by the school, students may be graded on their entries, or a science teacher may coordinate the fair. Still, in some schools certain athletic activities might be considered 'co-curricular,' while in other schools a science fair may be labeled 'extracurricular.'</p>

**4.2.4. Distance Learning Policy**

<b>Distance Learning Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support and Corporate & Community Education	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 9/10/19	
<b>EFFECTIVE IMMEDIATELY</b>	
<p>Carteret Community College offers distance learning options to accommodate students whose schedules do not allow them to attend traditional (seated) classes. Distance learning options may be fully online or partially online (hybrid or web-enhanced). The College establishes procedures and guidelines that ensure the rigor and accessibility of distance learning options and takes steps to ensure that student privacy protections, student learning outcomes, and support services for distance learning options are commensurate with those in seated learning options.</p>	

**Procedure****FACULTY**

Faculty Qualifications – All full-time, part-time, and adjunct faculty teaching distance education courses must meet the same criteria for academic and professional preparation as those teaching courses delivered in traditional modes according to the Principles of Accreditation (Southern Association of Colleges and Schools Commission on Colleges). Faculty are given the opportunity and encouraged to develop courses for electronic delivery with the approval and guidance of their chairs and deans.

Office Hours – Full-time faculty who teach distance learning courses are governed by the College's Faculty Workload Policy and are expected to be available on campus a minimum of five (5) hours per week for office hours.

CCC distance learning faculty are encouraged to be creative in using a variety of communications technologies such as Collaborate, Skype, texting, and instant messaging as part of their office hour duties.

Workload/Teaching Load – Distance learning faculty are governed by the same workload policies as those teaching courses delivered in traditional modes. Distance learning teaching loads are determined by the chair and dean and must be consistent with College guidelines.

**COURSES**

Quality Assurance Process – All instructors offering classes online at CCC must successfully complete the Online course Review Checklist. If a particular course does not meet the minimum standard, that faculty member meets with the director of Instructional Support and Distance Learning for assistance with upgrading the course to satisfy the Online Course Review Checklist.

Online Class Assessment / Evaluation / Audit – Distance learning courses are subject to the same assessment, evaluation, and auditing as those courses delivered in traditional modes.

**ADA Compliance** – As with any course at Carteret Community College, distance learning courses must provide appropriate accommodations to provide equal access to students with disabilities. Students follow the same procedures as they would for a traditional course. The policy and procedures are outlined in the Students with Disabilities Section (6.11) of the College Catalog & Student Handbook. Faculty are also required to design courses that meet basic ADA course design principles as outlined by the ADA portion of the Online Course Review Checklist.

**Distance Learning First Date of Attendance Verification** – The first date of attendance for online courses is calculated by student submission of the first graded assignment. For hybrid and web-enhanced courses, the first date of attendance is calculated by either the first date of attending a traditional class session or by student submission of the first graded assignment, whichever occurs first.

**Grading and Transcripts** – Policies for academic grading and transcripts are the same for distance learning courses as for traditional courses. There will not be any notation on the transcript that identifies a course as delivered via online technology.

**Authentication** – Student authentication is established by each student having a unique user-id and password. A unique user-ID and a password, which is required to be reset regularly and may be reset by the student at any time using the College's password reset portal, establishes secure single sign-on authentication for the learning management system, WebAdvisor, and email access.

**Enrollment Caps** – Each division dean, in consultation with program chairs, sets enrollment caps for all classes, including distance learning or online classes.

**Syllabi** – Distance learning courses use the same course syllabus template as courses delivered by traditional modes.

**Intellectual Property & Copyright** – The College's Intellectual Property and Copyright policies apply to distance learning courses and faculty.

**Proctoring Exams for Online Students** – Respondus Lockdown Browser and Monitor are available for use in proctoring distance learning exams.

## **STUDENTS**

**Student Preparation for distance learning courses**- All students must attend a seated or online New Student Orientation.

**Distance Learning Course Load** – The maximum distance learning course load is the same for all students. Students who wish to exceed the maximum course load must obtain the permission of their advisor, the appropriate chair, or the appropriate dean.

**Student Services** – Distance learning students have access to student support services equivalent to those provided to the on-campus student population.

**Standards of Practice/Code of Ethics** – Carteret Community College staff and faculty adhere to federal privacy regulations (FERPA, Buckley Amendment), and existing standards of ethics.

**Confidentiality:** The College takes the confidentiality of student information seriously. The director of Instructional Support and Distance Learning sets permissions for accessing courses that contain student information to instructors, chairs, and academic deans with direct academic interest in student success. Privacy statements and VPATs from third-party vendors, such as Blackboard Open LMS/Moodle (the College's LMS host), Aviso early alert software, Intelliboard, Pearson, Cengage, and other publishers with LTI interaction (learning tools interoperability) are reviewed and maintained by the director of Instructional Support and Distance Learning.

#### 4.2.5. Live Client Projects Policy

<b>Live Client Projects Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support	<b>Citation:</b> 1H SBCCC 300.1
<b>Signature/ Date Approved:</b> President 5/8/2018	
<b>EFFECTIVE JULY 1, 2018</b>	
<p>Live client projects are deemed necessary in order to provide realistic experiences in specific program areas in which there are currently limited training opportunities available. The utilization of live client projects for a curriculum program shall be based on:</p> <ul style="list-style-type: none"> <li>• Projects which are appropriate to the current subject material being taught.</li> <li>• Projects which facilitate meeting current course objectives.</li> <li>• Projects which can reasonably be accomplished given the time constraints of the current subject matter.</li> </ul> <p><b>Definition of Terms:</b></p> <p>According to 1H SBCCC 300.1, "Live Client Projects" are defined "as (1) educational programs in which students, as part of their educational experiences and as part of the instructional course requirements, repair or remodel noncollege owned personal property or real property; or (2) educational programs that construct structures that are sold, produce goods that are sold, or provide services for a fee, such goods or services being the normal and necessary product of learning activities of students."</p>	

#### Procedure

##### **Internal Requests for Live Client Projects**

The clientele served in providing experiences for students by carrying on live client projects shall normally be limited to Carteret Community College Board of Trustee members, Carteret Community College Foundation Board members, employees of the College, and currently enrolled students (either full-time or part-time) in the curriculum where the live client project is being done. Board members, currently enrolled students, and employees of the College will normally have priority in the approval of live projects.

- College Trustees, Foundation Board members, employees, or students who want a class to do a live client project (other than in cosmetology, esthetics, or therapeutic massage, which have separate procedures) must submit the completed Live Client Project Request form to the appropriate Program Chair or Corporate and Community Education Coordinator. Projects will be taken on a first-come/first-serve basis according to the section above.
- College personnel who want live client projects done for College equipment or buildings must discuss with and get approval of the Vice President of Plant Operations and the appropriate Division Dean and Vice President. Division Dean or the Vice President will only approve such projects after discussion with the Chair, and the instructor ensures that students will be able to conduct the live client project to the necessary level and within the necessary time frame. The Live Client Project Request form found on the College intranet page should be completed and filed with Chair.

•

### External Requests for Live Client Projects

**Non-Profit Organization:** Requests for live client projects will also be considered from public nonprofit agencies. Agents of public nonprofit institutions must contact the President of the College or one of the Vice Presidents. The Vice President will discuss the proposed project with the appropriate Chair or Coordinator. If the project is deemed feasible, the Chair or Coordinator will help the client complete a Live Client Project Request form. Approval will depend on the criteria listed in the Live Client Projects Policy and on the discretion of the President, Vice President, and Chair/Coordinator.

**Profit-Making Organization:** Requests from for-profit groups will only be considered when projects from internal or nonprofit clients are inadequate for student learning. These requests will be taken only for those programs soliciting projects from for-profit organizations, and such requests will be processed as those in the section above.

### Payment for Live Client Projects

**Categories:** Live client projects involve completing services for two categories of projects.

- The first category involves services the end result of which either increases the utility of an item the client already owns or generates an end product that, by contract, becomes the property of the client. (Examples: drawing blueprints, fixing an engine, doing a survey, or growing plants for a third party.)
- The second category involves services that neither generate a tangible product nor improve upon a tangible product. (Examples: mowing grass or catering a meal.)

**Expenses:** Clients requesting a category one or two project shall pay for all materials, supplies, and attendant travel involved in completing the project. The College shall not charge for services rendered, but only for the cost of the materials utilized. The ownership of the interim product shall be solely that of the client. If the producer (student) opts to save a duplicate product (such as a copy of a blueprint), the student will pay for the duplicate.

**General Expenses:** As a part of the paperwork that must be completed before a project starts, the Live Client Project Request form also includes a section on expenses necessary to complete the project. Normally, all expenses must be paid to the College before the project is started if those costs are known. If those costs are not completely known, the instructor will determine complete costs at the end of the project. All costs must be paid to the Business Office before the project is released. Curriculum supplies used solely as a teaching aid will not be subject to billing provided they remain the property of the College or are expendable. The Business Office will issue a validated receipt after payment, which can be presented to the appropriate instructor as a basis for starting and/or releasing the project. If there are no such expenses, the individual returns the Live Client Project Request Form directly to the instructor in charge of the curriculum prior to the initiation of the work on the individual's project. For Board members, employees, and students, the instructor may, at the instructor's sole discretion, order necessary supplies directly from the supplier as long as those costs involved are repaid prior to the release of the project. Personal checks from students shall not be accepted in payment for material ordered by the College directly from suppliers.

**Travel Expense:** Projects requiring travel to and from an off-campus location in a private vehicle by an employee will require payment by the project owner to the Business Office for the mileage involved at the current state rate for private vehicles. Instructors will file the standard Reimbursement for Expense Form through the Business Office the day the project is completed. If students need to travel to an off-campus location to work on a project, in most circumstances, the instructor will use a College vehicle to transport students.

**Emergency Live Client Projects**

Live client projects, which are determined to be emergencies, revolve around incidents in which functions or components of a home or vehicle become inoperable or nonfunctional and commercial help is not available for such a time period as to create a severe hardship on the party affected. Emergency Live Client Project Requests will be channeled through the appropriate Vice President.

**Data and Reports**

A summary of live client projects done should go into the Program Review completed by each Chair.

**4.2.6. Self-Supporting Class Policy**

<b>Self-Supporting Class Policy</b>	
<b>Responsible Division:</b> Instruction and Student Support & CCED	<b>Citation:</b> 1D SBCCC 200.3(2)(c) and 1E SBCCC 600
<b>Signature/ Date Approved:</b> Board of Trustees 5/8/2018	
<b>EFFECTIVE JULY 1, 2018</b>	
<p>The Board of Trustees is committed to providing a high-quality educational experience at the lowest reasonable cost to students. Some courses requested by the community or which serve a special need are not supported by state revenues. Furthermore, the College is sometimes asked to provide education and training even when funds are not available.</p> <p>Therefore, in accordance with 1D SBCCC 200.3(2)(c) and 1E SBCCC 600, the College may offer self-supporting classes that charge fees to cover a pro rata share of direct costs as well as indirect costs. If self-supporting receipts exceed expenditures, the surplus should be expended to benefit students. This policy shall apply to courses offered for credit through curriculum, or non-credit through the Corporate and Community Education Division.</p> <p>The pro rata self-supported class registration fee is not waived for any individual or group under G.S. 115D-5(b). <b>EFFECTIVE IMMEDIATELY</b>	
<p>As a constituent member of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), and to maintain eligibility to participate in federal Title IV programs for which SACSCOC accreditation is required, Carteret Community College provides written notification to SACSCOC of substantive changes at the College in accordance with Commission policies, procedures, and timelines. The College establishes an internal procedure for bringing substantive changes to the College’s Board of Trustees, which must approve all substantive changes before SACSCOC is notified.</p>	

**Procedure**

To ensure that Carteret Community College is in compliance with Comprehensive Standard 14.2 and that all interested and affected units of the College are informed of substantive changes, the following procedure has been implemented.

**Substantive Changes**

At the end of the annual planning process in spring semester, the SACSCOC Liaison will request notification of any potential substantive changes from the President’s Cabinet. The Vice President of Instruction and Student Support, who also serves as the SACSCOC Liaison, will initiate the appropriate notification and/or approval procedure for SACSCOC. The SACSCOC Liaison will monitor the approval process and will notify the President of all communication from SACSCOC. These duties have been added to the job description for this position.

The following procedures will be used for approval of new programs and termination of existing programs.

**New program**

There are three separate tracks dependent upon the type of new program: Track One is used for adding diplomas or certificates under existing programs and for adding pre-majors. Track Two is used for adding new programs related to existing programs. Track Three is used for adding significantly different programs (Substantive Change).

In all cases, faculty initiate the development and approval of new programs, and will keep appropriate offices informed of their actions.

**Track One:**                    *Adding diplomas and certificates under existing programs; adding pre-majors.*

Step 1.                    Dean notifies Vice President of Instruction and Student Support (SACSCOC Liaison) and the Director of Institutional Effectiveness of

initiation of the approval process using the Carteret Community College Program Notification Form and Curriculum Committee Proposal Form.

- Step 2. Dean submits proposal and notification form to Carteret Community College's Curriculum Committee.
- Step 3. After approval of the Curriculum Committee, the Secretary of the Curriculum Committee will notify the SACSCOC Liaison. The SACSCOC Liaison will prepare the notification letter for SACSCOC.
- Step 4. The SACSCOC Liaison will submit a Summary of Changes to the Board of Trustees. Upon review by the Board of Trustees, the notification letter and notification form will be submitted to SACSCOC.

**Track Two:** *Adding programs related to existing programs.*

- Step 2. Dean submits proposal and notification form to Carteret Community College's Curriculum Committee.
- Step 3. After approval of the Curriculum Committee, the Secretary of the Curriculum Committee will notify the SACSCOC Liaison. The SACSCOC Liaison will prepare the notification letter for SACSCOC.
- Step 4. The SACSCOC Liaison will submit a Summary of Changes to the Board of Trustees. Upon review by the Board of Trustees, the notification letter and notification form will be submitted to SACSCOC.

**Track Three:** *Programs that are significantly different than existing programs (Substantive Change).*

- Step 1. Dean notifies Vice President of Instruction and Student Support (SACSCOC Liaison) and the Director of Institutional Effectiveness of initiation of the approval process using the Carteret Community College Program Notification Form, the Curriculum Committee Proposal Form, and the North Carolina Community College System (NCCCS) Application Form.
- Step 2. Dean submits proposal and notification form to Carteret Community College's Curriculum Committee and to the SACSCOC Liaison.
- Step 3. After approval of the Curriculum Committee, the Secretary of the Curriculum Committee will notify SACSCOC Liaison. The SACSCOC Liaison will prepare the notification letter for SACSCOC.
- Step 4. After approval by the Curriculum Committee, the Program Application and notification form will be presented to the Board of Trustees. Upon approval of the Board of Trustees, the SACSCOC Liaison will submit the Program Application to the North Carolina Community College System.
- Step 5. After approval by North Carolina Community College System, the SACSCOC Liaison will submit the notification letter and a prospectus to SACSCOC.

**Program Terminations**Procedure:

- Step 1. Dean will notify the Vice President of Instruction and Student Support (SACSCOC Liaison) and the Director of Institutional Effectiveness.
- Step 2. The SACSCOC Liaison will notify Student Enrollment Resources and faculty of planned termination.
- Step 3. Chairperson and program faculty will prepare a “teach out” plan, proposal form, and Program Notification Form to be presented to the College’s Curriculum Committee.
- Step 4. Upon approval of the Curriculum Committee, SACSCOC Liaison will present a Termination Form and Program Notification Form to the Board of Trustees Curriculum Committee for approval. The Chairperson of the Board of Trustees Curriculum Committee will present the termination request to the Board of Trustees.
- Step 5. After approval, the SACSCOC Liaison will submit the Termination Form to the North Carolina Community College System, submit notification form to SACSCOC, and notify college faculty and staff.

**NOTE: TEACH-OUT**

When the decision is made to terminate a program due to low/no enrollment, Carteret Community College Student Enrollment Resources staff and teaching faculty are notified. Student Services no longer admits students into the program. Counselors and/or faculty advisors meet with current students to develop a completion plan. Students are allowed to complete the required courses within a reasonable time (usually one academic year). If a full-time faculty position or staff position is impacted by the termination, all efforts are made to assist with the transition.

**Off-site Location**Procedure:

When the College would like to offer more than 50 percent of any credential (degree, diploma, certificate, or CCP pathway certificate) at an off-campus location, the College must request the approval of SACSCOC via a prospectus (Substantive Change). Note: Courses toward credentials may be offered at off-campus locations as long as they do not exceed the 50 percent mark for credential completion.

Procedure:

- Step 1. Dean will notify the Vice President of Instruction and Student Support (SACSCOC Liaison) and the Director of Institutional Effectiveness.
- Step 2. SACSCOC Liaison will inform the Curriculum Review Committee at the College and the Board of Trustees. The Board of Trustees approves program starts and terminations. Program locations, however, do not require Board approval.
- Step 3. SACSCOC Liaison will work with the dean, chair of programs that will be offered off-site, director of the off-site location, and the director of Institutional Effectiveness to prepare a prospectus for “Initiating off-campus sites where 50% or more credits toward a program” will be offered.
- Step 4. Upon approval from SACSCOC, the College may begin offering and marketing credential completion at the off-site location.

#### Procedure

##### Student/Employee Conduct:

##### **Students**

Students are expected to adhere to the Student Code of Conduct. The Student Code of Conduct applies to any College activity, function, or event on or off campus or in a college-owned vehicle. Violation of College policy and/or the Student Code of Conduct is considered a serious matter and may result in disciplinary measures. In accordance with Rule 5 of the Student Code of Conduct, students are prohibited from the following:

1. No student shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor or unlawfully manufacture, distribute, dispense, possess, use or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other "controlled substance" before, during, or after school hours on College premises, at any other College locations, or at College sponsored events or activities.

A student's legal use of prescribed or over-the-counter drugs is not a violation of policy only if such use does not endanger the student or others and it does

not interfere with student learning or participation in student-related activities. Students shall be held strictly accountable for their behavior while under the influence of prescribed drugs or over-the-counter drugs.

2. A student shall not knowingly possess an instrument of drug paraphernalia for the purpose of ingesting a controlled substance.

4. Instructors have the discretion to determine whether a student may be under the influence of drugs or alcohol. If the instructor suspects a student is under the influence of drugs or alcohol, the instructor has the authority to contact campus security to remove the student from the classroom. Instructors must notify the Vice President of Instruction and Student Support or designee of this alleged violation of the Student Code of Conduct as soon as possible.

### **Employees**

Employees of the College are expected to adhere to the Alcohol and Drug Policy as a condition of employment at the College. Employees found in violation of this policy will be subject to disciplinary sanctions, up to and including expulsion or termination, for engaging in any of the following prohibited conduct:

Students should be aware that their actions are also subject to all local, state, and federal laws relating to drug and alcohol abuse. The College will bring unlawful acts to the attention of proper law enforcement authorities.

Sanctions may include a written warning, suspension from employment without pay for up to one semester or its equivalent, or termination from employment. Any illicit drugs or alcohol found in or on College property will be turned over to the appropriate authorities, and the College will assist in any resulting criminal prosecution. The College reserves the right to refer violators of this Policy to appropriate authorities for prosecution.

Likewise, at its sole discretion and in lieu of or in addition to taking disciplinary action, the College may refer the offending employee to a substance abuse professional approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency, for evaluation and possible assistance. The employee will be expected to comply with any assistance or rehabilitation program prescribed by the substance abuse professional as a condition of continued employment, as applicable. Participation in any assistance or rehabilitation program will be at the employee's own expense. Additionally, participation in such programs will be subject to appropriate professional confidentiality associated with therapeutic treatment and personnel records.

Additionally, new employees will be required to sign written receipt of the Policy as a part of orientation.

2. **Review:** The College will review its Alcohol and Drug Policy and Prevention Program biennially or as otherwise required by the acts to determine their effectiveness and implement any changes as needed, and to help ensure that the disciplinary sanctions described in this Policy are enforced consistently.
3. **Other Applicable Laws:** All applicable laws pertaining to alcohol consumption, including laws relating to the sale to, purchase by, or use by underage persons of alcohol, will be enforced on the College campus. Similarly, all applicable federal, state, and local drug laws will be enforced on the College campus.

**Counseling, Treatment, Rehabilitation, and Re-entry Programs:**

Those faculty, staff, or students who seek assistance with a drug-related problem shall be provided with information about drug counseling and rehabilitation services available through community organizations. Those who voluntarily avail themselves of counseling services offered through Carteret Community College shall be assured that applicable professional standards of confidentiality will be observed.

**5.1.3. Adverse Weather Policy**

<b>Adverse Weather Policy</b>	
<b>Responsible Division:</b> Administrative Services	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 5/13/2014	<b>SACSCOC:</b> NA
<b>EFFECTIVE IMMEDIATELY</b>	
<p>In the case of inclement weather and emergencies, the final decision to close the College will rest with the President.</p> <p>In the event of a weather or emergency related schedule interruption, instruction will either be rescheduled or delivered by using the college's Learning Management System (LMS) or an alternative method.</p>	

**Procedure**

Employees and students can contact the College's main telephone number at 252-222-6000 for the latest information 24 hours a day. In the event of closing, a recorded message will be prepared giving as much information as possible. Closing information will also be posted to the College Web page at [www.carteret.edu](http://www.carteret.edu).

An approaching storm system can cause a great deal of confusion and emotional stress for coastal residents as they try to balance work obligations and prepare for the safety of their families and personal possessions. In the event the approaching storm system requires Carteret Community College to cease operations temporarily, every effort will be made to close the college in a timely manner allowing employees and students time to make personal preparations.

The decision to close the College will rest with the President, and will take into account many factors, in particular, the safety of students and employees.

If the college is closed due to adverse weather or other emergency, instruction will continue using the college's learning management system (LMS). Instructors are required to post alternative assignments in the LMS and notify students of the posted assignments at the next scheduled class meeting. Instructors will also immediately send alternative assignments as posted in the LMS to the Registrar or designee of the Vice President of Instruction and Student Support for audit purposes.

Exceptions to this procedure include the following:

1. Basic law enforcement training and cosmetology classroom and lab instruction will be re-scheduled.
2. Health Science clinical hours will be re-scheduled.

If employees have personal situations that require them to depart work prior to the College's official closing, then staff are encouraged to do so by contacting their supervisors and taking vacation or bonus leave as may be required. Faculty may use sick or bonus leave. While we have an obligation to our students, this liberal leave policy is an attempt to accommodate the needs of our employees. Likewise, students also may be anxious about the approaching storm, and should be encouraged to take care of personal business if necessary with the understanding we will work with them to make-up assignments.

In the event the College must cancel classes due to weather related circumstances, but remains open for other College business, employees have the option of reporting to work, taking personal leave, or making up the time missed. While we have an obligation to our students, this liberal leave policy is an attempt to accommodate the needs of our employees. All missed class time must be addressed with the delivery time and method documented.

Working as a team, we can cover what is necessary and still help our fellow employees and students. Information regarding closing or cancellation of classes will be passed to employees through their respective departments and divisions where possible. Employees can then pass along information directly to students if feasible. Employees and students can also contact the College's main telephone number (252-222-6000) and/or the College Web page ([www.carteret.edu](http://www.carteret.edu)), for the latest information 24 hours a day. Closing information will also be passed to employees and students via area news media organizations. The following news media organizations will be contacted if the College must close:

**5.1.5. Animals on Campus Policy**

<b>Animals on Campus Policy</b>	
<b>Responsible Division:</b> Administrative Services	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 12/4/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>Carteret Community College recognizes that owners of Domestic Animals may desire to bring those animals to the campus; users of Service Animals or Service Animals in Training may find it necessary to bring those animals on campus; and Feral or Wild Animals may select the campus landscape as their habitat. In consideration of the personal safety and well-being of the Carteret Community College campus community, and in accordance with applicable state and federal laws, this Policy establishes requirements for accessibility, behavior, and treatment of animals on campus.</p> <p>No person may bring an animal onto the College campus, except for:</p> <ol style="list-style-type: none"> <li>a. Service Animals, Service Animals in Training;</li> <li>b. Emotional support, comfort, and therapy animals</li> <li>c. Domestic Animals only as defined below and as provided in the requirements;</li> <li>d. Animals that are brought on campus for a purpose specifically approved and under conditions established by the President.</li> </ol> <p>This Policy does not apply to animals on campus solely for the purpose of instructional use.</p> <p><u>Requirements</u></p> <p>The care and supervision of a Service Animal, Service Animal in Training, and Support Animal is the responsibility of the person using the animal's services (hereinafter "owner"). The owner must ensure that the animal is in good health and has been vaccinated against diseases common to that type of animal and that those vaccinations are kept up-to-date as recommended by the American Veterinary Medical Association. For example, dogs should have routine maintenance for flea and tick prevention, de-worming, and have annual examinations. Dogs must wear a rabies tag.</p> <p>Service Animals, Service Animals in Training, and Support Animals must be under full control at all times with devices as set forth below, unless these devices interfere with the animal's</p>	

work or the individual's disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls. A Service Animal in Training and a Support Animal must be on a lead and under control at all times.

Use of a Service Animal or Service Animal in Training may be prohibited if the use of the animal poses a direct threat to the health or safety of other persons.

Use of a Service Animal in Training and Support Animal may be prohibited if the presence of the Service Animal in Training and Support Animal will result in a fundamental alteration of the educational program or activity involved. Questions about the impact of the Service Animal or Support Animal on an educational program or activity should be addressed with the Disabilities Coordinator in consultation with the vice president who oversees the program, course, or space in question.

When it is not obvious what service an animal provides, College officials may ask only two questions: (1) Is the animal a Service Animal required because of a disability? and (2) What work or task has the animal been trained to perform? College officials cannot ask about the person's disability, require medical documentation, require a special identification card or training documentation for the animal, or ask that the animal demonstrate its ability to perform the work or task.

College officials may ask an individual to remove a Service Animal, Service Animal in Training or Support Animal from College facilities or the College campus if:

- a. The animal poses a direct threat to the health and safety of others;
- b. The animal is out of control or disruptive and the animal's handler does not take effective action to control it; or
- c. The animal is not housebroken.

The owner is responsible for the cost to repair any damage done by the Service Animal, Service Animal in Training or Support Animal to college property.

Feral or Wild Animals that are not a risk and do not represent a hazard, cause property damage, or create a public nuisance, and that do not require human intervention, may inhabit the campus grounds.

Feral or Wild Animals that are a potential risk, represent a hazard, cause property damage, create a nuisance, or otherwise pose a potential threat to the health or safety of humans will be regulated, controlled, and humanely relocated in accordance with all applicable laws and regulations.

Except as otherwise set forth below, the following requirements apply to all Service Animals, Service Animals in Training, Support Animals, and Domestic Animals on campus:

1. All animals must be under control while on campus grounds, and restrained by a leash or other appropriate device that does not exceed six feet in length and that is under control by a responsible person. At no time is an animal permitted to wander off leash or be let out of control by the handler. Exceptions may apply to service animals when the task(s) performed requires the service animal to be off leash or unrestrained.
2. Fecal matter deposited by any animal brought onto campus must be removed immediately and disposed of properly by the owner or handler. The burden is on the animal handler to arrange for removal of fecal matter if he or she is personally unable to perform the task.

3. Domestic Animals may for a “visitation” enter any:
  1. Campus building;
  2. Enclosed or delineated outdoor athletic or recreational facility; or
  3. Officially reserved or scheduled outdoor event on campus.
4. Domestic Animals are not allowed to “visit” during classroom instruction, clinical activities, or other indoor assemblies, events, or presentations.
5. Animals found tethered, unattended, or abandoned may be humanely impounded in accordance with all applicable laws and regulations.
6. Animals may be confined in vehicles parked on campus for a reasonable period of time as long as the animal is not endangered and does not endanger others or create a public nuisance. In the event of endangerment to the animal or others, or public nuisance, the animal may be humanely impounded.
7. Animals must have appropriate behavior while on campus. If there is anything about the condition, health, or behavior of any animal on campus that is deemed by College officials to be a direct threat to the health or safety of any member of the campus community or to any other animal, if the owner cannot control the animal, if the animal is disruptive, or if the animal is not housebroken, then that animal may be removed from campus in any manner deemed necessary by College officials. Such action may be taken regardless of whether the animal posing a threat would otherwise be permitted on campus under this Policy.

**Responsibilities**

The President will be responsible for providing the final determination on the risk, potential hazard, potential for property damage, or potential for public nuisance of any animal on campus grounds. Nothing in this Policy is intended to limit the freedom of the Security or other College officials in the assessment or handling of any situation involving an animal in College facilities or on the College campus.

The Disabilities Coordinator is responsible for maintaining any documentation regarding Service Animals, Service Animals in Training and Support Animals.

**Violations of this Policy**

All members of the campus community share the responsibility of implementing all aspects of this Policy. Failure to comply with implementation of this Policy will result in the following consequences:

- Any person who brings an animal onto campus in violation of this Policy will be required to remove the animal from campus immediately.
- Any person who allows his or her animal to stray or be unattended may have such animal impounded and turned over to the local Animal Control Shelter.

**Definition of Terms:**

**Service Animals:** The College defines “Service Animal” in accordance with Title II and Title III of the Americans with Disabilities Act (ADA). A service animal is any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Tasks performed can include, but are not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, providing animal protection or rescue work, pulling a wheelchair, or fetching dropped items. If an animal meets this definition, it is considered a service animal for purposes of this regulation even if it has not been licensed or certified by a state or local government, or by a private agency. Animals whose sole function is to provide

comfort or emotional support do not qualify as Service Animals under the Americans with Disabilities Act. Under Title II and III of the ADA, service animals are limited to dogs. However, the use of miniature horses is accepted under the ADA, if the miniature horse has been individually trained to do work or perform tasks for individuals with disabilities.

**Service Animals in Training:** A Service Animal in Training is an animal in training to become a Service Animal when the animal is accompanied by a person who is training the Service Animal and the animal is wearing a collar and leash, harness, or cape that identifies the animal as a Service Animal in Training.

**Emotional Support, Comfort, and Therapy Animals:** Emotional support animals, comfort animals, and therapy dogs are not service animals under Title II and Title III of the ADA. Other species of animals, whether wild or domestic, trained or untrained, are not considered service animals either. The work or tasks performed by a service animal must be directly related to the individual's disability. It does not matter if a person has a note from a doctor that states that the person has a disability and needs to have the animal for emotional support. A doctor's letter does not turn an animal into a service animal. These animals are identified as an animal providing emotional or other support to alleviate one or more identified symptoms or effects of a disability. Support Animals are not required to be trained to perform work or tasks.

Emotional Support, Comfort, and Therapy Animals are not automatically allowed to accompany persons with disabilities in any College area. Before a Support Animal can accompany a person with a disability, a request must be submitted to the Disabilities Coordinator for approval by the appropriate vice president. Appropriate documentation from a licensed physician, mental health provider, a qualified psychiatrist, social worker, or other qualified professional, is required in order to provide sufficient information for College to determine:

- the individual qualifies as a person with a disability, and has a physical or mental impairment that substantially limits one or more major life activities; and
- the Support Animal is necessary to provide emotional support or other assistance to improve one or more symptoms or effects of the disability.

**Domestic Animals:** Domestic Animals are those species of animals that normally and customarily share human habitat and are normally dependent on humans for food and shelter, including dogs, cats, and other common domestic animals, but not including Feral or Wild Animals. Service Animals, Service Animals in Training, and Support Animals are not considered Domestic Animals for the purpose of this Policy.

**Feral or Wild Animals:** Feral or Wild Animals are animals that are not socialized or domesticated.

**Visitation:** Visitation is defined as a short period of time on an occasional basis.

The college hereby creates on its property a limited public forum for use by individuals or groups not invited by or associated with the college. The following areas, and only the following areas, are designated for this purpose.

- West third of Bryant Student Center Parking Lot
- West half of McGee Administration Building parking Lot

These areas shall be available for use by both members of the college community and members of the general public. However, events sponsored by members of the college community shall have first priority in using the Free Speech/Expression areas. The college reserves the right to relocate any assembly to ensure that the activity does not interfere with the normal operation of the college or interfere with the rights of others.

### Requests for Free Speech

Individuals or groups wishing to utilize college property to exercise their free speech should submit a written and signed request to the dean of student services at least three working days prior to the desired date. The following information must be included in this written request.

- Name of the person or organization submitting the request
- Address, email, and phone number
- Date and times requested
- List of planned activities (i.e., speech, signs, distribution of literature)
- Anticipated number of participants and attendance
- Signature of requestor

Activities are limited to a maximum of three consecutive hours, during the college's normal operating hours. The dean of student services will notify the director of security and emergency preparedness of any free speech event.

### Guidelines for Speech and Public Assembly

1. **Amplification Systems:** Because amplification systems pose a significant potential for disruption of college operation, public address and amplification systems may not be used. This includes, but is not limited to, megaphones and PA systems.
2. **The Right to Dissent:** The right to dissent is the complement of the right to speak, but these rights need not occupy the same forum at the same time. The speaker is entitled to communicate his or her message to the audience during their allotted time, and the audience is entitled to hear the message and see the speaker during that time.

A dissenter must not substantially interfere with the speaker's ability to communicate or the audiences' ability to hear and see the speaker. Likewise, this audience must respect the right to dissent.

3. **Picketing and Distribution of Literature:** Picketing in an orderly manner or distributing literature within the free speech area is acceptable when approved during the request process as coordinated and approved by the director of student services.
4. **Symbolic Protest:** During the presentation, approved protesters may display signs that meet approved standards and make gestures or wear clothing that is permissible as long as their symbolic protest does not constitute a true threat, intimidations, or hate speech. Those reacting or responding to approved protesters may display sings, make gestures, or wear clothing that is permissible so long as their symbolic protest does not unduly interfere with the ability of the person or entity reserving an area for free speech/expression to express themselves.

5. **Marches:** Campus marches are permitted on campus only with the approval of the dean of student services per coordination with the director of security and emergency preparedness.

In order to ensure the safety of participants and bystanders and to minimize the disruption upon college classes and daily operations, this request must specify the desired march route and total/maximum number of participants.

Pickets/marchers must march in a single file, not abreast. Minor children, six years of age or younger, may walk abreast or be carried by their parent or guardian. Pickets shall not at any time nor in any way obstruct, interfere with, or block persons entering or exiting vehicles, persons crossing streets or otherwise using the public way; the entrance or exit to any building or access to property abutting the street or sidewalk; or pedestrian or vehicular traffic.

### **Conduct and Manner**

1. Those who exercise the free speech as a part of this policy must not:
  - Threaten passers-by
  - Interfere with, impede, or cause blockage of the flow of vehicular or pedestrian traffic.
  - Interfere with or disrupt any other lawful activity in the same general location at the same time.
  - Commit any act likely to create an imminent safety or health hazard.
  - Post materials on any walls, windows, doors, sidewalks, trees, light poles, etc. or any other college equipment except in areas designated by the dean of student services.
  - Carry signs or placards that exceed three feet by three feet promoting the objective of the activity. They must not contain obscene language or words that would tend to incite violence.
2. Public speech or activities likely to incite or produce imminent lawless action or that is, under current legal standards, either defamatory or obscene are prohibited. Violations of the CCC Student Code of Conduct are prohibited.
3. Individuals who damage or destroy college property shall be held responsible for such damage or destruction and will face disciplinary action and/or criminal prosecution. (This includes lawns, shrubs, trees, etc.)
4. A request for use of free speech areas may be denied if determined that the proposed speech/activity will constitute a clear and present danger to the orderly operation of the college.
5. All applicable college regulations, state, and federal laws and municipal ordinances apply when engaging in activities on college property. Failure to do so may result in immediate removal from college property and other appropriate action by college officials and/or police.

### **Interference with Free Speech or Public Assembly**

Persons shall not physically interfere in the use of the sidewalk or address obscene, indecent, or threatening language to or at individuals to provoke them or lead to a breach of the peace.

Whenever free passage is obstructed by a crowd, the persons composing such crowd shall disperse when directed by college officials, security, or police. Failure to do so may result in disciplinary action and/or criminal prosecution.

### 5.1.11. Human Subjects in Research Policy

<b>Human Subjects in Research Policy</b>	
<b>Responsible Division:</b> Administrative Services	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 1/9/2018	
<b>EFFECTIVE IMMEDIATELY</b>	
<p>Carteret Community College establishes and follows a procedure for approving requests from internal and/or external researchers seeking Carteret Community College students and/or employees to participate in data collection and analysis. Any human research will be allowed on a voluntary basis only. Requestors will be responsible for ensuring the rights and welfare of human subjects in the research and providing prospective participants with a legally effective process for informed consent.</p>	

#### Procedure

##### **Purpose:**

Carteret Community College encourages and supports the scholarly endeavors of its students, faculty, and staff, as well as other educational institutions and organizations. The College acknowledges pursuit of scholarly research will often involve the use of human subjects for data collection and analysis. In conducting such research, it is necessary to ensure that the rights and welfare of human subjects are protected, the risks have been considered and minimized, and the potential for benefit must be identified and maximized. For such research, all human subject participation is voluntary and only after provided with a legally effective process for informed consent. Lastly, all research must be conducted in an ethical manner and in compliance with established standards.

##### **Conducting Research for Personal Educational Purposes**

**Note: Persons under the age of 18 are unable to give informed consent and cannot participate in human subjects research without consent from their parent or legal guardian.**

This policy applies to all research activities involving human subjects. All individuals who propose to conduct human subjects research will need to prepare and submit an Application for Research to the Research Review Committee for consideration.

Although not a true IRB, Carteret Community College's Research Review Committee (RRC), consists of five members to include the Director of Institutional Effectiveness, a Research Technician, a representative from Student Services, a faculty member with expertise in scientific research, and a faculty member with expertise in social sciences. The Director of Institutional Effectiveness serves as the chair.

The RRC is responsible for the following:

1. Reviewing those proposals which need to be discussed by the whole committee (exempt or expedited proposals need only be approved or denied by the RRC Chair);
2. Insuring that vulnerable populations, risks to individuals, and risks to the College are properly protected before granting approval for the research to begin;
3. Reviewing copies of informed consent to be given to research participants where applicable;
4. Ensuring that prior approved research projects continue to be updated for review; and

5. Terminating and/or suspending projects when misconduct in research is reported and/or confirmed.

#### **For Researchers Affiliated with the College**

The College supports researchers who have an affiliation with the College and who may be pursuing advanced degrees or seeking to conduct research using Carteret Community College students or employees for publication purposes or other purposes not funded by or sponsored by the College as official College research.

Researchers should submit the Application for Research, which includes the following items, to the Director of Institutional Effectiveness:

1. A brief description of the study, including its purpose and description of the methods used to recruit study subjects;
2. Affirmation from the supervising institution demonstrating approval to conduct the research;
3. A document containing the information that will be sent/read to participants stating the purpose of the research, how the researcher will obtain the informed consent of the research participants, how the welfare of the research subjects will be protected, and whom the participants need to contact with questions regarding the research or with other concerns; and,
4. Projected beginning and ending dates of the research.

In the event the research under consideration is to be conducted by Institutional Effectiveness staff and meets the definition of human subjects research, the research application will be reviewed by the RRC, absent the Director of Institutional Effectiveness to assure appropriate checks and balances.

The following are additional expectations and requirements associated with research requests that propose using Carteret Community College students, faculty, and/or staff as subjects:

1. Subjects' legal rights will be respected and their rights to privacy, dignity, and comfort will be considered in approving proposed research;
2. Risks to subjects, if any, must be reasonable in relation to anticipated benefits and the importance of the knowledge that may result from the proposed research;
3. Adequate provision(s) must be made for all facilities, procedures, and professional attention necessary for the protection of the individual as a research subject;
4. Adequate provisions are to be made for recruiting a subject population that is representative of the population base at the College in terms of demographic representation unless scientifically justified;
5. Research involving human subjects must be conducted by qualified persons and any research specifically involving medical and/or clinical assessments must be conducted by persons specifically qualified for that type of research;
6. Participation by a human subject in research must be voluntary and the right to withdraw at any time must be provided;
7. Information provided to gain human subject consent must be adequate, appropriate, and presented in lay language appropriate to the subject population;
8. All research that involves human subjects must receive approval through a formally constituted review prior to initiating the research or prior to initiating any changes to the research protocol; and
9. Continuing research programs are subject to periodic review by the Research Review Committee. Such review shall be carried out at least once a year.

#### **For Researchers Not Affiliated with the College**

Individuals or groups not affiliated with Carteret Community College who wish to conduct research using Carteret Community College students and/or employees as subjects must submit a request to the Director of Institutional Effectiveness. The Director of Institutional Effectiveness will review the request and, where appropriate, consult with the Research Review Committee to either accept or reject the request. Researchers should submit the following items to the Director of Institutional Effectiveness:

1. A brief description of the study, including its purpose and description of the methods used to recruit study subjects;
2. Affirmation from the supervising institution demonstrating Institutional Review Board (IRB) approval to conduct the research;
3. A document containing the information that will be sent/read to participants stating the purpose of the research, how the researcher will obtain the informed consent of the research participants, how the welfare of the research subjects will be protected, and whom the participants need to contact with questions regarding the research or with other concerns; and,
4. Projected beginning and ending dates of the research.

The Director of Institutional Effectiveness or, when appropriate, the whole RRC will determine the means of notifying potential participants (i.e., email, LSM posting, electronic bulletin board) once a research request has been approved.

The following are additional expectations and requirements associated with research requests that propose using Carteret Community College students, faculty, and/or staff as subjects:

1. Participation of Carteret Community College students, faculty, and/or staff in research using human subjects is strictly voluntary and only after legally effective informed consent is provided. Participants have the right to withdraw at any time;
2. Allowing students, faculty, and/or staff to participate in research studies does not imply a review and/or endorsement of the study by any college employee;
3. The College is not included in any contractual arrangement agreed to between the research sponsor and any Carteret Community College student and/or employee; and
4. The research sponsor must assume all responsibility for the welfare of research participants.

**Definitions:**

**Source:** U.S. Department of Health & Human Services, Office for Human Research Protections, Code of Federal Regulations (2009) Retrieved from <https://www.hhs.gov/ohrp/regulations-and-policy/regulations/45-cfr-46/index.html#46.102>

**Human Subject:** Carteret Community College defines a human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual; or (2) identifiable private information.”

**Research:** “a systematic investigation, testing and evaluating, designed to develop or contribute to generalizable knowledge.” Activities, which meet this definition, constitute research for purposes of this policy, whether or not they are conducted or supported under a program, which is considered research for other purposes.

**Intervention:** “physical procedures by which data are gathered including manipulations of the subject or the subject’s environment that are performed for research purposes.”

**Private Information:** “information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place and information which has been provided for specific purposes by an individual and which the individual can reasonably

expect will not be made public.” Private information must be individually identifiable, that is the identity of the subject is or may readily be ascertained or associated in order to constitute research involving human subjects. Examples of identifiers would include but are not limited to name, social security number, and medical record numbers.

*Exempt from Review* – Research exempt from review includes research conducted in established or commonly accepted educational settings such as the classroom. In classes, students may be assigned to conduct interviews, distribute questionnaires, or engage in participant observations. If the purpose of these activities is solely pedagogical and is not designed to contribute to a body of knowledge, the activities do not meet the definition of research with human subjects. However, classroom research must be supervised by a faculty member, may not include research subjects under the age of 18, and should not involve sensitive, personal, or incriminating topics. Classroom research is viewed as being outside of the federal definition for human subjects research. As such, these projects do not have formal IRB approval and thus may not be presented at local, state, national, or international conferences, published, or used for thesis/dissertation projects. If students believe they may wish to present or publish their work at a future point, they, with the assistance of a faculty member, should seek approval from a properly constituted IRB that meets federal regulations and should follow the steps for approval for researchers affiliated with the college.

*Expedited Review Procedures*: researchers may use an expedited review procedure for research involving no more than minimal risk to participants and for minor changes in research already approved by the Research Review Committee.

*Minimal Risk*: the probability and magnitude of harm or discomfort anticipated in the research are not greater in and of themselves than those ordinarily encountered in daily life.

- As otherwise established pursuant to an agreement as set forth in Subpart B below.

**Subpart B: Modification of Basic Ownership Rights:**

The general provisions for ownership of intellectual property rights set forth in Subpart A shall be modified by the following provisions if any of these provisions is applicable to the situation.

Sponsorship Agreement: The ownership of intellectual property rights in a work created under a sponsorship agreement shall be determined by the terms of the sponsorship agreement. If the sponsorship agreement is silent on the issue of ownership of intellectual property rights, ownership will be deemed to be in the College.

1. Collaborations/Partnerships. Carteret Community College may participate in projects with persons/organizations to meet identified student, citizen, community and industry needs. Ownership rights pursuant to any collaboration or partnership shall be determined by a written agreement. In the absence of a written agreement the College shall be deemed the owner of said project property.
2. Equity Distributions. In any instance in which the College executes an agreement with an individual, corporation or other entity for economic gain using intellectual property owned by the College, the written agreement shall control the distributive share of the proceeds between or among the parties to the agreement. In the absence of such an agreement, the College shall be deemed the sole owner of all such intellectual property used for economic gain by any other individual, corporation, or other entity.

In the event that the faculty member or student

employee chooses to utilize the services of his or her own counsel either in drafting or reviewing said agreements or contracts then the accompanying legal fees shall be the sole responsibility of the person or entity seeking such legal counsel. All legal fees incurred by the College shall be the sole responsibility of the College. Attorneys representing the College shall not provide legal counsel or advice to any party except to the College and represent the interests of the College solely.

5. Failure to Negotiate a Contract or Agreement. The failure of the parties to negotiate and enter into a contract as hereinabove set forth prior to the commencement of work on any of the above enumerated projects shall act as a waiver of the ownership rights of the creator in that portion of the work created prior to the signing of a contract or agreement unless otherwise stated in the written contract or agreement so that the College will be deemed to be the owner.
6. Written Request for Contract or Agreement. Any party desiring to enter into a contract or agreement with the College as hereinabove set out shall make such request in writing outlining the project in sufficient detail so as to enable the College to make an informed decision as to the efficacy and desirability of entering into an agreement or contract for the ownership of the intellectual property anticipated to be created during the subject project. This detail shall include, but is not limited to, a full description of the project, a full description as to the benefits of the project to the College, its students and the community at large, a detailed projected budget for the project and an estimate as to the time of completion and implementation of the project. #### 5.1.14. Social Media Policy

<b>Social Media Policy</b>	
<b>Responsible Division:</b> Office of the President	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 10/9/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>Social Media sites can be effective tools for communications, marketing, and building relationships for college initiatives. The College publishes procedures to help Carteret Community College employees and students understand how CCC College policies apply to communications technologies such as blogs and social networking sites, and to guide employees and students in using social media platforms. The procedures apply to Internet communications about the College, information that the College publishes on hosted websites, and communications delivered via College social media sites such as Facebook, Twitter, YouTube, LinkedIn, Google+ and others.</p> <p>If College employees or students choose to have a social media presence, then they must do so in ways that are both professional and technically secure. This is best accomplished by following the College's policies and procedures, and by understanding and following the Technology Usage Policy. Social media users who work with college related sites must be aware that these types of communications are considered part of the state's Open Records law, which requires that public records be kept for a certain length of time and that they can be made available to the public and news media organizations. The goal is to protect employees and students, and to ensure consistency across departments when incorporating social media into their initiatives.</p> <p>College units and departments are responsible for ensuring that content posted by or on behalf of any unit or department adhere to the College policies and to appropriate federal and state laws. To that end, units and departments must periodically review and comply with the College's Social Media Policy and procedures.</p>	

#### Procedure

If you post on behalf of any official Carteret Community College (CCC) entity (i.e., department, unit, class, group, etc.), the following guidelines must be adhered to in addition to all policies and best practices listed:

1. **Register your site:** Departments or College programs that have a social media presence or would like to start one must contact the Marketing Director to register the site and ensure it meets requirements. The College's Marketing Director will ensure all college social media sites are appropriate and coordinated with other CCC sites and their content. The College's Marketing Director reserves the right to decline a request for a unique page/site. In those cases, the department or program will have the opportunity to post information on the College's main information site(s).
2. **Have a plan:** Departments must consider their messages, audiences and goals, as well as a strategy for keeping information on social media sites up-to-date. The College's Marketing Director can assist and advise with social media planning.
3. **Set up site administrators:** All institutional pages must identify an existing full-time employee who is appointed to be responsible for content. In addition, all sites must have the College's Marketing Director identified as an administrator, with full access to the site

wherever possible. The Marketing Director will not use this access unless something inappropriate needs to be removed, and is not a substitute for regular unit/department review and oversight.

4. **Brand your site appropriately:** Institutional social media sites must include the College logo and other appropriate branding, such as the College's name displayed in Century Gothic font.
5. **Link to other college sites:** Institutional social media sites must link to other institutional sites wherever possible, including the college website and other social media outlets (i.e., Facebook, Instagram, Twitter, LinkedIn, YouTube, Google+, etc.).
6. **Keep the site current:** All institutional sites must be monitored daily and updated at least weekly. Any site that remains dormant for more than four weeks will be rendered inoperable.
7. **Acknowledge who you are:** If you are representing CCC when posting on a social media platform, acknowledge this.
8. **Inform your supervisor:** If you are not the designated site administrator and intend to post comments regularly as a contributor, you must inform your supervisor so that he/she understands and approves of your goals and tactics for use on behalf of CCC.
9. **Protect confidential and proprietary information:** Do not post confidential or proprietary information about Carteret Community College, students, employees, or alumni. Employees must still follow the applicable federal requirements such as FERPA and HIPAA. Adhere to all applicable College privacy and confidentiality policies. Employees that share confidential information do so at the risk of disciplinary action or termination.
10. **Respect copyright and fair use:** When posting, follow copyright and intellectual property rights of others and of the College.
11. **Do not use Carteret Community College logos for endorsements:** Do not use the Carteret Community College logo or any other College images or iconography on personal social media sites. Do not use Carteret Community College's name to promote a product, cause, political party or candidate.
12. **Respect College time and property:** College computers and time on the job are reserved for college related business as approved by supervisors.
13. **Terms of Service:** Obey the Terms of Service of any social media platform employed.
14. **Protect the institutional voice:** Posts on social media sites must protect the College's institutional voice by remaining professional in tone and in good taste. No departments will post for the College as a whole. Consider this when naming pages or accounts, selecting a profile picture or icon, and selecting content to post – names, profile images, and posts must all be clearly linked to the particular department or unit rather than to the institution as a whole.

#### BEST PRACTICES:

1. **Think twice before posting:** Privacy does not exist in the world of social media. Consider what could happen if a post becomes widely known and how that may reflect on both the author and the College. If you would not say it at a conference or to a member of the news media, then reconsider whether you should post it online.
2. **Strive for accuracy:** Get the facts straight before posting them on social media. Review content for grammatical and spelling errors.
3. **Be respectful:** Understand that content contributed to a social media site could encourage comments or discussion of opposing ideas. Responses should be considered carefully in light of how they would reflect on the author and/or the College and its institutional voice.
4. **Remember your audience:** Be aware that social media presence can be made available to the public at large. This includes prospective students, current students, current employees and colleagues, and peers. Consider this before publishing to ensure the post will not alienate, harm, or negatively affect any of these groups.

5. **On personal sites:** Identify your view as your own. If you identify yourself as a Carteret Community College faculty or staff member online, it should be clear that the views expressed are not necessarily those of the institution.
6. **Photography:** Photographs posted on social media sites can be appropriated easily by visitors. Consider adding a watermark and/or posting images at 72 dpi and approximately 800x600 resolutions to protect your intellectual property. Images of that size are sufficient for viewing on the web, but not suitable for printing.

<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>The governing Board of Carteret Community College (through General Statutes of North Carolina, State Board policies, and self-assumed responsibilities) is acutely aware of the community's expectation and demand for fiscal responsibility--that this fiscal responsibility is achieved by providing, controlling, and administering College funds in such a manner that the College's established goals are attained and a high level of professionalism is exemplified.</p> <p>The financial resources of the College are one of the major determinants of quality educational programs. Not only must the total income of the College be sufficient to provide programs of optimum quality, but also the income must also be managed effectively. Sound business management is a legal and professional obligation, and the wise use of financial resources through careful budget preparation and proper management controls for all physical and fiscal assets of the College is required.</p> <p>The President is authorized to direct the financial management of the College in accordance with all appropriate federal, state and local laws, regulations, and guidelines for the effective and efficient management and operation of the College.</p> <p>The President or a designee shall also distribute the monies received to operate the College in a way that will allow the College to function in the most effective and efficient manner.</p>	

**Procedure**

The General Statutes of North Carolina, Chapter 115-D-31 and 115-D-32, provides the legal basis for community college fiscal obligations. In effect, the general welfare of the State and of Carteret County is the fiscal reservoir that determines the financial stability of Carteret Community College.

The financial functions are centralized under the Division of Finance and Administrative Services and the Chief Financial Officer is the Vice President for Finance and Administrative Services. The Vice President reports to the college President. The business and financial functions are centralized under a single business officer responsible to the President. Budget preparation and control, the accounting and reporting system and all other related areas are under the direct supervision of the Vice President for Finance and Administrative Services at Carteret Community College. The College may use state funds to contract with the North Carolina State Auditor or with a certified public accountant to perform the audit. The College shall submit the results of the audit to the State Board. The audit provides assurances that departments are complying with internal and external policies, procedures and regulations as well as verifying that financial statements and required reporting is completed in a timely and accurate manner. The objective of a financial statement audit is to determine whether an agency's financial statements are fairly presented. The audit does not determine with absolute certainty that the financial statements are totally correct. Rather, the audit provides reasonable assurance that the financial statements are not wrong by an amount so large that it would mislead someone using them to make an important decision about the organization's financial situation.</p> <p>Additionally, all state fund reports are submitted monthly to the North Carolina Community College System's finance office. These reports are reviewed and reconciled prior to the release of state funds for the subsequent months.</p> <p>Nothing herein would prohibit the President from requesting a special audit of the College's accounting records by an outside agency. <b>Fiscal Year and Budgeting Policy</b>

The Vice President of Finance and Administrative Services and the College President shall also submit to the Carteret County Commissioners for their approval that portion of the budget within the Commissioners' authority.</p> <p>Upon final approval by the State Board and Commissioners, the Board of Trustees shall adopt its budget. In the event that the budget has not been adopted by the new fiscal year beginning on July 1, the Board hereby authorizes the President to pay salaries and the College's other ordinary operating expenses for the interval between the beginning of the new fiscal year and the adoption of the budget.</p> <p>The Vice President of Finance and Administrative Services shall prepare and submit expenditure reports and financial statements to the Board of Trustees and state and county agencies as required.</p>	

**Procedure**

Budgets of all institutions within the North Carolina Community College System have basic elements of composition and are subject to statutory guidelines which place the freedom of budgetary management on a rather precise scale of operation. Within the guidelines alluded to, the management of the budget is as follows:

**State Budget**

Generation of State Budget Revenues - Funds are provided by the state for current operating expenditures which fund administrative and instructional salaries, and related other expenses such as travel, supplies, dues, repairs to equipment, subscriptions and other expenses incurred by administrative or instructional programs. Capital funds are also provided for by the State for equipment and books. Funds for both current operating and capital, are determined by formula and based upon the previous year's average of fall, and spring curriculum enrollments and the previous year's average of fall, spring, and summer continuing education (Division of Corporate and Community Education) enrollment. If enrollment has not remained the same or increased, then a rolling 2-year average is used from the prior 2 years. Special allotments are provided for and funded through the State but appropriated more specifically, such as Small Business Center funds and Tech Prep funds. These funds are referred to as Categoricals and are restricted to be used for these specific purposes

Budget Funding Restrictions - The State has certain requirements that must be considered when distributing these budgets to CCC's various programs. The distribution of State current operating funds are based upon whether or not they are "Instructional Support" (i.e., non-instructional) or "Instructional" funds. Instructional Support funds are provided for the following departments: President's Office, Vice Presidents, Finance Office, Student Enrollment Resources, Learning Resource Center, Academic Support Services, Corporate and Community Education Support Staff, and other General Institution support functions. The second category of current operating funds is "Instructional" funds. This includes both curriculum and non-curriculum funds. Some funds are restricted to specific functions such as Basic Skills Programs. The state also distributes current expense funds by salary and other cost criteria.

Budgeting State Funds by Carteret Community College - On February 1 of each year the Vice President of Finance and Administrative Services initiates the budget planning process. A slightly different planning process is applied for each of the State Budget's components which are Personnel, Other Expenses, and Equipment.

### **Human Resources**

The Executive Assistant to the Vice President of Finance and Administrative Services maintains a master employee list of all permanent, part-time and full-time, positions. The Director of Human Resources is responsible for maintaining records, employment agreements and contracts related to all employees of the college. Each June, the Director of Human Resources reviews and verifies the permanent employee listing and identifies changes for the upcoming fiscal year. Decisions on new permanent personnel are made by the College's Executive Leadership Team after the appropriate budgets are received. For example, decisions on new positions that are paid from local funds are made following the receipt of the County budget for the upcoming fiscal year. The County budget is generally received in June while the State budget is generally received in the Fall. New positions may be recruited as "subject to availability of funding" but new positions are not finalized until the college receives the actual budget.

Requests for new positions are reviewed and approved by the Executive Leadership Team, which consists of the President and the Vice Presidents. A job description must be developed by the hiring manager and ranked to determine the salary range by the Director of Human Resources. The leadership team reviews the job description, the projected cost of the position, and the justification of need for the position in June. The position may be approved contingent on funding, but the position is not filled until the college is certain that budget funds are available. The leadership team also reviews requests for position changes and salary upgrades in June and approves upgrades contingent upon funding. Generally upgraded salaries are paid retroactive to July 1, but not finalized until budget funds are available.

### **Other Costs**

Other costs are those items that are not personnel or equipment. Major other cost line-items include: travel, supplies and materials, repairs to equipment, subscriptions, audio-visual materials, advertising, and dues.

The college uses the administrative Colleague Computer Information System to prepare other costs budget requests. The Executive Assistant to the Vice President of Finance and Administrative Services sets up the Budget Management module in Colleague in early Spring each year so that budget managers can input their other cost budget requests, for the upcoming fiscal year, by late Spring. Final other cost budget allocations are made by the Executive Leadership Team once the State budget is received. Generally, the State budget is not received until early Fall and in the interim, the budget managers are given an interim budget for other costs. The budget management system allows budget managers to input justifications for their other cost budget requests and the Executive Leadership Team uses the justifications to allocate other cost budgets.

**Equipment – [HOLD]****County Funds/Budget**

Definition and Budget Formulation - The county budget (sometimes referred to as "Local") provides for physical plant upkeep and care, physical plant operating costs and local administrative expenditures. Some other current costs such as trustee financial support are also appropriate activities supported by the county current expense budget. The items that utilize the majority of these funds are salaries and utility costs.

County capital support primarily involves physical plant additions, renovations or related costs. Local equipment purchases such as vehicles, tractors, energy management equipment and other related costs are appropriate charges to the capital support portion of the county budget.

The Vice President of Finance and Administrative Services coordinates the annual budget preparation with appropriate personnel and seeks input from the various components of the College in generating the county budget in late winter and early spring. Upon concurrence by the President of the College, the county budget is presented to the College's Board of Trustees in early spring. The Board of Trustees approves the county budget request for submission to the Carteret County Board of Commissioners by the Commissioner's requested deadline (generally late March/early April). Once the Board receives the approved funding level from the Commissioners, the Trustees then approve the county budget as a part of the College's annual budget resolution.

**Institutional Funds**

Institutional Funds are all other funds except State and County. Some funds included within this fund group include most grants (College Work-Study, PELL, WIOA, etc.), proprietary funds (Bookstore, Food Service, Vending, etc.), loan funds and construction fund grants. Once the Board receives the approved funding level for funds within this group as compiled by the Vice President for Finance and Administrative Services, the Board of Trustees then approves the institutional budget as a part of the College's annual budget resolution.

**Management and Control of Budgets**

The President and the Vice President of Finance and Administrative Services exercise administrative authority of the distribution and use of County and Institutional funds. The Executive Leadership Team exercises administrative authority of the distribution and use of State funds. Once the annual budget resolution has been approved by the Board of Trustees, the Executive Leadership Team allocates budget other costs and part-time salary monies to departments. Each department has a budget manager who is responsible for managing other cost budget expenditures after the Executive Leadership Team approves budget allocations. The budget manager is generally a Dean, a Chair or an administrative or support department head and they have authority to manage budget transfers within their department's other cost line items. Budget transfers within functions (at the general ledger purpose code level) are approved by the appropriate Vice President with final approval by the Vice President of Finance and Administrative Services. Throughout a budget year, conditions might change for a variety of reasons and adjustments might have to be made to accommodate changes (for example, the State of NC may evaluate receipts during the year and determine that a required reversion of budget funds is necessary). If changes need to be made to budget allocations, the Executive Leadership Team is responsible for recommending changes.

**Reporting**

Budget Managers and Vice Presidents access budget reports via WebAdvisor. The Executive Assistant to the Vice President of Finance and Administrative Services, sets up appropriate access for each manager to view their budget, trains Budget Managers on how to view their reports, and sends customized financial reports to them as needed.

Annually, by September 30, the Finance Office prepares comprehensive financial statements in accordance with guidelines set out by the N.C. Department of State Auditors and the N.C. State Controller's Office. These statements include all funds that the College controls through its Board of Trustees. Copies of these statements are sent to the Office of the State Controller and the State Auditor. The Carteret Community College Foundation has financial statements prepared annually by a private CPA firm. The Foundation falls under the direct supervision of the College President and the Executive Director of the Foundation.

**Auditing**

An annual audit concerning the State, County, and Institutional funds received and expended by the College is performed by the staff of the State Auditor. A copy of the report goes to the President of the College, the Chairman of the Board of Trustees, the Chairman of the County Commissioners, and the President of the Community College system. Other independent audits may be ordered by specific agencies, boards, or individuals as stipulated by North Carolina Statutes.

<p><b><u>Student Debt Collection</u></b></p> <p>Tuition and fees for all College students are due and payable prior to the beginning of each term. A student's registration will be subject to cancellation when prior term, past due charges have not been resolved before the current term. In addition, transcripts and diplomas may be withheld until outstanding balances are paid.</p> <p>Students who leave the College with unpaid balances are subject to collection actions. These actions will begin with a letter reminding the student of the unpaid debt and encouraging immediate payment, payment arrangements or other action to resolve the debt and avoid additional actions. If the student fails to respond satisfactorily, a final letter will be sent. Next steps include referral to actions pursuant to the NC State Offset Debt Collection Act ("SODCA") and the NC State Employee Debt Collection Act ("SEDCA"), when applicable.</p> <p>Uncollected student debts will NOT be written off and expensed as bad debt except in the case of death of the student.</p> <p>The President is hereby authorized to develop procedures consistent with this Policy.</p> <p><b><u>Non-Student Debt Collection</u></b></p> <p>Accounts receivable or uncollected billings that may be submitted for collection include, but are not limited to: salary overpayments, contract work completed by the College for which the College has not received payment, fees owed to the College, deposited checks returned unpaid for insufficient funds, and nonpayment for goods or services purchased from the College.</p> <p>The President is hereby authorized to develop procedures consistent with this Policy.</p>	

**Procedure****Student Debt Collection**

The following Procedures shall be used for student debt collection:

1. As charges become past due, the student will be informed regarding holds impacting future registrations, transcripts, and diplomas. Such holds remain in place until the past due amount is resolved.
2. Standard First Letter: A standard first letter is sent to each party notifying them of their indebtedness to the College. They are informed of how the indebtedness occurred (i.e.

- returned check, etc.) and instructed how and when to settle the balance due. They are given a due date by which to respond.
3. **Standard Second Letter:** A standard second letter is sent, two weeks after the first letter, in a final attempt to reach a resolution with the indebted party. They are given a due date by which to respond. If no response is received, further collection efforts are followed, as described in #4 below.
  4. A file is submitted to the NC Department of Revenue Set-Off Debt Unit for debts \$50.00 and above. This is in accordance with G.S. Chapter 105A of the North Carolina General Statutes, Set-Off Debt Collection Act.

### **Non-Student Debt Collection**

#### **1. Age of Accounts and Collections of Past Due Billings**

*1-30 days past due:* In the above example, this period is from May 1 to May 30. The account is considered 30 days past due after May 30. The College will mail the first past-due letter (demand letter) to the debtor; make phone contact; and receive a promise to pay.

*31-60 days past due:* In the above example, this period is from May 31 to June 29. The account is considered 60 days past due after June 29. The College will mail the second and final demand letter to the debtor and send a confirmation letter for repayment.

#### **2. Assessment of Late Fees**

- A. If after thirty (30) days, there is no satisfactory response to the letter, the College may apply a one-time late payment penalty fee of ten percent (10%) of the balance due (rounded to the nearest whole dollar).
- B. Once the College is notified of a returned check, a \$25.00 fee (N.C.G.S. § 25-3-506) is applied to the account.

#### **3. Collection Techniques.**

##### **A. Returned Checks**

- 2) A standard second letter is sent, two weeks after the first letter, in a final attempt to reach a resolution with the indebted party. They are given a due date by which to respond. If no response is received, further collection efforts are followed, as described in #3 and #4 below.

### 7.1.16. Travel and Allowances Policy

<b>Travel and Allowances Policy</b>	
<b>Responsible Division:</b> Administrative Services	<b>Citation:</b> N.C. Gen. Stat. §138-6
<b>Signature/ Date Approved:</b> Board of Trustees 10/9/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>Pursuant to N.C. Gen. Stat. § 138-6, College employees may be granted permission to travel for college-related purposes and be reimbursed for incurred cost of transportation, food, and lodging expense, subject to State of North Carolina regulations and limitations and the following guidelines:</p> <ul style="list-style-type: none"> <li>• The College operates under the travel guidelines published in Section II of the Accounting Procedures Manual of the North Carolina Community College System for all travel regardless of the source of funding.</li> <li>• State regulations require that all travel be reimbursed within 30 days of completion of the travel or June 30, whichever comes first. Failure to submit a timely request may result in non-reimbursement.</li> <li>• Standard reimbursements for expenses shall be based on the rates as then set by N.C. Gen. Stat. §138-6.</li> <li>• All travel must be approved in advance by completing a Travel Authorization Form and obtaining the required signatures.</li> <li>• Travel for students participating in student organization activities must be paid from non-state funds. Students may only be paid from state funds if traveling on official college business.</li> <li>• Travel forms are found on the College's SharePoint intranet. Current mileage rates and subsistence rates are contained within the Request for Travel Reimbursement form.</li> <li>• Mileage reimbursement will only be issued to employees for the use of their personal vehicle for travel if there was no college vehicle available for their use or the use of a personal vehicle was for the convenience of the college, not the employee. Exceptions to this policy would include such situations as employee driving limitations without specially equipped personal vehicles, travel which involves an extended period of time, etc.</li> </ul> <p><b><u>Blanket Authorization for all others, excluding college President</u></b></p> <p>A blanket authorization form may be completed and approval secured annually. The blanket travel authorization form must be approved prior to departure for all routine local travel.</p> <p><b><u>Travel Authorization</u></b></p> <p>A travel authorization form must be completed and approved for all travel not covered under a Blanket Authorization. The travel must involve a travel destination located at least 35 miles from the employee's regularly assigned duty station or home, whichever is closest to the destination, to request reimbursement for lodging. The travel authorization form must secure approval by the College President or one of his designees (currently the Vice President of the employee's division or Director of the Foundation for Foundation employees) for all trips prior to departure, regardless if traveling in a college owned or privately-owned vehicle.</p>	

**Travel Advances for Occasional Travel**

At the discretion of the College President or his/her designee, an advance of funds which does not exceed the estimated travel expenses indicated on the approved travel authorization form may be issued (posted to the general ledger) to an employee no more than five working days prior to the date of departure. All advances must be deducted from the employee's next travel reimbursement (not to exceed 30 days after the travel period has ended, as reflected on the approved travel authorization) or no later than June 30, whichever comes first. Reconciliation of all advances with actual expenses must be completed by June 30, by submitting a separate Request for Travel Reimbursement Form listing advances and actual expenses for each trip and attaching all required receipts.

**Definition of Terms:**

Blanket Authorization for all others, excluding college President – A travel approval form necessary to conduct College business on a local routine basis (i.e. clinicals, travel to local sites, etc.)

Travel Authorization - A travel approval form necessary to conduct college business that is not on a routine basis and/or outside of the local area.

Employee Responsibility - An employee traveling on official college business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, circuitous routes, delays, or luxury accommodations and services unnecessary, unjustified, or for the convenience or personal preference of the employee in the performance of official college business are prohibited.

**Procedure**

The College encourages professional development for all full-time employees. Travel incurred on direct behalf of the College is supported based on the travel policies of the State of North Carolina.

Travel is classified into three categories:

- Local – in and around county
- In-State
- Out-of-State

Local travel involves all travel within Carteret County. Mileage of this type is kept on a daily local travel log for purposes of reimbursement. Reimbursement for local travel is normally not made unless the individual is responsible for activities which are off campus on a regular basis and a college vehicle was not available for their use.

In-state travel is that travel incurred within the confines of the State of North Carolina. Before one is authorized to travel and incur overnight lodging expenses within the State, a Travel Authorization Form must be completed. Travel expenses are submitted on a Request for Travel Reimbursement form.

Out-of-state travel is that travel incurred outside the borders of North Carolina. Prior approval by the President or his designee is required before the actual out-of-state travel is incurred. The special out-of-state approval is recorded on a Travel Authorization Form. Out-of-state travel expenses are reported on the same form as in-state travel.

### **Travel Advance Requests**

Requests for the college to pay vendors directly, for travel expenses associated with lodging, registration, airfare, rental car, etc. in advance of an employee's trip, should be submitted at least 30 days prior to the date of departure to ensure that the Business Office is able to fulfill the request in a timely manner.

### **Approval for Travel**

Prior proper approval of travel is required whether or not an employee intends to be reimbursed for expenses. Actual processing for advance or reimbursement purposes will not occur without a travel approval. The appropriate supervisor must sign the travel reimbursement form submitted to the Business Office.

Travel excess for lodging will not be approved unless:

- Lodging is incurred at the actual meeting site and the site is selected by other than college officials; and
- Alternative lodging is not available within the immediate area which is the current State rates for lodging

When excess lodging is requested, documentation must be provided to satisfy the requirements listed above. When registration is requested, registration materials must be attached to the travel request.

### **Travel and Subsistence**

The State mandated rules and regulations regarding travel, subsistence, and registration, change yearly. The regulations will be updated each year.

### **College Vehicles**

College employees are expected to use college vehicles for automobile travel whenever one is available. Mileage will not be reimbursed for employees who choose to use personal vehicles when a college vehicle is available. The exceptions to this rule are (1) the employee has a specially adapted vehicle and is physically unable to use a college vehicle, and (2) when use of a personal vehicle is in the best interest of the college (e.g. the duration of the trip is such that taking a college vehicle out of circulation for that period of time would be a hardship on other departments), in which case the employee must have prior approval from the Vice President of Finance and Administrative Services. Employees using college vehicles must adhere to the following:

- When college vehicles are used, they should be returned to the parking spaces that are located on the south end of the Rhue Maintenance building by Shipping and Receiving.
- The laminated instruction sheet located in all of the college's vehicles SHOULD NOT be removed. If it is necessary to move the sheet to fill out the Travel log, it should be replaced on top of that sheet, and not placed inside the clipboard. These instructions are for everyone's reference, and it needs to be visible. Please check this before you exit the vehicle.
- Employees are asked to turn off the radio when turning in the vehicle after use. Please check this before exiting the vehicle.
- Gas receipts must be turned in to the Plant Operations Coordinator upon returning the vehicle.

### **Travel Requests**

It is the responsibility of each employee to correctly complete his/her own request for travel reimbursement. Such requests should be forwarded to the Executive Assistant to the Vice President of Finance and Administrative Services by the 10th of the month following the month in which the travel took place. (Example: Forward by September 10 reimbursement requests for travel which took place between August 1 and August 31, inclusive). Late travel requests will be processed the following month. It should be noted that filing for travel reimbursement for travel that took place in excess of two months prior to the filing day may result in non-payment.

Requests for travel reimbursement will only be processed when the following requirements have been met:

- The computerized Request for Travel Reimbursement forms have been properly completed.
- Such forms have been signed by the traveling employee and appropriate approval secured.
- Computations have been checked and found accurate.
- Required receipts have been stapled to each "Request for Travel Reimbursement" form.
- Travel Authorization form has been attached.
- Departure and arrival times have been noted on the request for Travel Reimbursement form.

Carteret Community College is responsible for the proper use of its computers, technology, and computer information systems. These systems are used by administrators, staff, students, and faculty to facilitate the performance of their duties. These duties include, but are not limited to: data entry and retrieval of student, administrative, and operational records; records maintenance; report preparation; and administrative planning. It is necessary to establish policies and procedures to insure that the systems are used in the most efficient, effective, and productive ways possible while providing protection for the integrity of the data, software and hardware.

The Vice President for Finance and Administrative Services and the Director of Information Technology are responsible for maintaining the technology system software and hardware and for monitoring the proper use of the computer information systems and technology resources. All college employees are also responsible for using the computing systems and technological resources of the College properly and for maintaining the security of these systems. The College's technology systems include technology hardware, electronic mail and other forms of electronic communications, Internet access and use of computing devices. As the owner of property and services, the College has the right to monitor activities and to access information on the College's technology systems stored, sent, created or received by faculty, staff and students. Any individual using the College's technology systems should not expect individual privacy in their use of the technology systems including, but not limited to, the use of the College's electronic mail system.

When using the College's technology systems, all users shall adhere to the College's information technology policies and procedures.

#### **PUBLIC AND CONFIDENTIAL RECORDS**

Unless otherwise confidential by law, records generated using the College's technology systems are considered public records and must be maintained as public records pursuant to the College's policies and procedures. Student education records and certain personnel information are protected by law and are confidential.

#### **EMPLOYEE USE OF TECHNOLOGY SERVICES**

Employees using Carteret Community College's technology hardware, software, or systems should adhere to the following guidelines:

1. Employees shall adhere to the Technology Acceptable Use Policy.
2. All computing devices, including portable computing devices such as laptops or tablets, shall:
  - A. Use encryption or other measures to protect confidential information, including personal information, from unauthorized disclosure;
  - B. Be labeled identifying the device as the College's property; and
  - C. Be used in compliance with all applicable security requirements for the College's computers.
3. The College's mobile technology equipment, such as laptops and tablets, may be assigned, loaned and/or used at home by College personnel provided:
  - A. Use of the equipment at home will not interfere with the College's operational needs;
  - B. Supervisor approval; and
  - C. Personnel return items to campus upon request for system maintenance, upgrades, inventory, and verification.
4. The College's Information Technology Department ("IT") maintains all of the College's technology equipment. Under no circumstances shall anyone not so authorized attempt to repair any College-owned equipment or install or remove software on computers assigned for employee use. Faculty may make temporary adjustments to software on classroom computers as needed for instruction. IT does not support the use and setup of the College's technology equipment on Internet, network and computing resources that are not owned and maintained by the College.
5. The College recognizes that employees may occasionally receive personal email on College computers, use College equipment to complete an online course and for other personal reasons. Personal use of College computers and equipment is acceptable provided that employees adhere to the following:

  - L. Equipment is not used for private or personal for-profit activities. This includes personal use for marketing or business transactions, advertising of products or services, or any other activity intended to foster personal gain. Employees may not use College equipment or information resources in pursuit of private businesses operated by the employee or in pursuit of work for other agencies, colleges or businesses.

**Abuse, damage, and theft**

Any employee or student who willfully abuses, damages, steals, or otherwise renders inoperable any Carteret Community College computer, multimedia or related equipment, network or software, or uses such items for illegal purposes, will be disciplined under the appropriate policies and procedure.

**Software Installation**

Only software owned and licensed by Carteret Community College or software which carries a public license, may be installed on College computers. Only IT staff may install such software. Demonstration software downloaded from the Internet will be allowed only on employee or classroom presentation computers and must be removed by IT staff after the demonstration is complete.

**Bandwidth Capacity**

Bandwidth capacity is the ability to transmit data from one computer to another within a network, to the Internet, or from the Internet. Users should understand that abuse of the network may compromise the system's resources. Using the Internet for receiving radio broadcasts or streaming media, downloading files or sending large files may be detrimental to network performance; therefore, such activities should be limited to institutional purposes. IT staff can temporarily restrict Internet access of devices which appear to be abusing network bandwidth. Users should consult the IT Helpdesk for guidance in these areas and what constitutes an inordinate use of bandwidth.

**Technology Selection and Purchasing**

Carteret Community College IT Department will assist faculty and staff in selecting the appropriate computer hardware, software, or telecommunications equipment. The Director of Information Technology is responsible for final approval of the technical standards and compatibility of all new equipment, hardware, and software, and must approve all applicable purchase requisitions before approval by the respective Vice President or President.

**Vendors and Contractors**

The purpose of this subsection is to define procedures for allowing vendors and contractors (herein referred to as vendors) access to Carteret Community College Information Technology (IT) resources, network systems, or computer systems. As a general principle, such access will only be granted as required, will be extremely restrictive, and will be carefully monitored.

This section applies to all persons or companies with whom the College has contracted to provide a service involving IT resources including hardware, software, and operating system vendors. Such service includes all of the IT tools and protocols used for network and server management (e.g., computers, servers, routers, hubs, firewalls, switches, and interconnecting cables).

Vendors must comply with all applicable Carteret Community College policies and procedures including established safety procedures. The Director of Information Technology will be responsible for coordinating all work performed by vendors on any of the above referenced systems and for providing the vendor with a Carteret Community College IT staff member who will be primary point of contact for the vendor.

Vendors shall not divulge, copy, release, loan, sell, review, alter, or destroy any college owned data, equipment, or software except as properly authorized by the College. Vendors may be asked to sign a confidentiality statement prior to doing work for the College.

To accomplish a given task, the vendor will be given the lowest security privilege required. Generally, a vendor will not be given system administrator privileges or their equivalent and such access will be granted for a defined and short duration, usually the length of time required to address a specific support incident. If vendor is given access to an account that is shared among IT staff, the password for the account will be changed after the vendor completes the work. On completion of the task, access will be disabled.

Prior to granting vendor access for software installations or upgrades, the process will be reviewed by the appropriate IT system administrator. After a vendor has installed or upgraded a product or system, the responsible IT system administrator will review the system to ensure that it is functioning properly. To the extent possible, the activities of a vendor will be monitored by Carteret Community College IT personnel.

Violations of any provisions of this policy will be dealt with in the same manner as with other external vendors.

### 7.3.3. Naming and Recognition for Significant Contributions Policy

<b>Naming and Recognition for Significant Contributions Policy</b>	
<b>Responsible Division:</b> Office of the President	<b>Citation:</b> NA
<b>Signature/ Date Approved:</b> Board of Trustees 12/4/2018	
<b>EFFECTIVE NOVEMBER 1, 2018</b>	
<p>The authority for naming buildings or other facilities as well as providing significant, permanent recognition through plaques, physical memorials, or other means rests solely with the Board of Trustees. This policy includes donations made to the College Foundation for the purpose of establishing endowments for faculty positions, buildings/facilities, or ongoing, permanent program support. This policy does not include endowments made to the Foundation for student scholarships or for direct student support.</p> <p>Buildings may be named to recognize individuals or organizations that have made a significant contribution to the College or its mission. This contribution may be in the form of donations of significant financial or capital resources or through outstanding service to the College or dedication and commitment to its goals. The Board shall also consider the impact on the image and reputation of the College by its association with the person or organization selected for this recognition.</p> <p>At its discretion, the Board may also consider assigning names of individuals whose local, state, or national leadership is of such stature to warrant this honor. Until the Board determines the name of a building, its function, location, or other generally recognized feature will be used. <u>It will require a positive vote of 75 percent of the Board members present at the final reading to name a building.</u></p> <p>Carteret Community College and the Carteret Community College Foundation, Inc., reserve the right to terminate the naming rights of a building, property, or major academic units should it be determined that the continued use of this name compromises the public's trust or image of the college in the event the organization or donor's name is tarnished due to criminal acts or unethical behavior, or if the organization or donor does not perform obligations specified in the gift agreement.</p> <p><b>Definitions of terms:</b></p> <p>Major Academic Units: departments, classrooms, labs, gardens, or any other area determined by the President.</p> <p>Property: Any campus structure, street, landmark, or subpart thereof, or any other physical improvement owned or operated by the college or foundation.</p>	

#### Procedure

1. Potential nominations for naming buildings, parts of buildings, or memorials will be made to the College president or Chair of the Board of Trustees. Such potential nominations should be accompanied by a brief explanation of why this person or organization should receive this recognition. All potential nominations are to be held in strictest confidence.

2. If the Chair determines that there is sufficient interest of the members of the Board to consider this person or organization, the Chair shall charge the Building and Grounds Committee to use whatever means it deems appropriate to determine whether this proposed action is in the best long-term interest of the College and whether the contribution of the individual or organization is of such significance to warrant this action. As a guide, the Committee should consider the following:
  - a. Significant donation of financial or capital resources. The College Foundation will prepare and periodically update a recommended guide to determine the level of significance of a financial or capital donation. A prepared “naming opportunities” list may be used to give donors an idea of available items.
  - b. Commitment to the mission of the College and dedication to its purpose and goals. The committee will seek supporting documentation or testimony from any individual or group necessary to determine the significance of this person or organization’s contribution.
  - c. The character of the person or the mission and image of the organization.
  - d. Because of the nature of these discussions, all deliberations of the Committee will be “Closed Sessions.” Also, all documentation and testimony will be kept in strictest confidence.
3. Because the decision to name a building or provide other permanent recognition involves discussion of finances, the character of individuals, and the work, mission, and image of corporations, the Committee will make its recommendation to the Board at a regular meeting in Closed Session.
4. If the Board determines that there is not sufficient evidence to support this action, no further action will be taken. The Board minutes will reflect that the Board came out of Closed Session and no recommendation or action was taken.
5. If the Board determines that there is sufficient evidence and support to consider this action, the Board will come out of Closed Session and vote to consider this person or organization for this specific naming or recognition.
6. The Board will vote whether to officially assign this name to this facility at its next regular meeting. The Board will not vote to name a building or facility at the same meeting in which the Board votes to consider it.
7. The Buildings and Grounds Committee of the Board will make arrangements for a commemorative plaque and dedication ceremony as appropriate.

**Procedure**

1. It will be the responsibility of the appropriate Vice President:
  - a. to ensure that the purpose of the grant does not conflict with any aspect of the College's stated purpose;
  - b. to ensure that the College can safeguard its right to control its own activities based on the regulations imposed by the funding agency;
  - c. to ensure that general institutional activities are not endangered by the acquisition of the grant; and
  - d. to ensure that the institution does not become dependent on grant funds to support its regular operating budget.
2. College faculty and staff who wish to apply for external support for a program, activity, or project to be carried out under the guidance of the College should obtain approval for this grant application prior to submitting proposals. The individual should complete the Grant Proposal Efficacy Assessment and Grant Application Approval Form and forward a copy to the Grants Coordinator for review.
3. Any applications for grants which contain salary requests—either for existing personnel, for employment beyond the contract period such as summer employment, or the hiring of new personnel—must be approved by the appropriate Vice President prior to submission to the funding agency.
4. The administration will assist any employee seeking external funding following approval of the grant concept by the appropriate Vice President.
5. Prior to submitting a proposal to the funding agency, a Grant Proposal Efficacy Assessment and Grant Proposal Approval Form (see CCC Intranet) should be completed and filed along with a final copy of the proposal with the Grants Coordinator.
6. All fiscal accounting for the grant must be handled by the College's existing accounting office using standard accounting practice and audited annually by the state of North Carolina. The College's existing purchasing regulations must be followed for all supplies and equipment bought with grant funds.
7. The grant recipient is responsible for any evaluation, follow-up, or continuation applications required by the funding agency. Any changes that occur in the plan of operation after the grant is funded should be made known to and approved by the appropriate Vice President and the CCC Foundation copied
